DRASTIC REDUCTION OF STAFF PROPOSITION BEFORE COUNCIL

HEATED DISCUSSION BETWEEN THE MAYOR AND ALDERMAN MONTGOMERY—MAYOR CLAIMS QUESTION IS BEING BROUGHT UP TO EMBARRASS HIM PERSONALLY

The following proposal, signed by T. R. Maitland and W. H. Montgomery, was placed before the council last night:

Prince Rupert, B. C., June 21. To the Mayor and Council, Prince Rupert, B. C.

Gentlemen:—Owing to the demand from the public for a reduction of the operating expenses of the city, we submit to council for their consideration the following proposals; if carried out would save the city about \$9,200 per annum, without impairing the city's efficiency to a great extent for the time being.

1. Suspending the office of City Purchasing agent.
2. Appointing City Engineer as City Assessor according to law, for the remainder of the year, clerical work to be carried out in the treasurer's office.
3. Building Inspector's duties to be carried out by Fire Chief.
4. Plumbing Inspector, Water Superintendent and Assessor's duties be carried out by City Engineer.
5. The position of assistant engineer to be declared vacant until such time as it is necessary to appoint one.
6. City store to be looked after by the fire brigade, with regard to superintending the receiving and delivering of stock on orders from the Board of Works.
7. The amalgamation of City Clerk and Treasurer's duties, as those positions frequently overlap.
8. The reduction of the police force to four officers, which we consider ample.
9. If the Council seriously considers the reduction of salaries as other cities have done, we recommend that only salaries over \$100 be operated on and that on

a fair percentage to all affected, showing no favors to any.

These recommendations are not made with any malice or charge of inefficiency, but purely as a matter of duty as we see it, at this very trying time and further we recommend that this Council or future Councils will reappoint those same officials as soon as necessary.

We remain,
Yours truly,
W. H. MONTGOMERY.
THOS. MAITLAND.

Alderman Maitland stated that Vancouver and most other cities as well as most business houses had carried out such schemes of retrenchment, and he thought that it was time Prince Rupert did likewise.

The mayor said he did not know how to take the proposition. He had been trying for months to get the council to grapple with the question, but could not get the members to make a suggestion of reform. The mayor waxed very indignant over the fact that two weeks ago the council decided to add a market manager's salary to the city's burdens, while today they brought in a suggestion to cut down the City Hall staff. He felt that the move had been made simply to embarrass him.

Alderman Montgomery said he viewed it purely as a business proposition, and brought the suggestion forward as a matter of public duty. He had no intention of embarrassing anyone. The council could do whatever it thought right in the matter.

Alderman Maitland remarked that the proposition seemed to have excited the mayor somewhat. He reminded the mayor that only last Wednesday he stated his plan to him as plainly as he could and that the mayor said he had taken the matter up with Mr. Johnson, and the treasurer had

GALLIPOLI PENINSULA SIEGE FLEET GETTING ACTIVE AGAIN

WILLIAMS & MANSON GET JUDGMENT IN CIVIL CASE

The case of Williams & Manson vs. Beaton & Kuhes was concluded today. The action was one to recover \$3,900 claimed as due by the defendants to the plaintiffs. Mr. Justice Gregory found for the plaintiffs' remarking that Mr. Williams and Mr. Manson had given their evidence accurately and straightforwardly, while Mr. Beaton for the defence had not done so.

Fred Peters, K. C., appeared for the plaintiffs, and J. A. Russell of Vancouver for the defendants.

informed him that no further reduction could be made. In regard to the salaried market manager, Ald. Maitland stated emphatically that it was a case of hiring a salaried man to save the people money, by having the market conducted properly, or let the market be closed up.

The mayor said that when the council members showed an inclination to grapple with this question seriously, they would find him ready to help.

Alderman Casey suggested that the proposal be dealt with clause by clause. He did not see that the market question entered into the matter at all, but would say in passing that the salaried market manager proposal and this retrenchment proposal were exactly along the same lines. They both were meant to save the people money. The market with a commission agent in charge was an utter failure, but the market under a salaried man could be made a great boon.

It was finally decided to leave the matter over for one week.

The city light department shows a deficit of \$24.16 for the month of May, while the phone department shows a profit of \$436.95 for the same period.
