REPORT THAT THE ALLIANCE GENERALS DISAGREE

NO DIPLOMATIC RUPTURE, BUT AUSTRIAN AND GERMAN GENERALS IN GALICIA HAVE SPLIT

PREMIER ASQUITH DOESN'T EXPECT A VERY LONG WAR

(Special to The Daily News—11 A. M.)
London, Nov. 12.—In a speech delivered in the Commons at the opening of Parliament yesterday Premier Asquith declared that he doubted whether the war would last as long as some people originally predicted but if it did he was certain that the longer it lasted the more the great resources and strength which the Empire possesses will be available to fill the gaps and replace the losses to maintain our position. The Empire is on trial and the experience of the last three months inspires us with confidence and hope, that the longer the trial lasts the more surely are we to emerge from it as the champions of a just cause.

MAN KILLED AT ROSE LAKE TUESDAY

Boy Shaw, a boiler-washer on the O. T. P., was killed at Rose Lake on Tuesday. While blowing off steam, preparatory to washing out an engine boiler, he stepped in front of an engine coming along the next track and was instantly killed. It is presumed that the noise of the escaping steam prevented him from hearing the sound of the approaching engine.

KARLSRUHE IS BAITED BUT DOES NOT BITE

British Cruisers Try in Vain to Trap the German Destroyer of Commerce.
New York, Nov. 12.—It has developed here that while the German cruiser Karlsruhe was holding up the British steamer Van Dyck in southern waters and filling her food refrigerators and her coal bunkers, the British cruisers Suffolk and Essex were trying to bait a trap for the German. They made the United Fruit Company's steamer Sousa, which is still flying the British flag, steam at an agreed pace from Jamaica here while they followed just below the horizon, hoping to take the German cruiser. All the way from Port Antonio the British ships followed and it was not until the Sousa picked up the Ambrose Channel light that they turned back. Word was received from Captain Gadsagan at the offices of the line here stating that the passengers and crew of the Van Dyck were now at Para, Brazil. It is said that the German sank the Van Dyck after getting all the supplies needed.

BRITISH RESIST THE ATTACK OF THE PRUSSIAN GUARDS

LITTLE CHANGE IN GENERAL SITUATION—ALTERNATE ADVANCING AND RETIRING—THE GERMANS STILL DIXMUIDE.

(Special to The Daily News—12 Noon)
Paris, Nov. 12.—(Official)—Fighting on the left wing continues with violence characterized by alternate advances and retirements without great importance. There is no change in the position held by the British, who have repulsed the attacks of the enemy, particularly the offensive movement of the Prussian Guards. The Germans still hold Dixmuide.

LOOKS LIKE WAR, SAYS ITALIAN CONSUL-GENERAL

Chevalier Chilesotti Sees Significance in the Cabinet Choices.

Montreal, Nov. 10.—Italy's early participation in the war on the side of the Allies is confidently expected by prominent Italians here.
"This looks very much like war," said Chevalier Gualtiere Chilesotti, consul-general for Italy, when informed that Tomaso Titoni was spoken of as new Minister of Foreign Affairs in the reorganized Italian cabinet, while Baron Sidney Sonnino, former premier, was being mentioned as Minister of the Treasury. "Titoni is very friendly to France," the chevalier explained. Titoni has been Italy's ambassador to France throughout the present European disturbance, and is consequently in close touch with the government of that country.
The Italian consul-general had received no word from Rome of a more detailed character than the news dispatched last night.

PRINCE RUPERT GREET'S CITY OF WINNIPEG

First Wires to Pass Over the New Telegraph Line Convey Greetings Between Two Cities.

The first wire going over the new commercial line of the G. T. P., which opened this morning, was from the City of Prince Rupert to the City of Winnipeg. The honor of sending the first message over the new line was given to this city by the courtesy of Mr. Hutchison, the local head of the department.
The Prince Rupert wire was sent at 8 o'clock sharp and at 9:10 a reply was received from the mayor of Winnipeg, this also being the first wire to come west over the line. The following are the messages transmitted:
Prince Rupert, Nov. 12, 1914. His Worship, the Mayor, Winnipeg.
The City of Prince Rupert, British Columbia, through me, as Mayor, sends greetings on the inauguration of the Grand Trunk Pacific Commercial Telegraph Service from this city to Winnipeg. Prince Rupert views this connection as a most important step towards more closely binding your Province with this Northern part of the Dominion, more particularly coming, as it does at such an important crisis in the history of our Empire, when it is so important that all Canada should act as a unit.
S. M. NEWTON, Mayor.
Winnipeg, Man., Nov. 12, 1914. S. M. Newton, Mayor, Prince Rupert.
The City of Winnipeg heartily reciprocates your kind greetings on the inauguration of the Grand Trunk Pacific Telegraph Service and trusts that this may lead to the opening of a great volume of new traffic between the Pacific Coast and the Orient and our own city and that the completion of this new highway of commerce may lead to city development not only of the interior of Northern British Columbia, but to the prosperity of all Canada and to the advantage of the Empire at large.
T. R. DEACON, Mayor.

EMDEN WAS AT HER TRICKS WHEN CAUGHT BY THE SYDNEY

PARTY HAD BEEN LANDED TO DESTROY WIRELESS ON COCOS ISLAND WHEN SYDNEY HOVE IN SIGHT—LEFT IN A HURRY WITHOUT SHORE PARTY.

(Special to The Daily News—11 A. M.)
London, Nov. 12.—Following the report of the beaching of the cruiser Emden off Cocos Island, the following reports was given out:
"The Emden had landed forty-three men on Cocos Island, who smashed the wireless apparatus and instruments. They were returning to the ship when the Sydney hove in sight. The Emden departed, leaving the landing party. The Emden's gunnery was good at first, but later deteriorated. The Emden lost two funnels and caught fire astern within one hour after the attack.
"The Sydney had scarcely been touched. The Emden ran ashore when the flames began to take effect."
PRINCE RUPERT'S CONTINGENT HAD MEMORABLE TRIP SOUTH
LOTS WERE CAST FOR FIRST CLASS BERTHS—RECEIVED A GOOD WELCOME AT VANCOUVER, MEETING MANY OLD FRIENDS.
(By P. F. G.)
On Board S.S. Prince George, March 7, 1914.
Never will the men of the First Company of Prince Rupert Light Infantry for active service forget the magnificent reception and hospitality and the marvelous send-off given them. It has been the one big general topic of conversation on board, from Lieutenant-Colonel Peck down to the latest recruit, and it has been particularly emphasized by the boys from Port George, Fort Fraser, Stewart, Granby, Terrace, Hazelton, Port Simpson, Smithers and Queen Charlotte Islands. Even the crew of the S.S. Prince George go so far as to say that in point of attendance at the wharf the big crowd excelled anything that was to have been seen when the first contingents left Vancouver. Ere this reaches The News there will have been published the colonel's wireless, thanking all for that final demonstration. Including the officer commanding there are aboard 120 men and with five more to follow from home and the three other officers at Victoria and one more recruit who joined at Vancouver, the full complement of 129 is completed.
Coming down the boys have had perfect freedom of movement and beyond the appointment of necessary details there has been no duty, thus ample time has been had for getting acquainted and, carrying out his promise at the public meeting, Mr. H. S. Clements has been unflinching in making the trip pleasant by meeting every man individually. The first afternoon out the Federal member for Comox-Atlin was invited by the company to address them in the smoking saloon and there he outlined the work that had been accomplished at Ottawa in connection with the military support being given the Motherland by Canada. His remarks were enthusiastically greeted, especially with reference to the send-off at Prince Rupert, which he described as one of the most memorial events he had ever witnessed.

WAR HAS ONLY BEGUN DECLARES FALLIERES

Paris, Nov. 12.—That the war is only beginning, is the opinion expressed by Armand Fallieres, ex-President of France, in an interview published by the newspaper, France de Bordeaux, says a dispatch to the Havas News Agency from the French seat of government.
"Months and months," M. Fallieres says, "will be required to overcome the military power of the enemy, but this does not produce discouragement in France. Our country has acquired the new virtue of constancy in effort."
