**BIG ORDER FOR RAILWAY**  
Burlington Route Said to Be Arranging to Buy British Columbia Timber

Vancouver, Feb. 22.—Orders for between seven and eight million feet of British Columbia timber will be placed with local firms within the next few days by the Burlington Route, according to a report current in railway circles this morning. The Burlington Route, which is one of the largest of the American transportation systems operating in the Middle Western states, has been in touch with local timber interests for some time and it is understood that tenders will be let before the end of the week. The Burlington Route has purchased nearly 200,000,000 feet of lumber during the past eighteen months from mills in Washington, it is reported. The report about the new orders is accepted as an indication that the railway situation is improving. The Northern Railway placed a large order for British Columbia lumber with local firms a few days ago.

Quotations are being sought by the British war office through the purchasing agent of the C. R. R. here for clear timber. Some 25 carloads, amounting to nearly 400,000 feet, are required. Orders for several million feet of lumber for the French government were placed with local concerns a few weeks ago.

**SAYS ITALY'S TO MOBILIZE.**

London, Feb. 22.—The prophecy that Italy would mobilize her army within a fortnight was made here today by Ricciotti Garibaldi, the Italian patriot. He said that unless the Italian government decided to participate in the war there would be a revolution.

**GERMANY IS ON THE VERGE OF FAMINE**

Shortage of Wheat Has Been Concealed and Country Will Only Escape by Narrow Margin.

London, Feb. 22.—Telegraphing from Copenhagen, the correspondent of The Daily Mail says he learns from Hamburg that the belief prevails there that Emperor William is going to Heligoland personally to direct Germany's blockade.  
"The wheat shortage in Germany," the correspondent adds, "was concealed until the last moment for fear of discouraging the people. It is much greater than has hitherto been believed. Germany will only escape famine before the next crop by a narrow margin."

**PAPER BLOCKADE IS NOISY, RIDICULOUS**

Was Meant for the Neutrals to Raise Their Voice in Britain.

Rome, Feb. 22.—Commenting on the diplomatic exchange between the United States and Germany on the question of the submarine blockade of England, the Giornale D'Italia says: "The German note to the United States does not deny the rights of neutrals of which the great American republic has become the champion, nor does it renounce the threatened reprisals."

"The German purpose has not been revealed. All the noisy and somewhat ridiculous maneuvers of the imaginary maritime blockade had for their sole object the compelling of neutrals to make their voices heard in Britain, asking the British government to permit provisions to enter Germany. Germany has been asserting that the danger of famine was absolutely non-existent; as a matter of fact, Berlin is seriously anxious, the scarcity of food already is being felt among the less well-to-do of the German civilian population."

**RELIEVING FINANCIAL STRAIN**

Power to lend to manufacturers who have been forced to suspend by the reduction of bank advances will be sought by the Union of Canadian Municipalities. It is complained that the cautious attitude of the banks resembles that of the laborer who let go a rope with which he was lowering a fellow-workman from a lofty wall. He explained to the man who fell in the mortar box that he let go the rope for fear it would break. Being afraid of a shortage of money the banks reduce credits, thus curtailing the operations of all industries dependent on them for current working capital.

Municipalities would be more interested in keeping industries active than in protecting their own balances, and in that there would be danger as well as an assurance. "When a banking system fails to provide working capital for the fulfilling of absolutely safe contracts by capable firms it fails to serve the purpose for which it is brought into existence. If municipal advances could be confined to such cases there would be little objection to this extension of authority. But until municipal responsibility is taken more seriously the trying function of loaning will not be accorded except in meeting unprecedented emergencies.—Toronto Globe.

**KAISER IS FILLED WITH MISGIVINGS**

Daily Telegraph Correspondent Says German Emperor Has Aged Terribly.

London, Feb. 22.—A correspondent of the Daily Telegraph who has recently had exceptional opportunity for close personal observation of the Kaiser writes: "His physical appearance shocked and almost frightened me. He has aged terribly. His hair is gray and he has an air of fixed depression. He speaks little, and his articulation is abnormally slow."

"I was convinced that he at last recognizes what the future has in store for him and his people and that he sees his brightness in the present."

"The officers of the general staff share his downcast mein and are apparently filled with similar misgivings."

**LOCAL EFFORT TO AID OUR WOUNDED SOLDIERS**

The local centre of the St. John Ambulance Association has decided to assist the headquarters of the organization in England to equip and maintain a general hospital of 525 beds for wounded soldiers.

The members of the association are now energetically collecting on behalf of this most worthy object and we feel sure the citizens of Prince Rupert will assist them to the utmost of their ability.

Donations may be handed to any member of the St. John Ambulance Association or to Mr. David H. Hays, on or before noon, Thursday, February 25.
