MAY GO TO THE FRONT.

Report in Ottawa That General Hughes Will Lay Down Portfolio.

Ottawa, Feb. 27.—The Evening Citizen says: "Rumors are circulating that important changes are due on Parliament Hill. According to these, the recent caucus of the Conservative party was the scene of some rather outspoken expressions regarding the quality of goods supplied the militia department, and the complaints were not all on one side, either.

"The Minister of Militia, so it is said, put up a very strong defence, and even went a little farther and carried the war into the enemy's territory by declaring that political influence was responsible, in many cases, for the placing of contracts. The storm was only abated by the promise of a general and complete investigation into the whole matter of army contracts.

"In the meantime, however, it is rumored that the Minister of Militia will soon avail himself of the opportunity to transfer responsibilities to other shoulders while he carries out his long-cherished desire to go to the front."

GOOD SHOW AT MAJESTIC THEATRE

The Majestic Theatre had another packed house last night. G. T. Black, the local comedian, kept everybody in giggles from start to finish, while the singing of "Isle d'Amour" by Mrs. Lewis was a treat. Miss Beatrice Killan was at her best. The picture program, headed by "The Opal Ring," in two parts, is a fine love story with Ethel Granding in the leading role. In all, the show was one of the best that has yet been put on at The Majestic.

FRENCH-CANADIAN REGIMENT.

Montreal, Feb. 27.—The second French-Canadian regiment to form part of the Canadian expeditionary forces has received authorization, and recruiting is now being carried on. The headquarters of the regiment will be in Quebec, but men will be enlisted in all parts of the province. For the present, men who are enrolled will not go into barracks, but will live in their own homes, receiving a subsistence allowance until the barracks in Quebec are ready to receive them.

WITH CONTINGENT.

Mr. John Clapperton, who left yesterday with the contingent, received the appointment of provisional non-commissioned officer for the company. He spent several years with the 1st Battalion Cameron Highlanders and secured his release only a couple of years ago. This battalion has been in active service since the war started and only thirty men are still in the field. Mr. Clapperton left a wife and family in Prince Rupert, as well as his father and mother.

BASEBALL.

The Colts defeated the Drydocks by 17 to 7 in a good game at the Auditorium last night. The following was the lineup:

Colts—W. Anderson, B. M. Daniels, J. Ratchford, Winsby, A. Manson, Sherman and G. Weston.

Drydocks—Graves, Morgan, Blue, Jeff, Hathgren, Cole and Le Boul.

We often suspect that many of these convenient headaches are due to laziness.

WANT CHANGE MADE IN B. C. SINKING FUNDS

What Municipal Act Says—An Issue of Provincial Securities Suggested.

On the subject of municipal sinking funds and the resolution of the Union of British Columbia Municipalities, Mr. F. A. McDiarmid, solicitor for the union, writes to the press as follows:

According to the British Columbia Municipal Act, at the present time, sinking funds of municipalities can be invested in Dominion or Provincial government securities, in municipal debentures guaranteed by the government or the province, or by deposit in an incorporated bank. These are the only methods of dealing with the sinking fund.

There are no facilities, excepting in London, England, for the purchase of Dominion government stock. There are no Provincial government securities except on the same market. There are no municipal debentures guaranteed by the government of the province; and, as a matter of fact, the municipalities have been and are driven in practice to depositing their money in a chartered bank, as the only available place.

What Municipalities Would Have.

The interest on the sinking fund may be estimated at any rate not exceeding 4 per cent. As a matter of fact, outside of the city of Victoria, no municipality has so far been able to get a better rate than 3 per cent. Up until this year the rural municipalities invested in mortgages which brought them from 6 to 8 per cent, and consequently they did not feel the strain of the sinking fund levy as they have been feeling it since, but they are prohibited from doing this under the act.

The aggregate indebtedness of the municipalities of the province, at the present time, is \$93,400,573.42. Assuming the average life of loans at 25 years, the annual amount which is necessary to be paid, by taxation from the inhabitants of the municipalities, if the sinking fund is calculated as bearing interest at 4 per cent (and 4 per cent can be actually realized for the moneys), would be \$318,494 less than if the municipalities only obtained 3 per cent for the sinking funds. Or, if you assume the average annual lifetime of the loan at 10 years, the annual amount saved, if the municipalities could get 4 per cent for their sinking funds instead of 3, would be \$367,996. Or if the municipalities could get 4 1-2 per cent for their moneys, the annual saving would be almost \$500,000.

Would Help to Make Reduction.

The resolution as passed by the convention at Kamloops and as submitted to the government, reads as follows:

"Resolved, that the Union of British Columbia Municipalities recommends the government to create a 4 1-2 per cent issue of provincial stock, with dates of repayment suitable, so that the municipalities can have an issue in which they can invest their sinking funds. This is to be optional with each municipality."

It seems to me that the idea has much to commend it. It would only help Victoria to the extent of a half of 1 per cent, but undoubtedly it would reduce the taxation of the people of the province in a most marked manner. It seems to me incongruous that, having two or three options in the statute, and four places at least, theoretically, that the municipalities can invest sinking

funds at their own option, they should be driven, in practice, to depositing their money in one of the chartered banks, and all that we are asking the government to do is to provide an alternative whereby we can make the terms of the statute effective, and all that is necessary is providing some additional machinery in the office of the Finance Minister.—Monetary Times.

OVERWORKED EXPLANATION.

A visitor in the city from Vancouver is credited with the following:

"These short weights, these short measures, all attributed to the war! Pah! I heard a story this morning about a man in a well known restaurant. This man, as he sat at a table with a friend, frowned, and took his napkin and made as if to wipe off the surface of his plate—but the waiter grabbed his arm.

"Hold on, sir," he said. "Don't."

"But," said the man, "there's a speck on my plate."

"That ain't no speck, old-timer," said the waiter. "That's yer steak. Wartime portions, sir."
