Serving a Bigger Purpose

A fresh idea is taking hold in regard to silverware. Instead of being locked away and never used as in former times it is being brought into service regularly. And why not? Silverware is made for use. It is wonderfully durable—will last for a lifetime—and who does not find pleasure in its beautiful lines and chaste workmanship?

Buy silverware for utility as well as for ornament—it will yield pleasure tenfold.

Mining News

Last week Messrs. Dyson and Osborne were in Prince George on the way south to the Soda Creek district where they will look over the land holdings of the Yorkshire and Canadian Trust Company. Recently they have been in the Copper River district where they report very favorably on the coal fields there. A diamond drill has been on the property for some time but has never been assembled. The National Finance Company of Vancouver are reported to own two thirds of this valuable coal field. The government report of 1914 by the minister of mines shows that the coal assays about 56 per cent fixed carbon. The development of this great coal area described as two miles wide by five miles long would wonderfully assist in the growth of industry along the line of the G. T. P. There has been considerable discussion in the city in regard to opening up a steel industry here as the iron ore deposits occur in the same area. At the opening of the Great War Alvo von Alvensleben had an option on the property but when this fell through it came into the hands of the National Finance Co.

Situated about the Big Salmon or McGregor river, near Prince George, the Hole in the Wall claims staked about a year ago by James Porter, George Hughes and Peter Framstead are beginning to show good promises for development. A few days ago a number of samples were brought into Prince George. These samples carrying copper, gold and silver were taken from an outcrop that showed up in the stripping operations. Considerable work has been done by the prospectors lately and the ore outcrops in two places about 600 feet apart. In the very near future a competent engineer will be brought in to make estimates of the prospect. The showing is sufficiently good to warrant a thorough investigation. The claims are very handy to the river which would furnish both transportation and water power.

CONVENTION AT VANCOUVER

Members of Firm of Vancouver Milling and Grain Co. Have Big Gathering.

VANCOUVER, July 26.—Fifty members of the staff of the Vancouver Milling and Grain Co., Ltd., comprising executives, branch and agency managers and special salesmen, attended the Fifth Annual "Circle V" Convention here on Friday and Saturday. The convention proper and dance were held at the Hotel Vancouver on Friday. Saturday was devoted to a picnic, to which all employees and friends were invited. A boat trip to Indian River, luncheon at Wigwam Inn, sports in the afternoon, supper and dance. The event was conceded to be the most profitable and pleasurable so far held.

The convention was opened in Hotel Vancouver by the address of welcome from President J. E. Hall, L. A. Walker, superintendent of agencies, followed with a review of the operations of the company during the past year in which he announced the new policy of sales bonuses. Short and pithy addresses on the various subjects were given during the morning session by specialists in each line as follows: "Operation of the Grain Markets," by W. Lloyd Craig, branch manager from Calgary; "Cost Accounting," by A. D. Oubridge; "Co-operation with the Retailer," by George S. Hougham, provincial secretary R.M.A. of Canada; "Transportation," by W. E. Gray, traffic superintendent; "The Manufacture of Flour," J. E. Hill. A competition on "Handling Telephone Customers," by Messrs. Fieldhouse, Flemming, Foreman, Clitheroe, Hood and Jeffrey, concluded the morning session.

Grain Port

Robert McKee, director of the company, opened the luncheon session with a paper on "The Future of Vancouver as a Grain Port," and was followed by J. H. Bailey who spoke on "Developing Agency Business"; A. H. Struthers on "The Practical Application of Character Analysis," with demonstration; John Cowan, C.A. (Seot.), on "Credits"; W. C. Jeffrey on "The Value of Advertising"; A. C. Foreman on "Co-operation vs. Discard." Following these addresses was a general discussion of suggestion for the improvement of business and the awarding of prize for the most satisfactory condition of book accounts, the judges of which were Robert McKee, director; L. A. Walker, superintendent of branches, and John Cowan, secretary-treasurer.

Dinner was served in the Blue Room at 6.30 p.m., after which President Hall gave an address, "Oriental Observation." Toasts were as follows: "The King," J. E. Hall; "The Company," J. H. Fieldhouse and Robert McKee; "Our Visitors," W. Y. Stokoe and O. B. Flemming. Following the dinner there was an informal dance in the Oval Room.

The Picnic

West Vancouver Ferry Boat No. 5 was chartered for the picnic and carried nearly 200 members of the convention, employees and friends to Wigwam Inn where lunch was followed by sports and dancing. After supper, the return trip was made and livened by music and impromptu speeches. A unique feature of the event was the official programme printed in colors and covered in linen, cut to the shape of a flour sack and printed in replica of the well-known container of Royal Standard Flour.

LLOYD GEORGE TO TAKE REST

Ill Health of Premier Causes Uneasiness; Press Home Rule Bill

LONDON, July 27.—Lloyd George's health is causing a good deal of uneasiness. He has had to give up his work on several occasions and once again the doctors have ordered absolute rest as the only thing to prevent breakdown.

In the House of Commons yesterday the Premier urged that they press the home rule bill with all possible speed.
