

G. T. P. OFFICIALS ARRIVED LAST NIGHT

Came in on Special After Inspection of Completed Road

Chief G. T. P. Engineer B. B. Keliher, accompanied by Assistant Chief Engineer Wood, Division Engineer C. C. Van Arsdol, General Superintendent W. C. C. Mehan and Contractor J. W. Stewart, arrived in the city by special train last evening at 10 o'clock. They have just completed an inspection of the line prior to its opening for through traffic. The work is now practically completed, only some permanent bridge work and tunnel lining having to be finished. The road is ready for traffic and while there has been only one lift of ballast put on that is sufficient to keep the roadbed in good shape for a year at least.

BOARD OF TRADE WANT RUPERT BACK

A few days ago the executive of the Board of Trade authorized President G. R. Naden to wire Premier Borden requesting that the Dominion Government guarantee the war risk on the G. T. P. steamer Prince Rupert in order that she may be put back on the Rupert run. The Board pointed out that the cutting out of this boat leaves the city without sufficient service to the district coast ports.

The Premier replied by wire that he had turned the request over to the Minister of Trade and Commerce to report on.

SHORTAGE OF FLOUR

London, August 28.—The Rotterdam correspondent of The Daily Telegraph says that because of a shortage of flour the bakers in Rotterdam are making bread composed of equal parts of flour and potato. The mixture is palatable.

VISITOR TO BRITAIN ARRIVES IN RUPERT

In Glasgow When Was Was Declared—Tells of Enthusiasm of the People

Mr. W. J. Ledlie, the popular member of the Land Registry office staff, has just returned from a three months' holiday to Auld Ireland. He left here on the 6th of June and after touring the chief American and Canadian centres visited his old home in Ireland which he had not seen for eight years.

He was in Glasgow when war was declared and tells of the enthusiasm displayed by the people in taking up arms. Several days before the official mobilization took place crowds thronged the military headquarters offering their services. The people of Britain are united as never before in demanding that Germany be crushed.

NOTICE TO THE PUBLIC

This is to warn the public that patent is now pending for a patent on a coil I am installing in kitchen stoves and ranges, and anyone installing such coil or infringement on said coil, or any one having this installed, will be subject to be sued for damages upon my receiving patent papers.

Price until September 15th will be \$15.00. The Reliable Plumber, HARRY HANSON, Phone 489.

VANCOUVER DETECTIVE SHOT

Special to THE NEWS) Vancouver, August 28.—Detective Lewis was shot in the pit of the stomach with a shot gun held a few feet from him.

He was shot while attempting to arrest a man wanted in connection with a stabbing affray earlier in the evening. Lewis condition is serious and will probably be fatal.

APPROVES OF ACTION

(Special to THE NEWS)

London, August 28.—The London Economist, one of the leading British financial journals, strictly approves of the United States Government's action in refusing a loan to France, saying that if that were permitted, it would also be permissible to float a German loan, thereby prolonging the European war.

London, August 28.—A German cruiser, according to report, has been sunk in the Baltic. The disaster is ascribed to a mine.

George Davis, a man about 60 years of age, was found dead and floating in the harbor below the G. T. P. wharf yesterday. Davis was probably drowned on Wednesday night. He formerly worked at the Wales Island cannery and last May came to Rupert for medical treatment. He did not improve any and finally his money ran out.

He has been living at the Central Hotel since last May and was expecting money from relatives in England.

There were no marks of violence on the body and it is thought the man may have committed suicide.

The sockeye fishing on the Skeena is finished and all the canners got a good packet. The humpback run, too, is about over, but most of the canners are putting out gear for coho fishing which is just starting.

The Salvor is back from the Albert wreck and the officers have made a report to Victoria. The opinion is that it will not pay to pull the Albert off but if the G. T. P. will assume a part of the responsibility the ship will be pulled off.

Justice Morrison and Secretary Ogilvie, of the Redistribution Commission, returned to the city yesterday after making a trip to Masset and Skidegate on the mission cruiser Thos. R. Crosby. They will visit other points north before returning to Vancouver.

E. J. Chamberlain, president of the G. T. P., has announced that any employees of the company who join the militia for active service either at home or abroad, will be allowed six months full pay and have their positions held for them. Several local G. T. P. men have enrolled here.

Ray De Fossett, the man found guilty of stealing the \$4,000 in gold being shipped out from the Thibet Creek mines, was yesterday allowed out on suspended sentence by Judge Young. The man previously had a good character and the judge believed he committed the crime on the impulse of the moment.

The National Sporting Club of this city has arranged for another boxing bout here in the near future. It will be between Frank Barrieau of Vancouver and Romeo Hagen of Seattle. Both are clever exponents of the art of self defence and the fight should be a good one.

The effect of the opening of passenger service through from the east on the G. T. P. is noticeable on the hotel registers. At the Prince Rupert after the arrival of the train from the east there were guests from Winnipeg, Edmonton, Fort George, Smithers, New Hazelton and many of the smaller towns along the G. T. P.

PHENOMENAL RUN OF SALMON IN NORTH

Seattle, August 28.—Steamers from the north report a phenomenal run of salmon in the Seldovia district, Southeastern Alaska which has turned the tide of failure on the season's pack for canneries in that section to success.

E. F. Randolph, manager of the Seldovia Salmon Company says that in less than a month his cannery packed some 20,000 cases after a poor start that augured failure for the season. Less than 8,000 cases had been packed by the Seldovia cannery with little more than a month left of the season when the fish began to run.

FINAL GAME TONIGHT

The final league game in the soccer schedule will be played tonight on Market Place between the Callies and Hornets. If the Callies win there will be a tie with the Merchants for the championship each side having lost but one game. This will mean a play-off between the two at a date to be fixed later. If the Hornets win tonight the Merchants get the cup and championship.

AMERICAN OPINION SUPPORTS BRITAIN

Mr. John Jay Chapman, a visitor from the United States to Germany, in describing the "striking brutality" received by American fugitives from Germany, and the contrast of their kind reception in London, in a letter to the London Times contains the following:

"The Americans in London are now organizing to effect transportation and credit for the thousands of our countrymen who are stranded in Great Britain and the Continent. We are at this moment receiving such aid and sympathy from the British people as is perfectly amazing, considering the crisis through which Britain is passing. Let us remember this in the near future. Let us remember that there are great things at stake than the safe return of ourselves to our country. Let us remember that the future of free government in the modern world is now being safeguarded by the blood and treasure of Great Britain. Let us remember that the era of Napoleon."
