

OWES HER LIFE TO
"FRUIT-A-TIVES"Cured Both Stomach Trouble
and Headaches

PRINCE RUPERT, B.C., June 20th, 1913.

"I really believe that I owe my life to 'Fruit-a-tives'. I have been under the care of a physician and have been paying him a great deal of money. I was so sick and worn out that I thought I could get no more out of life. I got a box of 'Fruit-a-tives' and the first box did me good. My husband was delighted and advised a continuation of their use.

Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked the reason. I replied, 'I am taking Fruit-a-tives'. He said, 'Well, if Fruit-a-tives are making you look so well, go ahead and take them. They are doing more for you than I can'.

Mrs. H. S. WILLIAMS.

"Fruit-a-tives" are sold by all dealers at 50c. a box. 6 for \$2.50, trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

WORLD'S DEADLIEST WEAPON FOR
TWO NEW BRITISH BATTLESHIPSQUEEN ELIZABETH AND WARSPITE FIRST TO CARRY NEW
FIFTEEN-INCH GUN—CAN DISCHARGE PROJECTILE OF
NEARLY A TON TEN OR TWELVE MILES.

London, Oct. 19.—It is probable that in the present week the British navy will receive a considerable accession to its strength by the delivery of two new battleships—the Queen Elizabeth and the Warspite.

They will be the first to carry the new 15-inch gun, which is without doubt the world's deadliest weapon. As the First Lord of the Admiralty recently pointed out, it is the best gun Great Britain has ever had. It reproduces on a larger scale all the virtues of the 13.5-inch gun. Its power may be measured by the fact that, whereas the 13.5 gun hurls a 1,400-pound projectile, the new gun discharges a projectile of

nearly a ton in weight, and can hurl this immense mass of metal ten or twelve miles.

The high explosive charge which the 15-inch gun can carry through and get inside the thickest armor afloat is very nearly as large again in the 15-inch gun as was the charge in the 13.5-inch.

As stated, the Queen Elizabeth and the Warspite will be the first vessels to carry this new gun, but already Great Britain has in the firing line 13 ships mounting the 13.5-inch gun, which is without its equal in any of the navies of the world. Germany, in fact, has no ship carrying a heavier weapon than the 12-inch gun, which ceased to be the British primary battle armament in 1909.

A WONDERFUL DISCOVERY.

The portrayal of hypnotic influence, the power of our mind to control and direct that of another, the crowning triumph of intellectual achievements. The wonderful phenomena of hallucinations, which the science of the present day has been unable to explain. Some of the phenomena are so extraordinary that they must be seen to be believed.

Electric psychology, the connecting link between mind and matter. Wonderful and startling experiments made upon persons. The "Chemical Magnetic Man" an epitome of the universe. We take pleasure in introducing to the intelligent and amusement loving public the great Zigomar Road-Show in high-class vaudeville. Also the world famous Egyptian wonder, portraying classical experiments of the old school through the means now available and at the disposal of the pole-gruesy. The selection of wonders and marvels for this performance will embrace many of the famous inventions of the modern magician as well as the ancient magic or wise men of Egypt. An exposure on clairvoyance, hypnotism and psychology will be given. The audience will be invited to ask ques-

GERMANY REINSTATES
SHAKESPEARE'S PLAYSQuotation by Imperial Chancellor
Rather Unhappily
Chosen.

London, Oct. 20.—The Central News states that the inquiries which Herr Max Reinhardt, the director of the Deutsches Theatre in Berlin, made of a number of well known Germans as to whether he should continue to perform Shakespeare, have been answered in the affirmative. Herr Reinhardt has accordingly again placed Shakespearean plays on his repertory, from which they had been excluded at the beginning of the war.

The reply of Dr. von Bethmann-Hollweg, the Imperial Chancellor, to Herr Reinhardt's query is said to have been: "Play Henry V., whose royal words, 'Then to Calais, from there to England's soil,' will find an echo in German hearts."

The quotation, we venture to think, is rather unhappy. It is from the closing passage of the fourth act, which celebrates the triumphant return of the English army after Agincourt. The act closes with the words, spoken by the King: "We'll then to Calais; and to England then."

Where ne'er from France returned more happy men."

LEDOUX IS WOUNDED
BUT NOT CARPENTIER

An Old Country exchange says: "The report that Georges Carpentier, the boxer, has been wounded, is untrue. Carpentier, having been attached as an aviation mechanic to the aviation camp at—has never been at the front. Probably there has been some confusion with the boxer, F. Ledoux, who, it appears, has been wounded."

HON. T. W. CROTHERS
IS DENOUNCED BY
THE LABOR LEADERS

The labor world has made up its mind that the Minister of Labor didn't do his duty in the Nanaimo strike. At the recent convention in St. John, N. B., the following resolution was passed expressing the feeling of all present:

"Whereas, the convention has heard the Vancouver Island strike situation, presented by Brothers Robert Foster, president of the Vancouver Island miners, and Frank Farrington, representing the International union of the United Mine Workers of America, and have heard the Minister of Labor, Hon. T. W. Crotthers, defend the position of his department in connection therewith; therefore, be it

"Resolved by the Trades and Labor Congress of Canada, as represented by delegates assembled in the St. John, N. B. convention—That we approve, in the strictest terms, of the efforts of the Vancouver Island miners to improve their conditions of employment, first by mediation and then by striking; and be it further

"Resolved—That we hereby condemn the Minister of Labor for having failed to perform his duty, and for having failed to use impartially the great power of his office to bring about an equitable settlement of the Vancouver Island miners' strike."
