THE LONG EXPECTED RAID DID LITTLE DAMAGE—MILLIONS KNEW NOTHING OF IT UNTIL THEY READ REPORT—MAJESTIC OFFICERS SAVED—RUSSIAN SUCCESSES.

(Special to The Daily News.)  
London, June 1.—The long expected Zeppelin raid on London was made last night, and millions of people remained in utter ignorance of the fact until they read the Admiralty report in the papers this morning.

Very little damage was done. Several fires were started but were soon quelled.

**Majestic Officers Saved.**  
London, June 1.—The Admiralty has made an announcement that all the officers of the Majestic were saved. The transportation of Turkish troops in the Cardanellas is being impeded by a British submarine which is cruising off Constantinople.

**Russian Successes.**  
Petrograd, June 1.—An official

report says: "In the Shavli region, the Germans continue to resist our offensive with violent fire, but the fighting in this district continues in our advantage."

"On the front between the River Pilica and the upper Vistula, we captured 109 officers and 18,617 rank and file.

"In Galicia, the battle on San River is developing in our favor. Our troops have successfully assumed the offensive. Last night we crossed the River Lubaczowka and occupied the village of Monasterzn, inflicting heavy losses upon the enemy.

"An offensive move by the enemy along the road from Jaroslau to Radymno in an easterly direction has been stopped by our fire."

These forts are situated at the entrance to Admiral Inlet, in Puget Sound, almost directly opposite Victoria, B. C.

#### TREASURY CERTIFICATES.

At a special meeting of the City Council on Saturday, May 29, to discuss the question of £281,000 of treasury certificates falling due in London on June 1, it was decided that the Bank of Montreal be asked to try and get these renewed for one year.

Failing this, the bank was authorized to take whatever steps it deemed necessary to prevent default.

#### WANT SIDEWALK.

Residents on Seventh Avenue between Claude and Donald Streets have petitioned the City Council for a sidewalk in their locality.

They pointed out that the city has the necessary lumber and that they would do the work, thus providing the city with a sidewalk for the cost of the lumber.

The matter was referred to the Board of Works.

#### BARBERS' DISCUSSION.

The question of the ownership of the Cozy Barber Shop came up last night at the City Council meeting in connection with the barbers' petition. The statement was made that Mr. Ehling still owns this business.

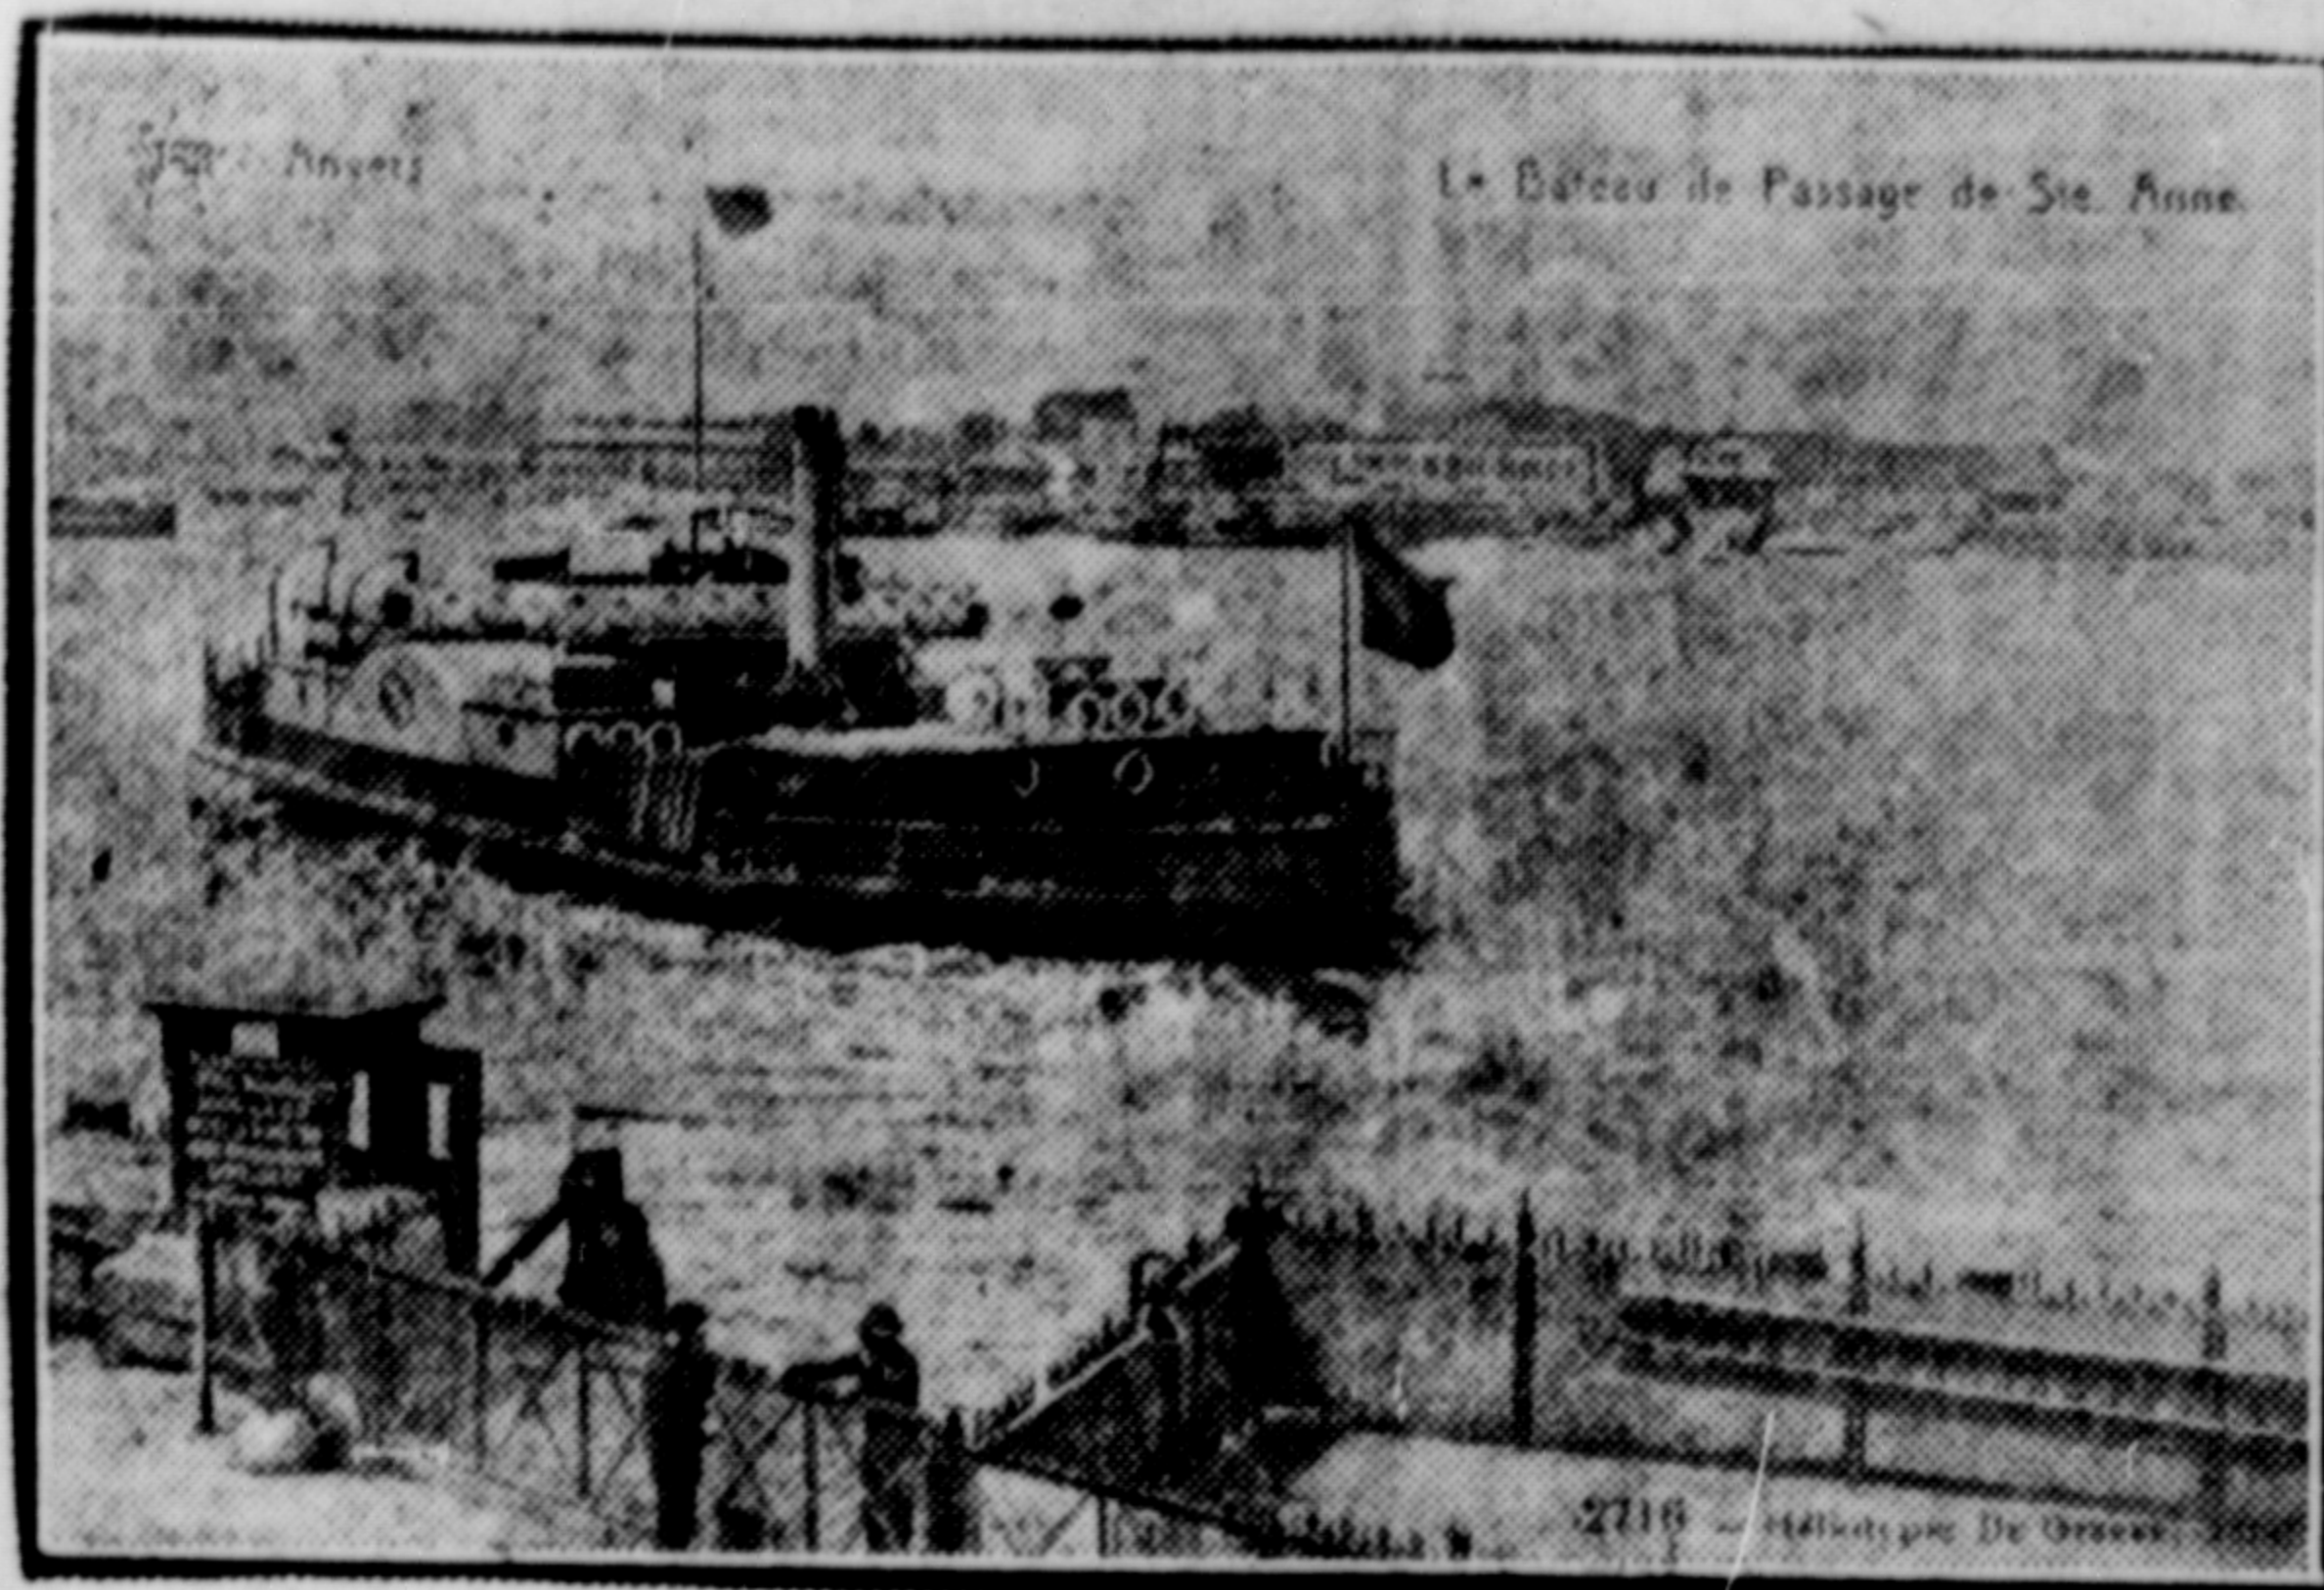

On making enquiry this morning, The News finds that Roi Barnes and Jack Judge own this shop, and that the misapprehension arose through their not having taken out a new license, as Mr. Ehling's license does not expire until July 15.

This, they have now rectified, and all is well with the Cozy Barber Shop.

#### PARTIES OF TOURISTS COMING THIS SUMMER

News has been received that several parties of tourists are passing through Prince Rupert enroute to the Panama Exposition in July next.

One party consists of over 100 people from points east of Winnipeg. They will reach Prince Rupert about July 14th next, and wish to stay over long enough in Prince Rupert to make side trips.

Another party consisting of young ladies, winners in newspaper contests, over 100 strong, will arrive here July 21st. They are intending to stay over half a day, but if side trips can be arranged will make a longer stay. They come from Halifax, Montreal, London, Boston (Mass.), Lawrence (Mass.), Manchester (N. H.), Detroit, Winnipeg, Edmonton, Calgary, etc. Over \$30,000 of newspaper publicity has already been given to this party and the Eastern press has arranged to have reports of their progress through the districts covered wired daily to each paper interested.

Another party consists of educators county and city superintendents of schools, etc., and will arrive early in August at Prince Rupert. They are making a stop-over in Prince Rupert for side trips of one day or longer, provided there are facilities for convenient sight-seeing. These people will have a special train, and come from points in Minnesota, North and South Dakota, Iowa, Illinois and Nebraska.

The Board of trade has the matter of entertaining these parties by way of organizing transportation facilities, etc., under consideration.

There is no doubt that Prince Rupert will get considerable notice through parties of this description, of which the above seem to be the advance guard of the 1915 travel.

#### G. T. P. NEW SCHEDULE BEGINS NEXT WEEK

W. C. C. Mehan, general superintendent of the G. T. P., returned Sunday evening from Edmonton, after having made arrangements for the starting of the new train schedule. The first train under the new arrangement will arrive in Prince Rupert on Wednesday, June 9, at 6:15 p. m., and the first departure will be on Thursday, June 10, at 10:30 a. m.

Thereafter, trains will arrive in this city on Monday, Thursday and Saturday evenings at 6:15, and will leave for the east on Monday, Wednesday and Friday mornings at 10:30.

Every Monday morning a tourist car will leave Prince Rupert in addition to the standard sleeper. These cars are electrically lighted throughout, having electric reading lamps at either end of the berths, both upper and lower. In order that tourists may travel in luxury, in the hottest weather, through the Northern Alps, and along the wonderful Skeena River, the company has provided electric fans which keep a continuous current of cool fresh air circulating.

Another great advantage resulting from the changed schedule is that all trains will now go right through to Winnipeg.

Commencing on Monday, June 8, the Grand Trunk Pacific Steamship Company will make three trips each way weekly between Seattle, Victoria, Vancouver and Prince Rupert. The steamers Prince Rupert and Prince George will make the runs in the fastest time ever made on the Coast. The boats will leave Vancouver on Tuesdays, Thursdays and Saturdays at 12 midnight, arriving in Prince Rupert at 6:30 a. m. on Thursdays, Saturdays and Mondays. Returning boats will leave Prince Rupert on Thursdays, Saturdays and Tuesdays at 10 a. m. and will arrive in Vancouver Fridays, Sundays and Wednesdays at 4 p. m.

The boat which arrives in Prince Rupert on Mondays will make the trip to Anyox.

#### ITALIANS STEADILY ADVANCE KEEPING THE AUSTRIANS MOVING

ITALIANS OCCUPY THE HEIGHT OF ZUGNA AND MOUNT BELVEDERE—INFANTRY SOLIDLY ESTABLISHED—ALL ATTACKS REPULSED—GERMAN CONSULATE BOMBARDED.

(Special to The Daily News.)

Rome, June 1.—(Official)—Our forces continue to advance beyond the Tyrol along the Trentino frontier. They now occupy the height of Zugna, dominating Bovertio. The Austrian fort of Belvedere is weakening and our infantry is solidly established and Mt. Belvedere is in our hands.

Our Alpine troops repulsed five attacks of a machine gun battalion on Mt. Croco, putting the enemy to final flight.

Near the northeast of Panevegis, a hostile detachment began to entrench itself, but was forced to retire before our fire.

**Consulate Bombarded.**

Paris, June 1.—As a result of the German consul at Haifa, Syria, inciting the Turks to fire on

a boat carrying a flag of truce and to violate the French graves at Haifa, a French cruiser bombarded the consulate after giving due notice. No other buildings were hit.

#### PHOTOGRAPHERS' PETITION.

The City Council had before it last night a petition from the local photographers asking that the license bylaw be amended in order to deal with transient photographers.

The petitioners suggested that all photographers who could not show that they had paid two months' rental for recognized business premises, not including hotels or boarding houses, be classed as peddlers, in order to protect taxpayers who were doing a legitimate business.

The matter was referred to the License Committee for report.

It is on a good wagon road at the head of Fraser Lake. Part improved; rest can be cleared for \$45.00 per acre. See Roye at the Royal Hotel before Wednesday morning.

#### BERLIN BOARD OF TRADE PRESENTS RESOLUTIONS

Two lengthy resolutions, passed recently by the Board of Trade of Berlin, Ont., were read at the City Council last night. They dealt with the question of employment for ex-service men after the war, and that of Canadian fire losses.

In the first, they pointed out that many of the best men in the country had made great sacrifices in fighting for the Empire, and urged that some employment scheme be drawn up so that those brave fellows might be provided with employment on their return.

Many would be unfitted to return to their former work, and many others would come back to find their places filled.

The second resolution urged that steps be taken to reduce Canada's enormous fire losses. It pointed out that losses through fire in Canada are greatly in excess of such losses in European countries, and that, consequently, fire insurance rates are much higher.

Alderman Kerr remarked that Prince Rupert had a smaller fire loss pro rata than any city in Canada, and therefore the question was not a burning one here.

Berlin Board of Trade has sent copies of these resolutions to the Dominion government and to each provincial government, and all municipalities in the Dominion.

They were referred to the Finance Committee.
