

Another Eveready Contest 10,000 in Cash Prizes

One of the Winning Words

We know one of the words in the winning letter of the Eveready contest. It's "Daylo."

We know one way to get ideas for winning that \$3,000 prize. It's the Daylo way. Just examine our complete Daylo line—no obligations to purchase. Something you learn may inspire a winning thought.

This is a powerful search-light type of Daylo—long-lasting, convenient for out-door or in-door use. We have many other types to show you.

so Heavy Meat

At together 1 cup of bread crumbs, 1 cup grated cheese, 1 cup water, 1 egg; add a little red pepper and salt; put in a greased dish; brush the top with butter and bake half an hour. This is surprisingly good and is not so heavy as meat. Try it. It is, as you see, quite simple.

COLTS WERE WINNERS IN LAST NIGHT'S GAME

Beat Beavers by 19-11 Score in Ragged Game.

In the first of the eighth inning Empire Bears called last evening's baseball game between the Colts and Beavers, with the score 19 to 11 in favor of the former. The game throughout was erratic and the Beavers got away to a bad start when their opponents gathered in 12 runs in the first two innings. They tightened up their play when Johnny Crossley was substituted for Lewis in the box of the losers, but the infield playing was too wild to hold down the ever-mounting score of the Colts. The outing of the Beavers on the whole was better than the Colts but the loose fielding of the former allowed many runs in.

The Beavers rallied in grand style in the first of the sixth when they brought home 5 runs, making the score 14 to 9. The game now became interesting and the Colts rallied another in the end of the sixth. But again things looked black when the Beavers brought in no runs in the first of the seventh and the Colts careered around for 4 more runs. Joe Hatchford's troupe counted on 2 more runs in the first of the eighth but it was not enough and the game was called.

Umpire Hearn officiated for the strikes and balls and Donohue looked after the bases.

The line-ups were as follows:
Beavers—Halverson, Hatchford, Grossley, Lewis, Curtis, Highm, Miggins, Colder and Elmer Smith.

Colts—Roberts, Mitchell, Raby, Shaw, Ed. Smith, Hill, Clapp, Sherman and Smith.

Mining News

Activity at Cobalt

On the Colonial Mine situated adjacent to the O'Brien, at Cobalt, some rich ore is being opened up. The work was commenced only recently, after the property being idle for a number of years, and already the indications appear to be that the property will soon take its place among the shippers. The property is regarded as being one of the best undeveloped pieces of territory in Cobalt, the geological conditions being quite similar to the rich O'Brien Mine which it adjoins, and the veins in evidence being quite numerous. The Oxford Cobalt mine is also working steadily and now the 150 foot level has been reached and it is proposed to cross cut the lead from there.

Nelson Convention

At the third International Mining Convention, which opens at Nelson today, there are large delegations in attendance from Spokane, Seattle, Portland and the State of Idaho, as well as from the British Columbia coast. Among the speakers on the program are Hon. Wm. Sloan, Provincial Minister of Mines; Hon. Emmet D. Boyle, Governor of Nevada; R. F. Green, M.P.; Prof. Henry M. Parks, Dean of the Washington School of Mines; L. K. Armstrong, Secretary of the American Institute of Mining and Metallurgical Engineering; J. Warre, President of the Consolidated Mining and Smelting Co.; S. S. Fowler, manager of the new Canadian Metal Co.; A. G. Langley, resident engineer for the Eastern district; Louis H. Biggar, geological expert; Glenville Collins, of Seattle; Dr. T. E. Hodge, of Vancouver, and leading engineers and prospectors.

Re-Visiting North

W. Pellet-Harvey, who practiced as a mining engineer and assayer in this province from 1890 to 1901 and then with associates started a business of the same nature in London, has returned to the province in the interest of his London firm. Mr. Pellet-Harvey stated that his company was receiving a great many enquiries about British Columbia mines, so he decided to come here to make a careful reconnaissance of the principal mining districts. He expects to be in the province for five or six months, and, among others, will visit the Salmon River and Alice Arm districts, besides renewing his acquaintance with the older districts. Mr. Pellet-Harvey will make his headquarters in Vancouver during his stay in the province.

M. M. Stephens returned from a trip up river by last night's train.

THE health of your skin is too important for you to be careless about the bath soap you use. Keep the skin clear and smooth and prevent skin troubles by using

LIFEBUOY HEALTH SOAP

It is the best of all soaps—yet it is more than a cleanser, it disinfects too.

The carbolic odor in Lifebuoy is a sign of its germ-killing qualities—vanishing quickly after use.

WHY TALK OF FISH? HERE'S A BEAR STORY OUTCLASSES MOVIES

ANYOX, July 21.—Putting wild west movie stars to shame, Alfonso Koblhoff, chief de cuisine at Granby's mess house, is the local hero of a spectacular bear capture. That he is, alive to tell the tale is, a miracle.

Koblhoff and a Chinese farmer were skirting the edges of Granby Bay, so the story goes, in a skill looking for a rowboat which had gone adrift, when a big black bear emerged from the thicket and made his way towards the pair. The farmer retreated a few paces, but Koblhoff, a cowboy of renown in his day, picked up a folded rope from the boat, dodged the bear in its rush and neatly slipped a noose over its head.

Standing on hindlegs, bruin started towards its captor, who then threw a couple of hitches over the animal's extended fore-paws.

Neither man had a gun. Koblhoff delivered a hard blow on the bear's skull with a hammer, however, apparently killing him.

Pushing off in their boat the men essayed to tow the bear home. When a few rods from shore the bear revived and pulled a movie stunt of his own by attempting to crawl into the boat with the two unwilling passengers. The Chinaman succeeded in holding him off with a boat hook until Koblhoff again brought the hammer into play. Bruin's hide was sent to Vancouver for mounting.

RECORD BIRTH OF 77 PAIRS OF TWINS DURING THE YEAR

WINNIPEG, July 20.—Seventy-seven pairs of twins were born in Winnipeg in the past twelve months, according to the department report made available today. The number of births recorded was 5,160. Seventy pairs of twins were born in 1918.

TIMBER SALE X 2438.

Sealed tenders will be received by the Minister of Lands not later than noon on the 22nd day of July, 1920, for the purchase of Licence X 2438, to cut 6,014,000 feet of Spruce, Cedar, Balsam and Hemlock on an area situated on Deer and Bear Lakes, Princess Royal Island, Range 4, Coast District.

Three (3) years will be allowed for removal of timber.
Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C.

The Man in the Moon SAYS:

THAT now that Sir Tom has won an honest race he wonders if he's satisfied.

THAT he is known to be such a sport that he might even want to give the America Cup back to the United States if he does win.

THAT he's got the edge anyway and one out of three is a whole lot easier than three out of five.

THAT the next interesting water event after the America Cup races will be our own Exhibition regatta in Prince Rupert harbor.

THAT he hasn't heard who is going in for that cup donated by E. E. Campbell, of Anyox, for the local yacht race.

THAT the cup is not made of Granby Copper, but more likely of Dolly Varden silver.

THAT there are several football players around here who may be athletes, but they seem to be very poor sports.

THAT he means those ones who cannot take a referee's decision without swearing at him.

THAT, to say the least of it, it shows very poor breeding, especially before ladies.

THAT according to press reports, everybody must play poker at Prince George.

THAT there may even be worse police commissioners in other cities than we have in Prince Rupert.

THAT he was beginning to think we had the worst ones possible.

THAT they are, doubtless, doing their very best, poor chaps.
