At a special meeting of Council it was decided that the city could finance to the end of the week by the purchase of \$100,000 of local improvement bonds with the sinking fund installment. SEEKS EXPORT MARKET FOR LOCAL PRODUCE

Mr. J. R. Kwipil, representing F. G. Dawson, left last night by the S.S. City of Seattle for points in Alaska to make arrangements for the marketing of a portion of the Terrace and Kitsumkalum strawberry crop. Indications point to a bumper crop of strawberries this year and it speaks volumes for these districts, when our wholesale merchants find it necessary to seek an export market in which to dispose of a portion of this crop.

Mr. Dawson made several shipments of berries last year to Alaska points, and met with sufficient success to warrant making further efforts to increase this export trade.

SIR JOHN SIMON • WALTER LONG • REGINALD MCKENNA

SIR EDWARD CARSON • WINSTON CHURCHILL • SIR S. BUCKMASTER

UNEXPECTED CHANGES IN COALITION CABINET—Sir John Simon is now Home Secretary. As Former Attorney General he was probably offered the High Chancellorship. Walter Long is president of the Local Government Board; he replaces Samuel, whose exclusion is a great surprise. Reginald McKenna gets next in importance to the Premiership. Sir Edward Carson, as Attorney General, gets the office with the most money in it. Winston Churchill's removal from the Admiralty was fore-casted, but that he should be deliberately shelved to the Chancellorship of the Duchy of Lancaster was unexpected. Sir S. Buckmaster gets the Lord High Chancellorship, the highest legal office in the Empire.

GRAND TRUNK OFFICIAL GETS IRISH SHILLELAGH

Montreal, June 4.—H. R. Charlton, the general advertising agent of the Grand Trunk System, received today an interesting souvenir of a visit paid to Canada by a party of prominent British journalists.

Among the newspaper men was T. Moles, of the Belfast Telegraph, Belfast Ireland. Mr. Moles has now sent to Montreal for Mr. Charlton's use a splendid specimen of the genuine Irish shillelagh, some two feet in length and decorated with the shamrock emblem. The shillelagh attracted a great deal of attention on its arrival at Grand Trunk headquarters. In sending it Mr. Moles wrote:

"The real shillelagh is a little difficult to get now, the Americans having scooped such as are easily available. This particular one was grown at the foot of Slemish Mountain, upon which, you may know, St. Patrick, the 'patron saint' of this country often herded sheep. In case you find it necessary to lay somebody out, a wallop with this will be almost equivalent to having him die in the odor of sanctity."

KING OF GREECE SERIOUSLY ILL

BASEMENT OF SUGAR REFINERY FILLED WITH GERMAN DEAD—GRIM STRUGGLE FOR GERMAN BASE—3,000 GERMANS BURIED AND 3,000 TAKEN—MORE TRAWLERS SUNK.

(Special to The Daily News.)

Paris, June 5.—The capture, by the French, of a sugar refinery at Souchez reveals the basement of the factory filled with German dead. The German batteries were demolished by artillery.

Furious at the loss of their base for attacking Ablain, the Germans made a furious attempt to retake it, and succeeded at midnight, but, aided by reinforced

ments and artillery, the French again recaptured the position.

In the last three weeks, the regiment engaged has buried nearly 3,000 Germans and has taken over 3,000 prisoners.
