ENTHUSIASM OVER LAKELSE

Mrs. M. P. McCaffery are particularly Pleased With Fine Resort.

Returning on the train last night from Terrace after a short stay at Lakelse Lake, Mr. and Mrs. M. P. McCaffery are enthusiastic over the place and say they think Lakelse is destined to become the playground of the Northwest. Not only is there fishing in the lake and on the river but there is no bathing here. There is a sandy beach running out about a quarter of a mile and the climate is just what is needed. It is not hot here, almost like the east.

The road leading to Lakelse is better than the streets of Prince Rupert, Mr. McCaffery says.

YOUNG BOYS UP FOR TRIAL

Frank Lozon Fined \$100 for Breaking Window of Cafe.

The three boys who were gathered in by the police a few days ago on a series of robbery charges were committed for trial on two of these charges this morning in the police court before Magistrate McMordie. The first charge is that of breaking open a post letter box situated at Hays Cove Circle and removing two letters. The other charge is that of breaking and entering the dwelling of R. McCook and taking money to the amount of \$40 as well as a gold watch. They have also admitted being the guilty parties to the other outrages which have been worrying the police for some time.

Frank Lozon, who was taken in by Sergeant Adams and Constable McGilnehy last evening, appeared under the vagrancy act for breaking a plate glass window in the Elite Cafe. The magistrate fined him \$100, in spite of the prisoner's protests that breaking was accidental and also ordered him to pay for the window which was valued at \$95.

Joe Yip, a Chinaman, was fined the customary \$50 for having liquor in his possession other than in a private dwelling house. He was arrested by Sgt. Adams at the corner of Ninth Avenue and Fulton Street.

In the case of Jean Johnson who was held on a similar charge on an adjourned case, she was set back to the amount of \$50.

It is that there was considerable giving and taking and it covers a number of points in addition to that of wages.

While the arbitrators are not giving out any information until their report has reached Ottawa, it is understood that the men are to receive an increase in pay amounting to ten cents an hour for straight time and five cents for overtime. The rate now to be paid here is 90c and \$1.10. This is somewhat in the nature of a compromise.
