### INTERESTING LETTER FROM CAPT. DE MUSSY AT THE FRONT

WRITING TO HIS BUSINESS PARTNER IN PRINCE RUPERT HE TELLS OF HARDSHIPS AND TRIALS OF THE SOLDIERS IN THE FIELD.

15 Rue Laurent Gaudet, Le Chesnay (S. & O.), France.  
September 28, 1914.  
My Dear Philpott,—I got your letter a few days ago when I came back home after having spent three weeks at the front. I was sick with bronchitis and thoroughly exhausted by lack of training, food and sleep; the average sleep was two and a half hours each night, and I had about two pounds of bread without anything else to live on for three days; that bread was soldiers' bread and so hard that I was obliged to take a mouthful of water to swallow that tough food. My regiment had to endure the shrapnel for two or three days, being in support of our artillery. The shells were exploding all around us with a noise that beats the Prince Rupert blasting. Happily, the losses were very light, the German field artillery not being very terrible; their heavy artillery,

### BRITISH NAVAL GUNS DO SPLENDID WORK

(Special to The Daily News—9:30 A. M.) Dunkirk, Oct. 21.—A general advance has been made by the Allies, who are fighting mainly with artillery. The best work was done with the British naval guns. A large number of French and Belgian prisoners were taken from the retreating Germans. The assistance of the British warships bombarding the German lines advancing upon Nieuport was an important factor in the Allies' success.

### AUSTRIAN BATTALION HAS SURRENDERED

(Special to The Daily News) Petrograd, Oct. 20.—(5:30 P. M. Special.)—An entire Austrian battalion with all its officers and machine guns surrendered to the Russians south of Przemsyl.  
Mr. and Mrs. J. S. McNab left this morning for a well deserved holiday to the East. They travel over the G. T. P. and will proceed to Toronto and other Eastern points, returning through the American centers. They will be away about a month.  
W. G. Gould, who has spent the last seven months in Massett, returned today to Rupert and will remain in town.

### REBELS IN PORTUGAL QUICKLY CRUSHED

(Special to The Daily News) Lisbon, Oct. 21.—A revolutionary outbreak in Baganza and Adriaeco Beica, a former colonel, was promptly put down. Beica was arrested.

### LIGHTWEIGHT CHAMPION HAS ARRIVED TODAY

Johnny O'Leary, the lightweight champion of Canada, arrived on the Prince George today. He is signed by the National Sporting Club to box for the championship October 31. His opponent is not yet selected. Harry Anderson, the late Pacific Coast featherweight champion, who for the past twelve months has been boxing professional and beating some of the best lightweight boys, is in Prince Rupert after a match and the National Sporting Club has signed him up to box J. Clark on Saturday next over the 15-round route as a trial and if he can prove his class by beating Clark he will be given the first contest with J. O'Leary. Should Clark prove successful and show he is in line to battle for the title he will get the bout. Clark, who has now been in Prince Rupert for two months, claims a good reputation as a boxer, and Saturday night will give him a chance.  
Johnny O'Leary will be given two bouts in Prince Rupert. His second opponent will probably be Lem Kegg. If he cannot be obtained Eddie Shannon will be selected.

### C. C.'S DEFEAT TIGERS.

Last night in the Auditorium a fast exhibition of basket ball was put on between the Catholic Club and the Tigers. The former were the victors by a score of 22 to 12. From the first the Catholic Club was easily the best team by its excellent combination and shooting game. The Tigers, however, showed good playing and practice. At half-time the score was 12 to 6 in favor of the C. C.'s. The game played last night was a return match between the teams. Each team has now won a game and it is thought another game will be played soon. The lineup was as follows:  
C. C.'s—Astoria, Greenwell, Ed Murphy, Jim Murphy and Roche.  
Tigers—B. Blythe, Mobley, Ives, C. Blythe, Manson.  
Referee—Williseroft.

### CAPSIZED BOAT TELLS GRIM TALE

The capsized boat found Monday in the vicinity of Seal Cove has been identified. L. L. Hall called at the police station last evening and said that the boat with the Evernude engine, which was found intact, belonged to Albert Ray and his son, who had lived in the vicinity of the Cold Storage. They have not been seen since October 16th, so that it is about certain that they met with an accident. It seems likely that they attempted to rush the big rapids forgetting that the biggest tides of the season were now on. The fall for the last few days was fully ten feet. At any time shooting these rapids is fraught with the greatest danger but there are a few who delight in making the attempt.  
Very little is known about the victims, but it is thought they came from Spokane.

Mrs. Holtby, who went East about a year ago in the interest of her health, returned to Rupert last evening looking remarkably well. During her stay in the East she visited with her daughter, Mrs. O'Neill.

**WANTED.**  
Young girl wanted to assist with light housework either on whole or part time. Apply Box 4, Daily News.

### TWO HUNDRED ZEPPELINS IN SPRING TO ATTACK BRITAIN

ATTACK FOR THIS SEASON NOT LIKELY AS WINTER STORMS MIGHT WRECK THE AIRSHIPS IF ATTEMPT WAS MADE TO CROSS CHANNEL.

(Special to The Daily News—10:30 A. M.) London, Oct. 21.—London's fear of a Zeppelin attack is slackening. They have realized now that Germany's opportunity for the present season has passed. The winter storms might wreck any armada sent out now.  
A Berlin dispatch to New York says the Germans are building 200 aeroplanes of extra large type for a raid on London. But these will not be ready before spring. The Zeppelin factories are working night and day. They will have forty-six dirigibles by February.
