## RUSSIANS HAVE TAKEN FORTRESS OF PRZEMYSL

### HEAD OF PRINCESS PATS KILLED IN ACTION--LOCAL SOLDIER IS SERIOUSLY ILL IN ENGLAND

#### PRZEMYSL TAKEN BY RUSSIANS-- STEAM ROLLER ON THE MOVE

RUSSIAN ARMS MEETING WITH GOOD SUCCESS--TURKS BADLY DEFEATED IN ARMENIA--GERMAN PORT ON THE BALTIC TAKEN BY RUSSIANS.

(Special to The Daily News.)  
Petrograd, March 22.—The Russian arms are now meeting success on all sides. They have just succeeded in taking the important fortified city of Przemyśl, which they have been besieging for six months. The surrender of this important fortress clears the way for the advance of the Russian army in Galicia.

**Beating Turks.**  
The Russian army in the Caucasus announces a sweeping victory over the Turks in Armenia. On the Gradno-Suwalki road the Germans were driven back for a distance of twenty miles. The Russians have also entered and taken possession of the German fortress of Memel, on the Baltic coast of Königsberg.

#### VARIOUS AUTOMOBILE ACCIDENT NEAR SEATTLE

(Special to The Daily News.)  
Seattle, March 22.—In a collision between an auto, driven by C. B. Blethen, editor of the Seattle Times, and a driving party from Kent, Wash., at noon yesterday, E. C. Burke and wife, of Burke-Farrar Co., were seriously injured, and Mrs. Thos. A. Orell, wife of an Ellensburg farmer, was killed. The horses were frightened by two racing cars and fell over a seventy-foot precipice, breaking their necks.

#### VANCOUVER TORIES NOMINATE CANDIDATES

(Special to The Daily News.)  
Vancouver, March 22.—The local Conservatives held their convention here Saturday night and nominated the following: W. J. Bowser, Mr. MacGowan, Mr. Tisdall, F. W. Walsh, Walter Leek and Thomas Duke. The two latter are members of the License Commission.  
John Oliver has been nominated by the Liberals of Dewdney.

#### OMINECA TORIES ARE IN CONFUSION

Information has leaked out from very well informed sources that a secret convention of Conservative party leaders took place Saturday evening at Terrace. Frank Dockrill and Dick Sargent are both striving after the nomination and J. E. Merryfield was sent up by Saturday's train to assist in patching matters up. It is understood that no compromise has yet been effected and they must have been at it all night for Joe's eyes were very red and he was awful sleepy on the train coming in.  
The trouble is that each of the prospective candidates is fairly strong in his own particular district and very weak in the other. Some of them propose boiling them into one and making a fairly good average. It is admitted by many that they are all scared of the Liberal candidate and they may look for a black horse. Sam Newton, who doesn't know \$27,000 from \$81,000 is believed to have the right "stripe."

## TURKS STRENGTHEN DARDANELLES WITH LARGE ADDITION OF TROOPS

Work of Taking Fortress Hampered by Floating Mines and Bad Weather---Bombardment on Thursday Was Effective---Ships Beat Land Guns.

(Special to The Daily News.)  
Athens, March 22.—The Turkish forces on the coast of the Gulf of Smyrna have been reinforced to the number of 80,000. Ten thousand troops have been sent to strengthen the garrison of the Dardanelles.

**Drifting Mines.**  
London, March 22.—Drifting mines carried hither and thither by the shifting currents in the Dardanelles now furnish the chief offensive to the Allied fleets according to a Tondos correspondent of The Daily Telegraph.

With the object of thwarting the work of the mine sweepers, the Turks send out a small craft at night, which cuts the ropes holding the mines to their anchorages, trusting to the currents that prevail to carry some of them against the warships. Such mines have been found on the outside of the straits and had been carried many miles out to sea by the currents.

The indirect fire of the allied ships on Thursday is reported to have been very effective. The Queen Elizabeth lay below Kaleb and did very effective work. A dispatch says Fort Kalid Bahr appeared to have been silenced by the shelling on Thursday and if this should prove to be true it is evidence of great progress.

#### Bad Weather.

London, March 22.—The Admiralty makes the following announcement: "Unfavorable weather has interfered with the operations in the Dardanelles and as seaplane reconnoiterings have not been possible the amount of damage done by bombardment on the 18th cannot be ascertained. No great expectations, however, should be based on this as owing to losses caused by drifting mines the attack was not pressed to its conclusion on that date.

"The power of the fleet to dominate the fortresses by the superiority of its fire seems established.

Various other dangers and difficulties will have to be encountered, but nothing has happened which justifies the belief that the cost of the undertaking will exceed what has always been expected and provided for.  
"The British casualties in personnel are sixty-one men killed, wounded and missing."

#### AVALANCHE AT BRITANNIA MINES

(Special to The Daily News.)  
Vancouver, B. C., March 22.—An avalanche at midnight Sunday fell on the bunkhouses at the Britannia mines. Hundreds of miners are entombed and it is feared there will be a serious loss of life.

The steamer Ballena left Vancouver this morning with doctors, nurses and wrecking crews. The company refuses to issue a statement until the extent of the damage is known.

The camp is two miles from the beach. Much injury has been done to the aerial tramway.

#### ATTEMPTED AIR ATTACK ON PARIS

(Special to The Daily News.)  
Paris, March 22.—Six Zeppelins attempted a Sunday attack but were driven back before reaching Paris. The only casualty was an aged woman frightened to death by a bomb explosion.

#### VICTIM OF VANCOUVER SHOOTING DIED YESTERDAY

(Special to The Daily News.)  
Vancouver, March 22.—Charles Painter, the B. C. E. R. night-watchman who was shot in the abdomen by a thief on Friday morning, died yesterday. The police are seeking the suspected murderer.

#### PRESBYTERIAN SERVICES.

Mr. A. M. Grant, the Presbyterian student-preacher from Terrace, supplied the local Presbyterian pulpit yesterday in the absence of the regular pastor, Rev. H. R. Grant, and his services were very much appreciated.

Mr. Grant, who is taking a course in Westminster Hall in Vancouver, has a great asset in that "spiritual gift," the Scottish "brogue," which has made Scottish clergymen famous wherever they have gone. He also shows the promise of intellectual traits of no mean order and he is likely to be heard from yet.

It is very fitting that the Scots have been identified as the lost tribes of the House of Israel. They seem to turn out more clergymen and a higher grade than any other corner of the globe. No wonder the Scottish Patriarch ended up his petition to the Throne of Grace by the phrase, "And wilt thou prosper thine own chosen people—the Scots."

#### THE DIFFERENCE.

Alex. M. Manson, the Liberal candidate for Omineca, is no relation to Wm. Manson. They do not even go to the same church. Alex. is no weakling that will sit in a corner and whisper, "Yes, Sir," when the big noise commands it. He will be a live representative.—Omineca Herald.

#### NEW YORK POPULATION HAS REACHED 5,333,547

New York, March 22.—New York's city directory for 1915 is out. The book lists 1,104,676 names of individuals and gives the population of Greater New York at 5,333,547.

## LOCAL MAN IS ILL IN ENGLAND-- COL. FARQUHAR KILLED IN ACTION

WILFRED C. MACDONALD REMOVED TO MILITARY HOSPITAL  
—HEAD OF PRINCESS PATRICIAS MEETS HIS DEATH AT THE FRONT.

(Special to The Daily News.)  
London, March 22.—Private Wilfred C. Macdonald, of the 30th Battalion, Second Canadian Contingent, is seriously ill and has been admitted to the Schorncliffe Military Hospital. Next of kin is Mrs. B. Macdonald, of Prince Rupert, B. C.  
Colonel Farquhar, officer commanding the Princess Patricia's, has been killed in action. Colonel

Farquhar was late military secretary to the Governor General the Duke of Connaught.

#### Macdonald Well Known.

Private W. C. Macdonald is well known in Prince Rupert. Indeed, he is one of our pioneers. He has followed the prospecting game for years and was prominently associated with the Queen Charlotte oil fields.

#### ANOTHER GERMAN SUBMARINE VICTIM

(Special to The Daily News.)  
London, March 22.—The British steamer Cairntorr was torpedoed yesterday afternoon off Beachy Head in the English Channel and sank, according to a Central News dispatch from Eastbourne. Her crew escaped.

#### OMINECA CANDIDATE OFFICIALLY RATIFIED

A. M. Manson returned last evening from the Interior, where he held several meetings in the principal centres of his constituency.

On Friday night, at Smithers, Mr. Manson's nomination was officially ratified. Before it was found out that Mr. Manson would consider the nomination for that constituency the names of L. L. De Voin, J. Mason Adams and T. J. Vaughan Rhys had been prominently mentioned. To show the unanimity with which the candidacy of Mr. Manson was received, it is sufficient to say that Mr. De Voin moved the resolution adopting Mr. Manson as candidate, and Mr. Mason Adams seconded it.

Representatives were there from Telkwa, Aldermere, Pleasant Valley, Hazelton, New Hazelton, Skeena Crossing, Chicken Lake, Smithers, Ootsa Lake, South Francois Lake, North Francois Lake and Burn's Lake. All those present showed a united front for the Liberals and great enthusiasm for their candidate, Mr. A. M. Manson.

The meeting at Smithers was presided over by Mr. Laidlaw, the lumber merchant of Burn's Lake.

#### ANOTHER STEAMER BREAKS INTERNMENT

(Special to The Daily News.)  
San Juan, Porto Rico, March 22.—The German steamer Odenwald, which has been interned here since August 6, attempted to escape. She was stopped by gunfire from Morro Castle, and returned to port.

#### EYE-OPENERS

W. J. Bowser says he is going to get seed grain from Alberta for the B. C. farmers. Certainly, he cannot get grain or any other agricultural products at home, but wouldn't it be better to get a little land for the farmer first? The speculators hold it at present.

The Empire seems to think it something in favor of William Manson as a candidate that he is well known; most people think that is his real handicap.

Beware of false prophets. The Empire has joined their ranks and notice is hereby given that as they lack canonical authority they cannot be placed among that group of the verbally inspired. "There is no truth in it."

What does "2 per cent. per annum," mean? Ask the Mayor—at a distance.

## Get on the List!

Anybody who is a registered voter in British Columbia can be transferred to the local list providing he does it forty days before election. As the election date has not been announced there may still be time for this.

Anyone who is not registered and who is six months in the province should apply before April 4, when the new Court of Revision will be held. This will enable him to vote in June if the Federal election is held then.

Apply to L. W. Patmore, G. R. Naden, Williams & Manson, or any other commissioner.
