We took 230 men and three officers prisoners and several ma-

chine guns at Carency. The enemy's automobile reinforcements failed.

Four strong counter-attacks were driven off with heavy losses to the enemy at Lorette, Sanchez and Nouvelle Sainte Vaasta. At the latter place we took 100 prisoners.

AUSTRIA ACCEPTS ITALY'S DEMANDS

(Special to The Daily News.)
Rome, May 11.—It is reported that Austria has accepted all of Italy's demands.

Austria has agreed to cede the province of Trente, as far as Brenner in the Tyrol, with the ports of Trieste, Capodistria and Pola.

If this report is true, it is evident that Germany is physically unable to handle any more than she has at present, in spite of all her threats against Italy.

LOCAL IMPROVEMENT REBATE.

On behalf of residents on Conard Street, Alderman Casey asked the Council last night when a rebate might be expected on the local improvement tax, as the rate-payers in that district had been charged on the estimated cost of the improvements, and the actual cost was considerably below that estimated.

The city engineer explained that a rebate would be made when the fund covering the improvements allowed, which might be some considerable time.

BOARD OF TRADE AND CITY MARKET

At the City Council last night, a long letter from the Board of Trade dealing with the running of the City Market was presented.

Acting Mayor Dybhavn suggested that it be referred to the Market Committee, but Alderman Casey asked that the letter be read, if it were not too long, as the City Market was one of the most important things they had to deal with.

The communication was signed by W. P. Lynch, who explained that, in the absence of the other members of the committee, he had undertaken to make a personal report.

The writer drew attention to complaints from outside points as to the management of the market in the past, and offered some suggestions for the future.

Alderman Nicol moved that the letter be referred to the Market Committee.

Alderman Casey moved an amendment that the letter be sent back to Mr. Lynch. The amendment carried.

FEELING RUNS HIGH IN BRITISH SEAPORTS

(Special to The Daily News.)
London, May 11.—There have been terrific anti-German outbreaks in practically every seaport in Britain.

CITY MARKET MANAGER.

At the City Council last night, ten applications for the post of market manager were read. The commissions mentioned varied from 5 to 15 per cent. One applicant suggested that permission be given to buy goods in the South as the local season is short.

The local applicants were Arthur Shepherd, George Syrotuck, W. A. King, Frank Clapp, T. J. Davidson, F. B. Holland, M. M. Wells, James Krikensky, Catherine Braun, and R. Braun. Mrs. Catherine Braun is the nominee of the Kitsumkalum Farmers Mutual Association, and Frank Clapp is recommended by Terrace growers.

The applications were referred to the Market Committee for consideration and report.

The Autobiography Of A Sham Shoe

(BY H. F. GADSBY.)

In the battle thunder do not forget me. If I did not distinguish myself at Neuve Chapelle and Langemarck it was not my fault. I was willing enough but I never had a chance. I am one of the sham shoes.

My twin—I am the surviving member of a pair—was incinerated with a lot of other garbage at Salisbury Plain, but I escaped to Canada through the good offices of the captain, who was anxious to show the parliamentary committee what the profit-taking patriots were putting over in the way of shoes for soldiers. His language as he tied me up and ticketed me was quite unfit to print. The mildest thing he said was "Damn!"

I was born somewhere in August, 1914, at a shoe factory in Montreal. The auspices were happy. My godfather, who is a director and heavy shareholder in the business, gave me a rattling good start. He looked me over, I remember, and said something about every peg riveting the Empire more firmly together. My godfather is a pleasing speaker who sees sermons in stones, books

in the running brooks and metaphors in everything.

He has a patriotic lecture which has been successful at many tea meetings and he is so intensely dedicated to public life on the highest moral plane that he has no time to bother himself with sordid details. This probably explains why I went to the bad in short order although I was the object of a good man's prayer at the outset. Too much prayer, perhaps, and too little real leather. At any rate, I didn't last. I hadn't the stuff in me. I am not blaming my godfather. He is a fine man and evidently has friends on the committee who will not let the breath of scandal touch his name. What I am saying is that he doesn't get down to brass tacks. He is so unworldly that he doesn't want to know how his shoes or his dividends are made.

If you ask me, I would say that the factory superintendent is the man who is responsible for my weakened constitution. After prayer was over, I heard him giving orders to the head foreman. (Continued on Page Two)

FIGHT PROHIBITED BY VANCOUVER COUNCIL

(Special to The Daily News.)
Vancouver, May 11.—The City Council has prohibited the Alberts-Barrieau fight for the welterweight championship tomorrow in the Horse Show building after the Mayor had previously sanctioned it.

RENT AND LIGHT OF PREMIER HOTEL

At the Council last night, a letter was read from Superintendent Duncan regarding the charge for lighting the old Premier Hotel during its occupancy by the troops.

It was decided to charge lighting up to April 30th to general fund, and that after May 1st it be charged to the Militia Department of the Dominion government.

Alderman Montgomery objected to the stand taken by the Council last year in giving free light to the barracks.

Alderman Casey could not see why the city should be obliged to pay for something which should be spread over the Dominion.

Alderman Montgomery raised the old question of rent. The rent of the old hotel had been charged to the Militia Department, but they had referred it back to the city. Alderman Montgomery, seconded by Alderman Casey, moved that the city solicitor be asked to report on the matter.

AUSTRIA CLAIMS LINER IS BATTLESHIP

(Special to The Daily News.)
Venice, May 11.—Vienna papers justify the sinking of the Lusitania. They claim that the liner was the same as a British battleship, and hail the disaster as a naval victory for Germany.

CHEAP COOKING POWER.

The City Light Department suggests, that, in order to encourage cooking by electricity, those who have recently put in electric cooking appliances of a small type should not be put to the expense of extra wiring and the installation of a second meter.

They plan to take the average of the past few months' light bills, and any additional power used will be charged at power rates instead of light rates.

PRESIDENT WILSON STILL FOR PEACE

Philadelphia, May 11.—President Wilson has indicated in a speech here yesterday that the United States will remain at peace, but will try to show Germany the great injustice to humanity she has committed, by the sinking of defenceless steamers without warning.

DIGBY WATER SCHEME.

The Council last night passed the new clause in the agreement with the Dominion government regarding the Digby water scheme.

The new clause provides that the work be done by day labor, the cost of labor not to exceed \$26,000.

In this connection, the following letter from J. R. Morgan, offering to do the work for \$21,000, was read:

Prince Rupert, B. C.
May 10, 1915.

The Mayor and Council,
Prince Rupert B. C.:

Gentlemen—I learn that your body are negotiating with the Dominion government re the laying of a pipe line over city property to Digby Island for which the city is to reimburse the government to the extent of \$26,000, covering the labor in connection therewith. As a contractor in this line of work, and after having carefully investigated, I find I am in a position to take a contract covering all of this work for which you propose to pay the government \$26,000 for the sum of \$21,000, thereby saving the city \$5,000. I am in a position to put up the necessary bond, guaranteeing the faithful carrying out of my proposal.

Believing that the saving of the sum of \$5,000 to our city will appeal to you, I am,
Yours respectfully,
J. R. MORGAN.
