ALLIES HOLD LINE FROM NIEUPOORT TO DIXMUIDE IN STRENGTH--BRITISH FLEET GIVING GOOD ASSISTANCE FROM BELGIAN COAST.

(Special to The Daily News—10:30 A. M.)
Paris, Oct. 29.—The vigor of the German attacks in the north have diminished greatly. Real success has been attained by the Allies, who not only prevented a breach being made in their lines, but have made considerable progress. They now firmly hold the line from Nieuport to Dixmuide.

"They captured eighty of the rebels fully armed. In the fighting which took place towards the end of the pursuit one of General Botha's men and several of Beyers' were wounded. The pursuit is still in progress."

GERMAN ATTACKS ARE ALL FAILURES

(Special to The Daily News.)

BERLIN PAPER IS BACKING DOWN

Tageblatt Getting Sick of War--Hollweg Is Blamed.
Copenhagen, Oct. 29.—The military correspondent of the Berliner Tageblatt hints that there is a certain amount of anxiety about the situation manifesting itself in Germany. He explains, though, that a decision is likely to come "like a thief in the night," and that it will more probably be on the east front rather than in the west.

"While fresh masses of troops can be brought without hindrance overseas," he says, "they constitute an awkward adversary. Although the unity of their handling—if they invaded Germany—is to be doubted, Germany has still a somewhat hard task, which must not be forgotten in waiting for the decision."
Chancellor Bethmann-Hollweg, the "scrap of paper" man, is, according to the Tageblatt, being attacked in certain influential circles as responsible for the war.

GERMAN CRUISER PUTS ON DISGUISE AND DOES DAMAGE

(Special to The Daily News—10:30 A. M.)
Tokio, Oct. 29.—The German cruiser Emden, flying the Japanese flag and disguised by the addition of a fourth smokestack, entered Penang harbor today and with torpedoes sank the Russian cruiser Jemchug and a French destroyer.

THE BRITISH AND GERMAN EMPIRES

The population of Great Britain (the United Kingdom) is 46,000,000. The population of the German Empire is 65,000,000. The population of the British colonies is 374,000,000. The population of the German colonies is 12,000,000. Total population under the German flag, 77,000,000. Total population under the British flag, 420,000,000. With the freedom of the seas, the British Empire could in time put into the field an army of 20,000,000 men. Five or six millions is supposed to be the limit of Germany.

OVERWHELMING FORCES OF BRITAIN AND RUSSIA BEGINNING TO TELL TALE

(Special to The Daily News—2:30 P. M.)
London, Oct. 29.—One great factor upon which the Allies build hopes of their eventual triumph apparently is beginning to tell. It is the almost inexhaustible supply of men that may be drawn from the vast reaches of the British and Russian empires, which are relied upon in time to crush the Germans by overwhelming numbers.

In the east this influence seemingly is already being felt, and to it is ascribed the German reverse in Russian Poland.

KAISER ORDERS MUST TAKE CALAIS SENDS MORE TROOPS

(Special to The Daily News—11 A. M.)
London, Oct. 20.—Reinforcements, said to number 200,000, are said to be on the way to the German right wing. These were drafted from the other battlefronts in the east and west following the Kaiser's orders that Calais must be taken. It is expected that the fighting will be resumed with all its fierceness when the new men arrive.

GERMANY SOUGHT TO EMBROIL THE UNITED KINGDOM WITH STATES

London, Oct. 28.—In an article in the Quarterly Review on "The Origin of the Present War," Sir Valentine Chirol charges German officials with attempting to deceive him and his paper—was at the time of which he writes foreign editor of the London Times—as to the sentiments of the imperial government toward Great Britain, with cynically repudiating their promises of friendship when the situation changed, and when seeking to embroil the United States and Great Britain in order to advance Germany's plans for economic and political conquests in South America.

"During the first decade of his reign," says Sir Valentine, "South America attracted a good deal of the Kaiser's attention. There is a large German population in Brazil and the Argentina, and both there and in Central America German enterprise had found fruitful fields of activity. Had it not been for the Monroe Doctrine these South and Central American republics lay at the mercy of the mailed fist, but against the Monroe Doctrine the Kaiser was powerless unless he could embroil Britain with the United States and secure the support of the British naval power.

"At the beginning of the Spanish-American war he showed his hand for a moment in an insidious attempt to induce this country to lead the way in a European demonstration against the United States, but Lord Pauncefote, at Washington, and Captain Chichester, at Manila, showed the American people that Britain would not attack the United States. German diplomacy beat a hasty retreat, and tried hard to cover its tracks, but it had not yet abandoned all hope, and so late as 1904 German diplomacy made a desperate endeavor to entangle us in a combination which would have fatally compromised our relations with the United States."

RUSSIANS REPORT SUCCESS BUT DO NOT ADVANCE MUCH

SEVERE FIGHTING SEEMS TO BE TAKING PLACE ALL ALONG RUSSIAN FRONT WITH SOME ADVANTAGE TO OUR ALLY.

(Special to The Daily News—10:30 A. M.)
Petrograd, Oct. 29.—(Official.)
—On the center, after fighting of a desperate character, we have succeeded in establishing a firm foothold on the border of the forest region near the villages of Adamoff, Severinoff and Marianoff.

On the left wing, we captured by assault a defensive position established near Policzna and enveloped a portion of the Austrian troops.

At Berdicevo, on the night of October 27, the enemy's corps fell back in disorder and we captured both cannons and prisoners.

On the right bank of the Pilitza front, between Iejeff and Novemiaste, fighting continues with the same desperation.

In Galicia the battle is raging along the whole front. At the River San we took ten officers and 500 men. At South Przemyśl our troops are advancing at certain points.

In East Prussia the enemy has violently bombarded our positions but their attacks have been repulsed. The success we won at South Pilitza, which resulted in the retreat of the enemy's main front is of the greatest importance.

SENDING SUBMARINES OVERLAND FOR ATTACK

(Special to The Daily News—11 A. M.)

EAGLES HELD SMOKER AND BOXING BOUT

The Fraternal Order of Eagles gave a smoker last night and had a rousing good time. An excellent program, in which patriotic songs were to the fore was enthusiastically rendered.

An interesting feature was the appearance of Johnny O'Leary, lightweight champion of Canada, in a bout of three rounds with Jim Clarke and two rounds with Scotty McKay, welterweight champion of Manitoba. O'Leary doesn't look like a pugilist when you see him on the street, but all the same he sure is some whirlwind. He could do anything he liked with Clark, who is himself some boxer. McKay, who is a formidable looking fellow and considerably heavier than O'Leary, at first looked as if he could hold his own, and gave O'Leary some real punishment. The youngster soon buckled up, however, and soon showed that if he wanted to he could easily best him. As it was McKay struck the mat twice. O'Leary is a clean little boxer, and he has some new dodges all his own. One of these in particular is admirable, where in a clinch he swings from underneath a telling blow on his opponent's face.

"BLACK MARIA" EXPLODES KILLING 250 GERMANS

(Special to The Daily News—10:30 A. M.)
London, Oct. 29.—A Madrid dispatch says that one of the big guns on the right wing exploded from an excessive powder charge, killing 250 men.

LIBERALS WILL NOT CONTEST ELECTIONS

Ottawa, Oct. 27.—It is not believed here that the bye-elections made necessary by the recent cabinet changes will be contested, but that an agreement will be reached to allow all seats now vacant, including Jaques-Cartier, formerly held by the late Hon. F. D. Monk, and Westmoreland, formerly held by the late Hon. H. R. Emmerson, to go by acclamation, though all of the seats are considered good fighting ground.

It is not believed here that the reconstruction of the cabinet contemplated by the government is completed and it is expected that more changes will follow.

Further rumored cabinet changes include the names of Hon. Louis Coderre, Hon. T. J. Crothers and Hon. Dr. Roche. Rumored appointments include the names of R. B. Bennett, of Calgary; Hon. J. W. Hanna, of Toronto; Hon. Arthur Meighen and Hon. L. T. Marchal.
