### MARTIN'S PAPER CEASES PUBLICATION--MAKES BITTER CHARGE ON ROBT. KELLY

#### MARTIN CALLS KELLY GRAFTER--- KELLY RESENTS VIGOROUSLY

MARTIN HAS DEPOSITED \$1,000 WITH BANK OF MONTREAL AND ASKS  
MARTIN TO COVER IT--LOSER'S MONEY TO GO  
TO HOSPITAL.

(Special to The Daily News.)  
Vancouver, April 21.—Joe Martin's paper, the Evening Journal, ceased publication last night. It had published just forty-three issues. The immediate cause of the suspension is said to be a lack of funds.

**Exciting Charges.**  
The Journal went out in true Martin style. The last issue contained a bitter attack on Robert Kelly, alleging that he was a grafter and that he was in with the McBride government and the supply agent of the P. G. E.

#### Calls His Bluff.

Kelly today deposited a cheque for \$1,000 with the Bank of Montreal, which he announces he will forfeit if the charges can be proven. He also announces in an advertisement on the front page of The Sun that he has thrown his books open for audit and gives Joe Martin forty-eight hours to cover his cheque on condition that the loser's money goes to the hospital. Kelly asks him either to do this or admit that he is a "lying and contemptible coward."

#### MONTGOMERY RESIGNS FROM BOARD OF WORKS

A special meeting of the City Council was called last night to pass a bylaw affecting the renewal of treasury certificates. This was done upon the request of the Bank of Montreal's solicitor.

The only other business was the resignation of Alderman Montgomery from the Board of Works. The attitude of Alderman Montgomery was brought about by the fact that the heads of departments are not this year held responsible for their employees. Last year each department had charge of their own hiring of help but this year the City Council has taken this over. As a result the city engineer, who is paid a salary of \$300 per month, must take his orders from an alderman who only gets \$35. He cannot even order a load of rock to be put on the street without trotting after some alderman to get authority. Consequently, the cost of repairs this year is vastly in excess of that of last year. Alderman Montgomery has per-

#### CHEAP FISH DINNER

A splendid opportunity is awaiting the restaurant that will inaugurate a cheap fish dinner. In a city that is the centre of such extensive fishing grounds as Prince Rupert it should be possible to turn out a fish dinner at half the price of a meat dinner. Before this can be done, however, the price of fish must be reduced. At present it is about 15 cents per pound, while it is sold at the dock at 2 1-2 and 5 cents. Why not arrange to have some sold through the city market at very close to cost. If that was done a good fish dinner could be had for 15 cents including all necessities. Surely this one article can be had cheap in Rupert. Is there a genius at the City Council board who will take it up? The cause is worthy. We want cheap fish.

#### WOMAN'S VOTE AIDS LOCAL OPTION CAUSE

(Special to The Daily News.)

Chicago, April 21.—As a result of a local option election in twenty-six Illinois counties, eleven went dry, and eighty saloons were closed. All of this had previously been dry territory. The woman vote was the deciding factor except at Ottawa, Ill., where the majority went against prohibition.

## VANCOUVER PROVINCE SCORES BORDEN'S VOTES FOR SOLDIERS

RIDICULES IDEA OF DRAGGING SOLDIERS OUT OF TRENCHES  
TO VOTE—THINKS CANADIAN STATESMEN SHOULD  
NOT WASTE THEIR TIME THUS.

Academically speaking, the idea of giving the Canadian soldiers at the front a vote at a general election, if that happens to take place during their absence, may be excellent, but to the ordinary citizen the spectacle of our legislators spending a lot of valuable time arguing about it at Ottawa seems rather puerile. Obviously the soldiers will not vote if there is no general election, so that it would see this anxiety to provide them with the rights of free citizens is the real basis for the supposition that there will be a general election this summer.

But supposing there is a general election the extraordinary spectacle of paid civil servants of the Dominion of Canada gravely pursuing the Canadian soldiers through the trenches and taking their names and aforesaid residence in order that they may register a vote is a spectacle which would make the Gods on High Olympus shriek with laughter. There have been many humorous incidents in this war but surely none can be more humorous than the passing of special legislation in order that the patriotic citizens who have for once been able to break away from all politics and do some honest fighting for their country, should be dragged

#### REFUSED UNION BOOKS AND WAS DYNAMITED

(Special to The Daily News.)

Erie, Pa., April 21.—Samuel Leonoff and wife were killed by a dynamite explosion in their home today. Twelve others were injured. Leonoff was secretary of the longshoremen's union and had refused to give up the books owing to a dispute in the accounts.

#### NO DECISION ON GENERAL ELECTION

Ottawa, April 19.—No definite decision as to a general election is likely to be made by the government for some time to come. Should a June election be decided upon, dissolution will probably occur about May 1. Owing to the absence from the capital of several ministers, including Hon. Messrs. Rogers, White, Cochrane, Hazen and Casgrain, the matter has not been considered by the government since Parliament prorogued.

## GERMANY ANGRY WITH STATES--- HOPES JAPAN WILL FIGHT THEM

GENERAL LULL ON WESTERN FRONTIER AND FEELING THAT  
TRENCH FIGHTING IS NEAR AN END--GERMANS  
TO ASSIST IN CARPATHIANS.

(Special to The Daily News.)

London, April 21.—There is a lull on the Belgium-France lines. The Germans are moving men and munitions to the Carpathians. It is believed that the trench fighting is near an end.

The Berlin papers are delirious with joy over reports of devastation and terror in England as a result of the Zeppelin raids. The hope is expressed that the United States and Japan will engage in war over the Turtle Bay incident. They say that as the States

has forfeited the German love they deserve to taste the bitterness of war.

#### FIRE IN DECATUR.

(Special to The Daily News.)  
Decatur, Ill., April 21.—There was a \$222,000 fire in the business section of this city today. The Decatur and the Arcade Hotels were destroyed.

W. C. Mehan, superintendent of the G. T. P., left for the Interior this morning.

#### COURT OF REVISION MAKES REDUCTION

The Court of Revision met yesterday in the City Hall to complete its work. A general reduction of 15 per cent was decided upon for all the property in the city.

A little fireworks was exhibited by the Mayor when he found out that the reduction would affect his qualification for Mayor. It appears that the Mayor transferred all his property out of his own name except the \$1,000 required for his qualification and to reduce

#### BY GEN. FRENCH

"Who are these?" says Gen. French to his aid-de-camp.  
"They come from Canada, sir," says he saluting.  
"More brave Canadians, eh! That is good," says Gen. French.  
"But, sir," says the aid-de-camp, "they do not come to fight. They are politicians, not soldiers. They come to ask you to stop the war for a day or two. Their request, as far as I can make out, is that you will call all the Canadian troops out of the positions they hold and order them to the rear to talk politics and hold an election."  
"Hold a what?" says Gen. French.  
"An election, sir. They are having an election in Canada and they want the soldiers' votes."  
Gen. French tried to speak, reeled and fell.  
"Fetch a surgeon, orderly!" shouted his aid-de-camp.—Toronto Star.
