**AMBASSADOR ANNOYED.**

Berlin, Feb. 16.—While Ambassador Gerard and a party from the American embassy were attending a theatre last night they were greatly annoyed by a man in the audience who protested because they were speaking English. When this man was informed that his remarks were directed against the American ambassador he began a loud and violent tirade against the United States for permitting the exportation of arms. The man was finally suppressed.

**SIR WILFRID LAURIER WILL CONTINUE TRUCE WITH GOVT.**

**WILL BE NO OPPOSITION TO WAR MEASURES BUT WILL INSIST ON FULL INFORMATION ON ALL THE VITAL QUESTIONS.**

Ottawa, Feb. 16.—Speaking in the Commons, Sir Wilfrid Laurier emphasized the practical certainty that the war would be of long duration. On behalf of his party, he reiterated his former declaration that there would be no opposition to the war measures of the government. Although defeated, the German army had not been routed or crushed and it would seem that the war will be a process of attrition and for months this sacrifice of human lives will be continued. It was not an ordinary war and there was no possibility of mediation by a neutral nation. It was a war between two principles, the principle of freedom and domination.

Sir Wilfrid went on to say that during the recess Sir Robert Borden and some of his colleagues had taken occasion to discuss the question of the overseas dominions being given a voice in regard to peace and war. He mentioned this matter, not from a desire to be controversial, although a controversial subject. If we assume such power we must assume heavier burdens both in times of war and peace. Tasks were heavy enough, he said, without introducing subjects which are controversial. The time will come when peace shall be restored and then it will be possible to discuss this and all other problems arising out of the war. It was hardly possible that any resolution or statute which could be framed would have the same patriotic efficiency as the voluntary and spontaneous action of the dominions all over the world. Britain was least of all, a military nation.

Referring to the position of the opposition in regard to the war, Sir Wilfrid said that the Liberal party would support the war policy of the government. They would do all in their power to facilitate the heavy task of the government. This decision had been adhered to and the opposition was again prepared to give the government the support to which they were entitled. At the same time the people were entitled to have full statements relating to the expenditure of the fifty million dollars voted last August. The Canadian people had been generous with their money. The opposition, while believing that the ministers have made mistakes, are not disposed to be critical. It would be too much to expect that no mistakes would occur. It was known, however, that in addition to mistakes, frauds have been committed to the injury of the health and efficiency of the troops. So gross and criminal have these frauds been that the minister of militia, on more than one occasion, had said that the men who supplied the boots which caused the sickness on Salisbury Plain deserved to be shot.

**PUGSLEY WANTS TO KNOW ABOUT B. C. SUBMARINE BUY**

Ottawa, Feb. 16.—Hon. William Pugsley figures on the order paper with a request for all the information, correspondence, etc., in connection with the purchase of two submarines by Canada last August. These craft were purchased by Sir Richard McBride on behalf of the government here from a Seattle firm, which had constructed them originally for the Chilean government.

They were brought from Seattle under considerable difficulties, and only a few hours before steps had been taken by the United States Admiralty to stop their departure.

**COURT OF REVISION.**

**WORK FOR SOLDIERS.**

The Queen Mary Chapter of the I. O. D. E. sent off their last parcel to the Prince Rupert men at The Willows, which completed the Chapter's donations of belt, helmet, socks and wristlets to each of the men. They have also been supplied with thirty-five dozen cheese cloth handkerchiefs.

On January 30 two bales of cotton were sent to Queen Mary Sewing Guild, including a donation from the ladies of St. Andrew's Church and the Presbyterian Sunday School.

A request has been sent in by the Canadian Red Cross Society that knitters devote their energies to making socks rather than anything else, as by the time supplies being made now reach the front the weather will be getting too warm for other knitted garments.
