

## Dr. Price's CREAM BAKING POWDER

For sixty years Dr. Price's Cream Baking Powder has been the standby of countless housekeepers who have relied upon it for healthful, home-baked food.

Dr. Price's contains no alum. There is never any question about the absolute purity and healthfulness of the food it raises.

### SUCCESSFUL CONCERT BY 68TH EARL GREY'S

The regimental concert of 68th Earl Grey's Own Rifles in the Westholme Theatre last night was successful from every standpoint. Major McMullin announced that he would be able to send \$135 to Colonel Peck for the benefit of the boys at the front; nearly every number was heartily enjoyed, and everybody was delighted with the variety of the program.

Mrs. Hemmel's singing of "Your King and Country Want You" and Miss Nauman's rendering of Tosti's "Good-Bye" earned well merited recalls.

Miss Muriel Patmore charmed everyone with her graceful dancing, while Miss Eileen Patmore, a cute little mite with a sweet little voice, captivated all with "Tipperary" and the chorus of "Rule Britannia."

The Welsh Quartette sang, as they only can sing, and Miss Shaw brought down the house with an imitation of Vesta Tilley.

Instrumental music played an important part in the program and in this department Miss King, with a violin solo, and Mr. Pescott with a euphonium number, performed acceptably.

The City Band did well under their new leader, Mr. Pescott, and the Westholme Orchestra gave of their best, their rendering of the overture to "William Tell" being magnificent.

Mr. Oram's comic singing and monologue kept the audience rocking, while he later displayed an appreciation of the more serious side of his art in a dramatic recitation of Kipling's "Gurgah Din."

Mr. J. C. Brady delivered "The Eve of Waterloo" in his best style and responded with "the Charge of the Heavy Brigade at Balaclava."

The sketch, "The Real Q" was well staged and Messrs. G. S. Fitzmaurice, C. Vaughan and Sergeant Whitley acted quite convincingly.

Bayonet drill by a squad of the 68th under Sergeant Bachelor concluded a most enjoyable concert.

(Continued from Page Three)

to America and to England of that vast ocean brought so close to our market by the opening of the Panama Canal, and also of the Grand Trunk Pacific Railway. In those hundreds of sheltered and almost land-locked harbors and in that vigorous, equable climate is a happy hunting-ground for countless families from these congested islands. Wherever the community locates itself, there the shore must be cleared of timber, and the cost of building what a correspondent of mine describes as a 'pretentious bungalow of four rooms and a bathroom' is only \$500. There has already been opened in Prince Rupert a very large cold storage market, where halibut and salmon can now be sold across the counter for 2d a pound. The Dominion government is also constructing at Rupert the largest drydock on the Pacific Coast—a dock that will receive a warship with a displacement of 20,000 tons and of a length of 600 feet. The present monthly wage disbursements in this vast dock are \$20,000. Bearing in mind the high rate of wages earned by the artisan class now engaged on the construction of this new City of Rupert, namely, 12s to 18s a day, there exists already a great and growing market for any produce which can be grown by the soldier settler on the many fertile islands just off the coast.

"And I might add one further word—an appeal to the cupidity of the benevolent. If care is taken in the selection of a good harbor, perhaps on the north shore of Graham Island, a colony of 200 soldiers with their families will form the nucleus of a new town, certain to grow fast; cert.

At the interval, Canon Rix delivered an impressive speech, calling upon the audience to stand in silence for half a minute in token of regard for the men who are fighting for us in the trenches.

### BAY VIEW HOTEL BURNS DOWN—MANY GUESTS LOSE THEIR EFFECTS

(Continued From Page One.)

ton, Miss Whitley, Miss Woodyard, Miss McNaughton; Messrs. Fall, Heward, Smith, J. L. Mitchell, Thomlinson and Calloway.

The Bay View has been one of the most popular resorts in the city and under the charge of Mrs. Emmonds was always well patronized.

The building belonged to Jerry Bonneau and was well insured. The furnishings, which belonged to Mrs. Emmonds, were also insured.

The fire department, under Chief MacDonald, did excellent service, but the fire was too far ahead before the alarm was sent in. The nearest hydrant, too, was on Third Avenue, which hindered considerably.

Another thing that hastened the fire was the opening up of the upstairs back door, which gave the fire a vent and soon spread all over the building.

### "THE CALL OF THE NORTH"

Will Open at the Westholme Theatre Tonight.

An event of unusual importance at The Westholme is the showing of the great five-reel feature, "The Call of the North," tonight.

The story as told in the pictures has been taken from the famous novel, "The Conjuror's House," and tells a most interesting tale of love, hate and romance in a frontier camp on the lone shores of Hudson Bay.

It is a typically Canadian story and will appeal in particular to many people here as it deals with a type of character well known throughout the great North and Northwest, the pathfinders, who paved the way for future generations.

Mr. Robert Edeson, who plays the leading part, is himself a Canadian and his thorough knowledge of the type portrayed is shown in his excellent interpretation of the part.

On Friday and Saturday, "Dough and Dynamite," a two-reel farce comedy featuring the greatest comedian of the age, Mr. Chas. Chaplin, will be shown and will without doubt draw the usual crowded houses which inevitably greet this great fun-maker.

and the advance in the value of the lands around the harbor will in a year or two pay back the entire initial cost of the soldier settlement. Recall that the shortest and quickest route to China and Japan from Europe, a route more than 1,000 miles shorter than via San Francisco, will now pass along the north coast of Graham Island. These Pacific Coast towns have all shown a startling growth; nor is this remarkable. They enjoy a beautiful climate and scenery, with every kind of outdoor sport for rifle, gun, and rod, and while wages are higher, the cost of living is lower, than anywhere on the American continent."
