DAILY EDITION. Saturday, July 31, 1920.

Quiet Times in the City.

Business is a little quiet in the city. In fact business is rather quiet everywhere. The rather unsettled money market, more unsettled than most of us realize, is touching us even in this remote spot.

Many people today have become so tired of paying the increasingly higher prices that they have stopped buying and the result has not been good for business.

Will Prices Go Much Lower?

One of the subjects which is continually discussed in business circles is whether prices will go much lower in the near future or will they go higher?

Both in the United States and Canada official attention is drawn to there being a decline in wholesale prices, but that retail figures are still maintained and the long-suffering retailer is thus charged with profiteering by thoughtless people.

Silver and Gold Bricks at Stewart.

A dispatch from Vancouver this morning states that a cyanide mill will be put in at the Premier mine near Stewart. This plant will refine the gold and silver into bars right at the camp and will add much to the permanency of that section as a mining centre.

Hospital Policy of Government.

The provincial government is investigating the matter of hospitals throughout the province. Dr. Arthur, an expert in that line, is going from place to place and will make a comprehensive report to the government on which they will base a policy to be introduced at the next session of the legislature.

The conduct of a hospital is always difficult. If hospitals are free, as many think they should be, there are so many people who are ready to impose on the hospital authorities in order to secure a few days' rest and free treatment.

TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried "FRUIT-A-LIVES"

DAME PETER LAMARRE

Pointe St. Pierre, P. Q.

"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-lives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvelous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-lives'.

'Fruit-a-lives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

Dame PETER LAMARRE (file). 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

Ten Years Ago in Prince Rupert

July 31, 1910. The first construction train passed over Zenardi bridge today. Forty-three miles of the road is now open. A tug and barges have gone to Vancouver to bring up flat cars and other rolling stock.

The first masquerade carnival in Prince Rupert's fine new roller rink on Sixth Avenue was held on Saturday night and was attended by a large number of spectators.

Hon. Frank Oliver, minister of the interior, arrived today on the Princess Royal from Skagway, after a long trip of thousands of miles into the wilderness of the north.

The authorities have arranged for a daily mail service to Port Essington by the steamer Chief-tain.

The Man in the Moon SAYS

THAT when a Hot Dog Concession was discussed at the Fair board meeting some of the members mistook the name for hot Scotch.

THAT the Secretary is observed to be keeping late hours. After a vigorous meeting just held he was heard lifting "If this is war it just suits me."

THAT an effort is being made to have a Government official moving picture expert on the scene during Fair Week. These fair men are some live ones.

THAT over 15 entries are in for the utility garden. The office of the association maintains that each of the gardens represents more to the city even than to the owner.

THAT a thousand volunteer members are wanted for the N.B.C. Take in the Exhibition and you will understand more about the potential resources of the district.

THAT the exhibition association of the south recognize the powerful effect of this north central district. A splendid spirit is being shown by them.

THAT some ladies are forcibly reminded of the necessity of choosing a summer gown that harmonizes with freckles.

THAT Luke McLuke says that Nature is a mean cuss. She will give one girl a complexion like peaches and cream and another a complexion like a match scratcher.

THAT if girls were not as curious as they are, there would be more old maids.

THAT it is wonderful how many people are said to be driven to drink in this city.

THAT—No we are not aware which is the best car to take.

THAT time was when a man asked for a job. Today he considers an offer and possibly accepts.

THAT the meanest patient in the world is the one that stays awake all night to see that the nurse does not lie down on her job.

FLUCTUATIONS IN WHALEN PULP STOCKS

MONTREAL, July 31.—Whalen Pulp has had an interesting movement in the unlisted department of the Montreal exchange for some weeks past, although the bullish developments have largely subsided. About the beginning of July the stock was selling around 48 in the unlisted market. Just prior to the announcement of the annual statement the stock rose to 66. Since July 12, when the highest point was reached bull tips on this stock have failed to stimulate any favorable response, the stock suffering a gradual decline, reaching 54 this week.
