F. C. Wright, a well known resident of Lawn Hill, Q. C. I., lost his house by fire a few days ago. The building and contents were valued at \$3,000.

For a comfortable room, come to the **St. Elmo Hotel**, 836 Second Avenue, near Eighth Street. Newly opened. Steam heat and hot and cold water in every room. Free baths. Rates reasonable.

The Methodist Church at Smithers took fire and burned to the ground last Wednesday evening. Rev. Mr. Batzold is the minister and the building was largely the work of his own hands. The building was also used as a young men's club.

Miss Nauman and Mr. Pescott held one of their successful dances in St. Andrew's Hall last evening. Forty-five couples had a delightful time, as the music was of the finest. Refreshments were served, and a most enjoyable evening came to an end all too soon.

EAGLES' INSTALLATION.

The local aerie of the Fraternal Order of Eagles, one of the most flourishing orders in the city, held their installation of officers on Wednesday night. The following are the officers for the ensuing year:

W. H. Derry, W. P.; V. A. Cole, V. P.; George Davies, chaplain; H. E. Ross, treasurer; George Leek, secretary; G. Candow, outside guard; R. Daughterty, inside guard; Ben Self, past president. The trustees are R. I. Van der Byl, J. Sweder and W. Wright.

This order has a membership of 260 and it is growing fast. They intend holding a ball about February 11.

CAUSE OF DEATH UNKNOWN.

Coroner Hoskins and a jury on Tuesday heard evidence in the inquest into the death of Francois Lake John and his wife, two Indians who died suddenly at Francois Lake. The testimony of other Indians, who were present when the victims died, tended to show that death resulted from drinking wood alcohol, but the jury considered the evidence insufficient to justify a verdict to that effect, and found that the deceased came to their death from unknown causes.—Omineca Miner.

The following officers were elected for the ensuing year: Wards, W. E. Burrit, R. L. McIntosh; lay representatives to Synod, H. T. Cross, L. M. de Gex; treasurer, C. C. Purdy; envelope secretary, H. B. Cambie; property committee, Wm. Grant, J. G. Viereck and A. Silversides.

Messrs. Barnum, F. J. Fuller, Basset-Jones, Shirley, McGee, Tomlinson, Tooker, A. B. Williams, Grant, Howitt, Hubert, Davis, Newbold, Kemp and Captain McCoskie were chosen sidesmen. Resolutions of thanks were passed to the Woman's Auxiliary, the Sunday School teachers, the choir, choirmaster and organist for the valuable service they have rendered during the year.

ITALY IN ALBANIA.

Will Abstain From Interference Beyond Avlona.

Rome, Jan. 15.—Baron Sonnino, the Italian Minister of Foreign Affairs, explained before a council of the ministers the situation in Albania as revealed by reports received from the Italian minister at Durazzo and the consuls in Albania. Baron Sonnino told the ministers of the steps that should be taken in Albania and the ministers authorized him to proceed with such measures as he considers necessary and which were agreed to by the Premier.

The opinion prevails here that Italy will abstain from interference with the internal affairs of Albania beyond the occupation of Avlona.

That the Austrian and Bulgarian ministers are the only members of the diplomatic corps remaining in Durazzo is commented on here as proving that the diplomats have nothing to fear from the rebels.

M. Michaelovitch, the Servian minister, discussing the situation in Albania, said he thought that Essad Pasha, the provisional president, was favored both by the Servians and Italians, and in the end would be victorious over the rebels.

MR. BRADSHAW THINKS WELL OF PRINCE RUPERT

Mr. Bradshaw, of the G. T. P., who is visiting Prince Rupert for the first time, believes that we are destined to have rapid development here once the war is over.

Speaking about the fishing business and the concessions asked from the government, Mr. Bradshaw says that where we made the mistake was turning down reciprocity, which would immediately solve our fish problem. He believes that the antagonism shown to the movement in 1911 has pretty well died out and that Canada will ultimately return to it.

FATE OF FAITHFUL HORSE ON FRENCH FIRING LINE

Paris, Jan. 15.—No wonder the demand for horses for the war zone is brisk in America! Horses are dying by the thousands every day in northern France and Belgium.

I have been told of twelve horses belonging to a British field ambulance being instantly transformed into one horrible mass of lifeless flesh. All the men All the men serving the ambulance were able to evade the shell, and the ambulance itself was mercifully out of reach of any but a few small fragments from the explosion, so that no human life was lost. But the horses could not possibly be moved in time, and the scene that followed has been described as ghastly.

This is probably the last war in which horses will be used to any great extent. Mechanical traction, with the devices used so largely already for the transport of big guns—such as the "walking-wheels," which carry on their surfaces a succession of flat surfaces—will render wholesale slaughter of animal life unnecessary. With wheels of that type heavy motor vehicles can cross even swampy meadows.

The German incendiary shells, which are fired from batteries of four guns every two minutes, explode directly they strike an object, and envelop a whole house in flames instantly, filling the streets of a town or village with dense black smoke impassable for horse or man without special protection to the lungs.

An armored motor car, however, succeeded in crossing such dense smoke in a large village which no horses could have traversed, the men covering their mouths and nostrils with wet cloths. They were able to reconnoitre and return without a single casualty.
