GERMANS BADLY ROUTED IN PRECIPITATE RETREAT

ALLIES FOLLOW UP SUCCESSES BY DEFEATING AUSTRIANS
TAKING MANY PRISONERS AND GUNS.

London, Nov. 5.—The news from Poland indicates that a forward movement of the Russians has become general. The left bank of the Vistula, which had been held back by the Austrians for weeks, has now been advanced. Vienna is in the hands of the Austrians and the Austrians are retreating towards the front.

CAILLAUX JAILED FOR WILD SPEECH ON BATTLEFIELD

Paris, Nov. 5.—Former Premier Caillaux, who was serving in the army as a paymaster, is spending a fortnight in a fortress as the result of a speech he made recently to troops in the trenches. The Duke de Rohan, a young Royalist deputy, telling the story in the Chamber of Deputies, said: "Caillaux this week went to Doullens, where he found reservists and territorials belonging to his political constituency. He said to them: 'You seem to be undergoing tremendous hardships. If any of you would like to be transferred to less dangerous positions, you have only to tell me. The situation is exceedingly grave for we are fighting the world alone. The English troops are no assistance to us.'"

The incident was reported to General Gallieni, who ordered the former premier to proceed to a fortress and stay there a week, but when General Joffre was informed, he doubled the sentence. This is the third time Caillaux has gained new notoriety. In Paris last week, while he was dining at the Restaurant la Rue with his wife, who shot Gaston Calmette, the Figaro editor, officers slighted the couple and they were driven out amid a storm of jeers. The next day the couple were mobbed opposite the Cafe de la Paix by a mob of 400, one woman seizing a waiter's towel, dipping it in mud and hurling it into Mme. Caillaux' face.

DUCHESS OF WESTMINSTER LEAVES AS RED CROSS NURSE. This picture of the Duchess of Westminster, taken a short time ago, shows her wearing her nurse's uniform. The Duchess has now left for the front and is accompanied by her favorite wolfhound, seen in the picture.

HEAVY FIGHTING IS REPORTED IN FRANCE

Amsterdam, Nov. 5.—Heavy gun firing has been heard in the triangle formed by Dixmude, Roulois and Ypres, indicating that a severe battle is raging in that neighborhood.

Paris, Nov. 5.—(Official)—There is no important modification of the situation to report in the north. The Allies have made slight progress toward Messines to the east. Artillery duels at several points on the front have taken place without great results, notably west of Lens between Nomme and Acre in Argonne.

KING GEORGE INSPECTS THE CANADIAN TROOPS

London, Nov. 5.—King George inspected the Canadian contingent yesterday at Salisbury Plains. He expressed the satisfaction it gave him to be able to welcome them. He remarked particularly upon the fine showing made by the men.

SEA FIGHT A FAKE.

The Admiralty announces that it has no confirmation of the sea fight off Chile. This means that it was a faked story for according to the report some of the British vessels had got away and would of course report to headquarters at once if there was any such thing happened. It was probably given by the Germans to an over-ambitious reporter, and sent around the world as a "scoop."

RADIO WARNS OLYMPIC OF GERMAN MINE TRAP

London, Nov. 5.—The steamer Olympic, New York for Glasgow, was warned by wireless telegraphy that there were German mines off Tony Island, on the north coast of Ireland, and put into Lough Swilly. Her passengers were sent by special train to Londonderry. Lough Swilly is in the County Donegal.

PRINCE RUPERT CONTINGENT BEING DRILLED INTO SHAPE

BIG TORCHLIGHT PROCESSION TONIGHT IN HONOR OF THE MEN—WILL LEAVE FOR VICTORIA ON FRIDAY AND WILL GET BIG SENDOFF.

Prince Rupert's contingent for active service has been receiving a good deal of attention in the line of drilling for the last few days. In the daytime they drill on Market Square and at night in the Exhibition building. About eighty men turned out last night and as it had been advertised that attendance was compulsory it is likely that this was all available. It is said that a number more from the outside are expected. The drilling during these exercises have been conducted by Sergeant Hammond. Col. Peck was present last night but did not take charge. The men are a fine body of fellows, quite a few of them old-timers, although the greater part seems to be from the outside. It is in reality representative of Northern British Columbia rather than of Prince Rupert. The uniforms will not be provided until they reach Victoria. Naturally they do not make as good a showing as they will in uniform and when they have had a few months' drill. There will be a big celebration tonight, beginning with a torchlight process starting at the City Hall at 7 p. m. and proceeding to the Exhibition building, where a program of music and speeches will be rendered. Friday at 11 a. m. the company will leave for Victoria under the command of Colonel Peck, who has decided to go to the front. He will remain in Victoria with the company and prepare for the serious business ahead. It is expected that the men will get a big sendoff when they leave on Friday. All the business houses will be closed and everybody will proceed to the wharf to honor the men who are placing their lives at the disposal of the Empire.

THE BOMBARDMENT OF CONSTANTINOPLE IS CONTINUED EFFECTIVELY

London, Nov. 5.—A Salonika dispatch says the bombardment of Constantinople by the Anglo-French fleet continues effectively. The ships are out of range of the land batteries. Britain today formally annexed Cyprus.

JAP TROOPS MARCHED CONFIDENTLY ON TO THE HIDDEN GERMAN MINES

Pekin, Nov. 5.—Dispatches from Tsing Tau state that the Japanese left wing suffered heavily when it was attacking the northeast positions of the Germans, between Chen Yan and Lantsum. Having received information that ground over which they had to go was mined, the Japanese drove herds of cattle over the field. The mines, not being of the contact variety, failed to explode and, presuming their information incorrect, the Mikado's forces continued to advance in two extended lines.

The Germans resisted with rifle fire and retreated slowly, so as to encourage their opponents to advance. When the Japanese reached a base of a long range of hills, the Germans exploded the mines with an electric current, killing 500 men, and then turned machine guns on the retreating forces. The dispatches confirm the report that the Germans have heavily mined all approaches to the town, making it unlikely that it will ever be taken by storm.

ENEMY IN FULL RETREAT ALONG WHOLE FRONT

London, Nov. 5.—An Amsterdam dispatch to the Morning Post says: "Enemy is in retreat on whole front. Heavy fighting took place between Dixmude, Roulois and Ypres, and enemy was obliged to retire owing to the stubborn attacks and endurance of the allied troops."

CANADIAN FRATERNITY HOLDS PATRIOTIC BALL

The Canadian Fraternity did itself honor last night besides honoring the boys who are leaving for the front. This being the first ball of the society, nothing was spared in making it a success. St. Andrew's pretty little hall was decorated in a tasty way to suit the occasion. On both sides of the hall, "Canadian Fraternity" shone out in large letters and at the end were maple leaf emblems entwined with the words, "Good-bye and Good Luck to Our Boys." There was also a profusion of flags in which the Canadian emblem was in prominence. The orchestra was a new one, led by Mr. Hoelscher, of the Prince Rupert band and the music furnished was first class. One of the largest crowds ever seen at a dance in Prince Rupert was present, including many of the boys leaving for the front. There was no attempt at making it a formal affair for quite a few of the service men from the outside had not taken their glad rags along, other ideas being more prominent in their minds than social functions. Everybody appears to have had a great time. As a result of the ball the Patriotic Fund will benefit to the extent of about \$150.

LOCAL GEMS.

Constable Bailey had a queer dream last night. He was dreaming about those "k-nuts" going to the front and the next time he looked they were all "kernels." There are five members of the Prince Rupert Real Estate Exchange going to the front. It is reported that they are going to put a subdivision on Berlin.

PRINCE GEORGE SAILS FRIDAY AT 10:30 A. M.

Flower of The West

(TO PRINCE RUPERT CONTINGENT.)

To that same call your fathers heard
And answered with the leaping blade,
So ye, with patriot blood upstirred
Fare forth today to Britain's aid;
Strong arm, stout heart and bold, ye bear
The flag of Freedom everywhere.

From sheltered Peace to those red fields
Where heroes face the maddened host
And all the terrors War can yield,
Ye go, to give Life's uttermost
If need be, that where Weakness pleads
Justice shall harken to her needs.

God-speed, upon your untried way,
Ye loyal Souls, who give your all.
Each heart breathes forth a prayer today
For ye, who answer Duty's call.
Flower of the West, your country stands
Secure, her honor in your hands.

—ETHEL MACN. KLOWER.
Prince Rupert, B. C., November 6, 1914.

The above verses were written for The News by Mrs. Klower in honor of the brave boys who are leaving for the front. Mrs. Klower is a prose writer of considerable note but this is one of her first attempts at verse and all will agree that it contains a great deal of merit. The war is likely to develop a number of latent poets.
