GOOD CROPS IN NORTH ALBERTA

Everything Looks Well—Cutting Barley Has Commenced.

EDMONTON, August 3.—Farmers in the Edmonton district are watching with supreme satisfaction the rapid growth of the best grain crops in years, according to reports received from many communities north, south, east and west. Almost without exception the districts seem to have been favored with splendid rains; growing conditions are ideal and the morale of the farmer seems to be good at this time. Their report of the situation ranges from "Good average," "good," and "bumper crop," when speaking of the prospective yield in wheat and other grains. In the districts close to the city ideal conditions prevail and in no case is a scanty crop or a failure reported.

Wheat Well Headed.

Wheat headed out is beginning to fill nicely and it is estimated will be ready for the binder in the course of three or four weeks.

The prospects for a bumper crop throughout the Hyley district are improving daily," says the report. "A bigger crop of grain will be harvested this fall than ever before. All wheat and oats, seeded reasonably early, are out in head, filling rapidly and from the standpoint of uniformity can be little improved upon." That seems to be the general condition at points east of the city. As far east as Chauvin the crops are ideal, the stand high and the wheat and oats are very healthy.

Bumper at Leduc.

Leduc report says: "A sufficient supply of rain has fallen to ensure a bumper crop again this year."

"The crops in the Alliance district are doing exceptionally well under ideal weather conditions. Samples of wheat are five feet high. The only crop that compares with this one since the settlement of the district, is the bumper crop of 1915."

Towards the north, including the Peace River territory, it is the general opinion that crops are in excellent condition after refreshing rains, and the farmers feel richer by thousands of dollars.

Some Mail Damage.

Hail is reported in one or two sections of the country, but little damage is spoken of except at Wetaskiwin, where a more damaging storm than fell Monday night has not been experienced for years.

The barley and rye crop appears to be exceptionally good and the cutting of these grains has been started in some districts.

The cutting of hay appears to be general. A most luxuriant growth is reported and farmers appear to be putting up large quantities this year.

NEW HAZELTON

L. S. McGill visited here last week in connection with his duties as deputy registrar of voters for the Omineca district. Mr. McGill is the well known Smithers lawyer.

Mr. and Mrs. Olof Hanson of Lake Kathryn (formerly of Prince Rupert) were the guests of Mr. and Mrs. Sam Bergman for a few days last week.

The strawberry crop has not been so good this year as in former seasons. The long period of exceptionally dry weather gave the berries a big set back.

Mrs. Anger and Miss Winnifred of Smithers were visitors over the week-end with Mrs. J. Short here.

The only road work which is progressing in the district is that to the Silver Standard mine. Men are very scarce but the work on the mill road has been completed and the camp has been moved further up the hill to make improvements on the section near the mine.

Miss Collier of the hospital staff is leaving to take a year at the Vancouver General Hospital.

Miss Hunter of the hospital staff left for the south on Thursday evening spending the past few months here relieving the superintendent.

A meeting of the hospital advisory board was held last Tuesday.

Gifts to Women Who Use Jiffy Jell

Jiffy-Jell users should write to the makers for a list of aluminum molds. Molds, spoons and measuring cups are supplied to users free.

Jiffy-Jell is the one dessert which has the fruit flavors in vials. A bottle of condensed fruit-juice essence comes in the package. So a Jiffy-Jell dessert is a real-fruit dainty. The flavor is not artificial. The sweetening is sugar, not saccharine. Women who once try it will always get it. Your grocer has ten flavors. Try pineapple and loganberry first.

day when the report for the last quarter was read by the secretary. Dr. Winch gave a verbal report of the convention recently held in Vancouver.

REFERENDUM NEXT OCTOBER REGARDING THE LIQUOR TRAFFIC

VANCOUVER, Aug. 2.—The referendum to decide whether the people of British Columbia prefer the sale by the government of liquor in sealed packages, or the present Prohibition Act, will be taken about the middle of October. Announcement to this effect was made by Attorney-General J. W. de B. Farris at the Hotel Vancouver.

"Just as soon as the work of compiling the voters' list is completed the referendum will be taken," he said. "The task of registering the voters has been an extremely heavy one. Every effort will be made to have the lists printed in time to have the referendum taken in October. If nothing delays the work it is probable that the referendum will be taken about the middle of that month."

GORED TO DEATH

WELLINGTON, Ont., Aug. 3.—Robert Watts, a farmer, was gored to death here by a heifer.

Synopsis of

Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$3.50 an acre.

Pre-emption now confined to survey lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land. Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to the value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of 1500 per acre and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 5 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased, as homesteads, title to be obtained after fulfilling residential and improvement conditions.

Gravel, quarry and industrial purposes areas exceeding 40 acres may be leased by one person or company. Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, and formerly until one year after the conclusion of the present war. This privilege is also made retrospective.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 24, 1918. Taxes are remitted for five years. Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase title to city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who fail to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provided for grazing districts and administration under Comptroller. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travelers, up to ten head.

AS docile as a lamb in the presence of the girl he loved, he became a seething volcano in the squared arena where, driven by a terrible necessity, he fought a battle against terrible odds to a victory that is all the more sublime because overshadowed by defeat.
