REGINA LEADER EDITOR WITH RED CROSS NOW

REGINA, July 21.—Wm. Franklin Kerr, editor of the Regina Leader for 19 years, has announced his retirement from journalism to accept the appointment to the position of Red Cross commissioner of Saskatchewan.

Mr. Kerr was a member of the staff of the Free Press when, at the invitation of Hon. Walter Scott, he went to Regina in February, 1902, to take over the management of the Leader, then a weekly.

During the first Saskatchewan provincial election of 1905—and a stirring affair it was—the Leader branched out as a daily, and it has been such ever since, at one time, prior to the war, publishing both morning and evening editions. Mr. Kerr has been prominent in many movements for the public good as a citizen of Regina, and resident of Saskatchewan.

POLISH PEASANTS REVIVE TRADITIONS

WARSAW, July 21.—The peasant scythemen are reviving the tradition of 1794 when they fought the Russians. Yesterday they marched through the city on the way to fight Bolsheviks. They were arrayed in picturesque national costumes.

GOD GAVE HERBS TO RELIEVE SUFFERING

No person should despise the lowly herb, for it is the Creator's gift to the world for the relief of suffering. The roots, stalks, leaves and blossoms possess medicinal properties for the relief of disease such as are found in no other work of Creation.

Every reader is familiar with the use of herbs in the days of British Columbia. Every home was stocked with simple herbs and their use in case of sickness saved the day many a time. The most striking instance of the value of herb remedies is given in the case of Wonder Health Restorer. This preparation, while sold in all drug stores, differs widely from ordinary remedies. It is a true Nature remedy in that it contains no trace of alcohol or drugs. It depends solely for its work upon the action of the herb juices of which it is composed for the treatment of the blood and diseases existing in the various organs. It represents the lifeblood of one of the world's greatest herbals and is a treatment no sufferer from disease can overlook.

All over the world the name of Wonder Health Restorer is known. Thousands state that it has given them relief in cases of Asthma, Rheumatism, Stomach trouble, Nervous complaints, kidney disease, Skin troubles, Piles, etc. In many of these cases the ailment was present in very acute form and the sufferer tried Wonder Health Restorer after all other forms of treatment had failed. No question or doubt, the honesty of the persons whose testimonials are recorded in "The Road to Health," a booklet which can be obtained from your local druggist. Get a copy and read it through. If God has blessed you with good health, pass it on to a friend who may be suffering.

Arrangements have been made for the distribution of Wonder Health Restorer in Prince Rupert by the Prince Rupert Drug Co.

Call and get a copy of the booklet and enquire concerning this unequalled preparation, which has made a new record in the successful treatment of human disease.

CITIZENS SAY WHISKEY SOLD OPENLY IN HULL

Nearly One Hundred Blind Pigs
in Operation—Conditions
Alarm Officials.

OTTAWA, July 21.—The liquor traffic in the city of Hull since the granting of beer and wine licenses by the Quebec Provincial Government at the instance of the Hull City Council, is proving anything but satisfactory to the citizens at large, it being claimed that the illicit sale of strong liquor is being conducted almost at liberty in every section of the city.

Whiskey, gin and other intoxicating liquors, the sale of which is prohibited, except under a medical certificate to the government licensed vendors, is sold openly in most of the licensed hotels, it is claimed, while there are said to be nearly 100 blind pigs in operation. In addition to five hotels and three retail stores for the sale of liquor, there are more than twenty wholesale beer and wine stores, and to make matters worse, the City Council has sanctioned the operation of seven club licenses.

"Conditions are reaching the stage where something drastic will have to be done," said Alderman Taylor, "if the illicit sale of liquor is to be put a stop to."

One morning there were no fewer than twenty-two individuals before Recorder Desjardins, charged with inebriation, seven of whom paid \$124 in fines, while the other fifteen went to jail at the expense of the corporation. This is not an unusual number, but something like a fair average of the drunks daily arrested.
