Prince Rupert Able To Build Engines.

An engine has been rebuilt in Prince Rupert, all the vital parts of the big machine being renewed. It was a big piece of work and one that is usually done only in the big shops.

It is not often we remember that there are railway shops in this city. The buildings are so unpretentious and the men go about their work so quietly that it is only by chance the thing comes to light.

Manchester Guardian On Sir Robert Borden.

In an editorial article under the heading "Sir Robert Borden Resigns" the Manchester Guardian says:

The retirement of Sir Robert Borden as Prime Minister of Canada, which is now officially announced, brings to an end a distinguished Premiership, and marks the end of an epoch of the first importance in Canadian politics.

Value of Union Is at End.

But with this great work done, the value of the Union Government comes to an end. It cannot fit itself to face the normal issues of political life in time of peace.

Where located:—At the head of Alice Arm. TAKE NOTICE that I, Alex. M. Manson, of Prince Rupert, B.C., acting as agent for J. E. Stark, Free Miner's Certificate No. 48991-C, and H. F. Kerwin, of Alice Arm, B.C., Free Miner's Certificate No. 48705-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action under section 85, must be commenced before the issuance of such Certificate of Improvements. Dated this 7th day of July, A. D. 1920.

IN THE SUPREME COURT OF BRITISH COLUMBIA

IN PROBATE. IN THE MATTER OF THE ADMINISTRATION ACT AND IN THE MATTER OF THE ESTATE OF BALDOMERO SALINAS, DECEASED.

TAKE NOTICE that by an Order of His Honor Judge Young, dated the 3rd day of July, 1920, it was ordered that William E. Williams, Executor of the Estate of Baldomero Salinas, deceased, be at liberty to swear as to the death of the said Baldomero Salinas, as of the 2nd day of March, 1920, after the expiration of one month from the date of the first publication of notice of the said Order; unless in the meantime proof is furnished to the Registrar of this Court at Prince Rupert, British Columbia, that the said Baldomero Salinas was alive subsequent to the said 2nd day of March, 1920; and it was further ordered that notice of the said Order be published in the Daily News, a newspaper circulating in Northern British Columbia, for a period of one month.

DATED this 5th day of July, 1920. WILLIAMS & MANSON, Solicitors for the Executor.

MINISTER OF MINES VISITS THE INTERIOR

Expresses Himself Pleased with Progress Made at Different Camps

Having attended the Third International Mining Convention held at Nelson, B.C., between July 20 and 24, Hon. Wm. Sloan, Minister of Mines, has returned to his departmental duties at Victoria. While in the Kootenays he took advantage of the opportunity to visit Fernie, Kaslo and other of the mining centres of Eastern British Columbia and was impressed with the healthy activity evidenced not only in mining but as well in the lumber and other industries.

No Labor Trouble

At Fernie, and throughout the Crow's Nest Pass Coalfield, the outlook was bright, which was important in view of the present necessity for a maximum production of coal. The management and the employees of the Crow's Nest Pass Coal Company, Ltd., had entered into an agreement in respect of wages and general conditions, the life of which was two years. It was satisfactory to find that a basis had been found for an amicable settlement of all outstanding differences. This would permit the coal mines of that district to proceed, uninterrupted, with the development of the coal measures and the production of fuel, material which, according to every indication, would be needed in Canada this winter to such an extent that every effort should be made to bring the collieries of Western Canada to the point of their maximum capacity.

The Nelson convention Mr. Sloan described as a gathering of representatives of the prospectors and operators of Eastern British Columbia, together with delegates from other sections of the Province, as well as a large number of visitors from the adjacent United States. The papers and addresses on mining and kindred subjects had been instructive and the exhibit of samples of the minerals produced in the Kootenays had been an education to those unacquainted with the variety of the resources of this section of the Province.

Of the addresses Mr. Sloan referred specially to the valuable contribution of A. G. Langley, resident mining engineer, on the developments of the past year in the Kootenays; to the practical suggestions given the prospector by Glenville A. Collins on the subject of obtaining finances for the opening up of mining claims; to the very interesting and instructive talk of S. S. Fowler, of the Blue Bell Mine, Riondell, B.C., on oxidized lead ores; and to the illuminating paper of T. W. Binney, comptroller of the Consolidated Mining & Smelting Company of Canada, on the extended operations of that company at Tadnac and elsewhere in the Province.

Satisfaction

Viewing the conditions generally Mr. Sloan declared that they could not but be considered as satisfactory and that there was no doubt that in the East, as in the North and, in fact, in all parts of the Province, the mining industry was assuming such importance that it could not be long before British Columbia would take first place in Canada as a producer of industrial metals.

Ten Years Ago in Prince Rupert

August 4, 1910

The Union Transfer are moving from their old office on Rupert road to their fine new office in the Helgerson Block.

City purchasing agent E. A. Woods has bought a two ton fire proof safe for the city. The owner of the safe, G. W. Morrow, had no use for it after it had been sent from Vancouver following his retirement from the meat business.

Mrs. P. I. Palmer and family arrived on the Prince Rupert today to join Mr. Palmer here. They will reside on Borden Street.

The development of tidal power is liable to be proven possible right here in Prince Rupert. Ald. Barrow has a proposition which he believes will be feasible and acceptable.

A wireless message has been received from L. C. Crippen and he is safe on board the Prince Rupert. He was too late in getting off before the steamer headed out. His disappearance caused considerable consternation among Grip's friends.
