VON KLUCK AT MERCY OF THE ALLIES IF THEY WISH

ALLIES ARE IN STRONG POSITION AND ALLOWING ENEMY TO WEAR THEMSELVES OUT—ALLIES ARE CLOSING IN AROUND THEM.

(Special to The Daily News.)
London, Oct. 3.—News from the front indicates that if the Allies are to sacrifice a large number of men they could finish off von Kluck and the German right wing in a single day's fighting. They prefer, however, to let the Germans wear themselves out in futile attacks, meaning drawing the circle closer around them.

AUSTRIAN RESERVISTS WERE ARRESTED AT VANCOUVER

IN A SCOW—WERE ON POINT OF SAILING WHEN THE
POLICE GOT THEM.

(Special to The Daily News.)
Vancouver, Oct. 3.—Thirty-five alleged to be Austrian reservists were arrested on a scow in Vancouver harbor this morning by a posse under Chief of Police McEwen and Immigration Inspector Reid. The men, it is understood, were on their way to Seattle, whence they had been transported to Australia. The scow was just leaving harbor under the tow of the Cleve, when the posse boarded it. Hatches had been cut in the scow deck and the interior fitted up with seats for the voyage. The Austrians were all below when the police arrived, and the hatches were battened down on them until the wharf was reached, where the military guard took charge of the prisoners. Only two offered any resistance and these were easily overpowered. All will probably be incarcerated in the military prison at Nanaimo.

KING OF ROUMANIA FEIGNS SICKNESS TO PREVENT AGITATION

(Special to The Daily News.)
Rome, Oct. 3.—A Sofia dispatch says that King Charles of Roumania is very ill and must remain quiet in order to save his life. The King's illness is regarded by those well informed as a ruse to end the popular agitation to have Roumania join forces against Germany.

HOLLAND WILL PREVENT IMPORTS TO GERMANY

(Special to The Daily News.)
London, Oct. 3.—Holland has given Great Britain assurance that she will prevent the import of foodstuffs through Holland to Germany. This is the chief port of entry at present for Germany's imports. With this shut the chances of Germany getting outside supplies are small.

MAIL SERVICE ON THE GEORGE TO BE RESUMED

A telegram was received by the Board of Trade this morning from the Controller of Railway Mail Service at Ottawa stating that the board's request for a resumption of mails on the Prince George, due here next Wednesday, had been acceded to. The controller also stated that an announcement would shortly be made regarding a service on the main line of the G. T. P. to eastern points.

EYE-WITNESS CONFIRMS SUCCESS OF THE ALLIES

(Special to The Daily News.)
London, Oct. 2.—(Friday, 6 p. m. Special.)—The correspondent of the Central News at Calais, who has returned from a tour near the Allies' left, says: "Without disclosing any military secrets, I can say that I have seen many things that remove any misgiving as to the outcome of the battle. The German right wing on Wednesday was such that the portion lying between Lassigny and Chaumes was in extreme danger."

GERMANS BUILDING 50 MORE SUBMARINES

Recent Submarine Successes Create Clamor for More of These Ships.

(Special to The Daily News—10:30 A. M.)
London, Oct. 3.—The German drydocks are working feverishly and 50 submarines are being built. It is reported that the submarine successes have made the German public clamorous for more ships of this kind.

RUSSIANS AT CRACOW— REAR ATTACK ON ENEMY

(Special to The Daily News—10:30 A. M.)
Petrograd, Oct. 3.—The Russian army that pursued General Dankl according to last reports was within eighteen miles of Cracow and by this time should be in contact with the Dankl force before Cracow. The Austrian armies are practically out of commission.

The remnants of General Auffenberg's army fled in wild disorder. A Russian advance into Hungary threatens the German-Austrian army from the rear and is likely to have a demoralizing effect on the population of the interior.

GERMANS ATTACKING— BELGIANS REPULSING WITH MUCH SUCCESS

(Special to The Daily News—10:30 A. M.)
Antwerp, Oct. 3.—The Germans continue the attacks on the forts. The approach to Koenigs-Hoyek, one of the new forts on the outer lane, has been repulsed.

A violent attack at Termonde was repulsed, the Belgians blowing out the bridge over the Scheldt.

The Belgians undertook a counter attack from Antwerp on Friday morning, which still continues.

BIG VALUE PER ACRE FROM LOCAL LAND

Some idea of what land will be worth in the surrounding country can be seen from the result of an experience of Kitsumkahum and Lakelse. Mangles in Kitsumkahum can be grown to the extent of ninety tons to the acre; sugar beets, fifty to sixty tons. Alfalfa, which people once thought could not be grown in this country, can be cut three times, amounting to seven and a half tons to the acre. Alfalfa is easily worth \$20 per ton, so that this makes a handsome profit. Clover grows seven tons to the acre, and timothy, six tons.

This north country seems to be able to turn out a particularly fine class of celery and it is well known that it requires very special land to do this and of course is very costly. A stalk of celery weighing about two pounds can be grown on about every two square feet. Celery is worth about eight cents a pound, so that the profit per acre is immense. Land of that kind is certainly going to be a winner.

NORTHERN B. C. FAIR CLOSED— CUPS AND PRIZES PRESENTED

SUCCESSFUL MUSICAL CONCERT EARLY IN THE EVENING—
POPULAR DANCE AT THE CLOSE IS LARGELY
ATTENDED.

The Northern B. C. Fair came to a successful closing last night. There was a pleasant musical concert early in the evening, after which the cups and prizes were presented by the new president, Mr. A. J. Prudhomme. The floor was then cleared and a jolly dance was indulged in by all present. The following is a list of the cups presented:

The Sherman Cup for the best fowl shown was won by W. W. Sherman.

The M. M. Stephens Trophy, won by Lakelse District twice in succession, for the best collection of grains, fruits and vegetables. This becomes the property of Lakelse now.

The Bullock-Webster Trophy, was won by Lawn Hill and Skidegate. This likewise was won twice in succession by the same districts and thus passes to them.

The Bank of Commerce Trophy, for potatoes, was won by J. T. Laird, of the Samanash River.

The Grey Cup was won by the Metlakatla band.

The Prudhomme Cup, for baseball, was won by the Catholic Club.

The W. Wark & Son Cup, for football, it was announced, will be played for later.

A special diploma was presented to John Brugi, of Terrace, for his water cross exhibit.

BEGINS TO LOOK LIKE VICTORY— VON KLUCK IS BADLY REPULSED

OFFICIAL AND UNOFFICIAL REPORTS CONFIRM THIS—
GERMAN COMMISSARIAT IS BREAKING DOWN AND THE
TROOPS ARE IN DANGER.

(Special to The Daily News.)
London, Oct. 2.—(Friday, 6 p. m. Special.)—Unless all signs are wrong the German armies in France, or at any rate most of them are nearing the completion of their round trip. That it is held here is the only conclusion to be drawn from the reports, both official and unofficial, of those on the scene of action. It is evident that the progress of the

Frank Barrieau left for the south last night. Romeo Hagen is still in the city. Both declare the fighting game in this city unremunerative.

Don't forget the Sacred Concert so thoughtfully arranged by the "Bostonians" for Sunday night in The Westholme in aid of the Patriotic Fund.

Mr. R. Braun took first prize for the heaviest pumpkin, which weighed about fifty pounds. This was not the heaviest at the Fair, for there was another grown by J. K. Gordon which weighed seventy-seven pounds but it was not up for competition. The young plant was given to Mr. Gordon by Mr. Braun and placed alongside the Terrace Hotel.

The remains of the late L. J. Hoyt will be sent back east for interment. When found in the woods they were in first-class condition and are now being embalmed. Mrs. Hoyt will go east with the body and perhaps remain there. Mr. Hoyt owned considerable property here and carried insurance.

Monte Label and Eddie Murphy, of the fistie fighting contingent, went south last night, with Calgary as the final destination. Besides boxing here both boys have been employed by the city telephone department, and have made many friends, who regret their departure.

Allies on the left is considerable, while the hole through which the Germans might have pierced the line of French fortresses on the Meuse River side has been stopped.

The German general, von Kluck, is said to have been beaten by the excessive number of the reinforcements poured in on him by the General Staff. His commissariat broke down and he is unable to care for his troops.
