New Party. In Politics.

With all the proper formalities a new political party has been launched at Ottawa, which is pretty much the same old party under a new name. The change of name from Unionist to National Liberal and Conservative party has given one or two men an opportunity to break away and go back to their former affiliations. Hon. J. Wesley Rowell, as an example, says he cannot support the new party.

The general understanding of the new combination is that it is to be Conservative. It is expected to include the Conservative group headed by Robert Rogers of Manitoba, which has been taking exception to the Union Government and especially to Rowell as a member of it. His dropping away gives an opportunity for the others to return.

Old Platform Under New Name.

There is nothing new about the platform adopted by the Nationals. It has all the old planks and no new ones. Most of the planks, as the despatch of today intimates, are very vague and mean absolutely nothing. Everyone is in favor of adherence to Great Britain but all do not shout about it. The League of Nations is an accomplished fact. Tariff revision has been a plank in every political platform for many years. Steps have already been taken for the amalgamation of the Canadian National and G. T. P. Railways. The militia is being reorganized, and the movement for the organization of an air service is already under way. As a matter of fact the National Liberal and Conservative Party stands for NOTHING.

Sad Death of Local Boy.

Everyone was grieved to hear of the sad accident at Shawatians Lake when Jack Dalziel was the victim of a drowning accident. In these cold waters it is most unwise to take risks, for swimming is difficult except in a few favored spots such as the salt lakes. Here was a boy who was able to swim and yet who was unable to reach shore when an accident happened. It is to be hoped that the tragic event will prove a lesson to others to be more careful.

Graduated Tax On Legacies.

The Dunsmuir estate has been sworn in at \$10,000,000. Of this ten per cent goes to the Government in inheritance tax. If the Government took fifty per cent of the amount, no one would be injured, for the estate is large enough for all the family to have enough and to spare.

The inheritance tax is one that could well be raised. On a graded scale it would not be a hardship on the poor family and yet it would prove means of raising a good deal of revenue and would tend to keep the country from falling into the hands of an aristocracy of wealth. With a minimum of ten per cent, graded up to fifty or seventy-five per cent on very large amounts, the tendency to accumulate would be discouraged and the danger of too great wealth be minimized.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER

917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health."

I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good.

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I think the great fruit medicine, 'Fruit-a-tives', for this wonderful relief?"

PRINCE RUPERT TIDES

Saturday, July 3.
High, 2:13 a.m., 20 feet.
15:37 p.m., 18.4 feet.

Low, 8:52 a.m., 3.1 feet.
20:54 p.m., 7.6 feet.

Sunday, July 4.
High, 2:48 a.m., 19.6 feet.
15:40 p.m., 18.3 feet.

Low, 9:21 a.m., 3.5 feet.
21:39 p.m., 7.5 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

THE DAILY NEWS

Ten Years Ago in Prince Rupert

JUNE 3, 1910.

The public school promotions are announced by Principal D. McD. Hunter and the teachers, Misses Martin, Harrison and Mebius, have been kept busy for the past few days getting the names in proper order of proficiency.

Contractor Young went up the river this morning to start the work on the Zanardi railroad bridge. He took a big outfit to handle the heavy steel girders. The contractor does not anticipate any labor difficulties as he is only hiring skilled men at 50 cents per hour.

Mayor Stork received a letter this morning announcing the fact that Col. Davis, the city engineer, will arrive from Berlin on Saturday, July 15th.

Neil McInnes has been appointed fire chief by the fire and water committee.

The first moonlight excursion of the season will be run on Wednesday night on the steamer Indianer by one of the girls' classes in the Presbyterian Sunday School. The proceeds will be devoted to placing a window in the new church.

The Man in the Moon SAYS:-

THAT when Premier Borden announced his resignation, the caucus sang "For he's a jolly good fellow."

THAT his followers are wondering why just at that time.

THAT the jazziest thing in town for many a day was the Jazz carnival.

THAT the second night had even more pep to it than the first.

THAT the iron cannot be as hot as it used to be because there are nothing like as many strikes as there were.

THAT what has happened to all the overalls we were expecting to have to wear?

THAT under proportional representation in Manitoba, Attorney General Johnson and Labor Leader Nixon were elected side by side in the same city and on the same vote. Nix on this P.R. stuff.

THAT there is a chance for Prince Rupert to distinguish herself by initiating a movement for compelling everyone to be ten minutes late. It might be called the Prince Rupert Movement.

THAT doubtless a number of orators could be found who would campaign in such a noble cause.

THAT the members of the bar association are wondering what is to be done about that new bar law. The girls are to be barred not only from selling malt goods but also from entering places where malt goods are sold. What is good for a man is not good for a woman, it seems.

THAT it is now the chance for ex-alderman Kirkpatrick to rise and demand equal treatment for women.

THAT doubtless this attempt to oppress the weaker sex comes from the fact that there is no woman on the council board.

TINY TIMS WIN

Take League Game From Drydock Ball Team.

In the Junior baseball league match at Market Place last evening the Tiny Tims brought home another victory from the Drydock team. The game was one of the closest that has been played at the McBride Street field this year. Both teams were playing well and the runs were kept down to 3 each.

The lineups as they fielded were as follows:

Drydock — B. Lundquist, W. Grossley, Tom Fraser, Jack Kask, Jim, George Blyth, George Walsh, Arnold Phillipson and Horace Tattersall.

Tiny Tims — P. Black, C. Clapp, J. Kelly, Sir Anderson, Mike Budenich, Willie Mitchell, J. Martin, H. Hibbard and R. Jacobsen.
