Half a Pineapple For One Dessert

In Jiffy-Jell desserts the fruit flavors are abundant. For instance, half a pineapple is crushed to make the flavor for one pint dessert. This is done in Hawaii from fruit too ripe to ship.

All Jiffy-Jell fruit flavors are made from condensed fruit juice. They come in liquid form—in vials—a bottle in each package. That is true of no other quick gelatine dessert. A few cents will serve a real-fruit dessert for six people. No artificial flavor, no saccharine. It is the most delicious fruit dessert available, and it comes in ten choice flavors.

Sport Briefs

Football Tonight.

This evening a football game of considerable interest will be staged at the Acropolis grounds between the Callies and the Trail Club. This is one of the most important games of the league schedule as it will be up to the Callies to maintain their position. Last Monday evening the Trail Club and the Grand Trunks battled to a draw. All during the season the railroaders have almost been equal in honors with the Scotsmen so that the tussle tonight is liable to break in either direction. If both forward lines show up to the same degree as they have done in the past two games it is going to be a difficult matter for either defence tonight.

Ground Difficulties.

There have been many difficulties this year in the matter of securing the grounds at the Acropolis Hill upon all occasions when required by the various teams. Last year there was no such difficulty as the Rupert senior team was the only one that made use of the cinder park for practice purposes. It is very probable by next year that a caretaker will be appointed with full jurisdiction over the grounds. It will be his duties to assign appropriate hours for whatever branch of sport may wish periods for games or try-outs. It might be well to pay a good salary so that a trainer might be induced to take up the proposition and a splendid opportunity would be presented to the young folks after school hours of going to a place which was recognized as fit for athletic development and where parents would know that their children were in good hands.

Grass Hockey.

The time ought to be coming soon when the young ladies of the city should be thinking of taking up some good healthy form of outdoor exercise which demands an amount of team work. Basketball and tennis are favorite recreations for the maidens of Prince Rupert but someone should introduce grass hockey. The latter demands skill, nerve and physique. If equipment were secured and the game tried out it would be easily established. The preliminary expenses might be high as sticks and supplies have to be bought, but following this the expense would be small as new balls would only have to be supplied occasionally.
