## DEVELOPMENTS AT SEAL COVE

City Council Planning a Wagon Road to Serve Industries Going There.

There are developments in sight at Shawatians Passage beyond Seal Cove and the works department of the city is planning a wagon road to serve the business places just as soon as it is shown that work is really going ahead.

At the City Council meeting last night Alderman Rochester asked why nothing had been done towards building the trail to the Seal Cove Marine Ways.

Alderman Kerr said they had been planning a wagon road there. One plan was to build it from 41st Ave. to the waterfront, but difficulties had developed and they now thought it might be better to build from 8th Ave. They were preparing plans for a road going in by the Japanese building.

Alderman Casey said they had tried to meet the requirements in that direction and the engineer had authority to carry out the work. They had no old plank just now, however.

### Waiting Policy.

The Board of Trade had asked that a wagon road be constructed to serve the proposed P. Burns' packing house and other developments which were proposed there. If they built the wagon road it would serve everybody. It would not be wise to build a foot-path even at a cost of \$200 if they were to build a wagon road.

Alderman Kerr said they had looked over the ground and were prepared to go ahead just as soon as business warranted it.

## CLOSE BALL GAME, RED SOX WINNING

Score of 10 to 8 at Acropolis Mill Last Night.

Last evening's baseball game with the Sawmill was carried away by the Red Sox by a 10 to 8 score. In the first of the eighth the score stood 6 to 5 in favor of the Red Sox and they made no runs when they came up to bat. The Sawmill went round the diamond to tally three which put them two ahead. The Red Sox came to bat and gathered in three runs which gave them the lead. In their last innings the Sawmill failed to register, for Sherman went out on a pop fly at second, Rossiter fanned the next two men up, namely Fotos and Hagsted, and thus the game ended.

There were no particularly outstanding plays or players except that good baseball was played to the very end. Pitchers Astoria and Rossiter lasted the whole period and made a splendid showing. The runs by

The line-ups were as follows: Red Sox—Jas. Mitchell, L. Astoria, Charleton, Jones, Frizzell, Rossiter, Sherman, Davidson, Butlers and Graham (spare).

Sawmill—Hagsted, McKay, Alice, Abbott, Astoria, Maxwell, Fowler, Sherman, Fotos and Woods.

Umpires—Harry Day and Dick Rosson.

## DISCUSS ROAD TO ACROPOLIS

City Council Will Consider Matter of Improving Present Narrow Drive.

At the City Council meeting last night considerable discussion took place in regard to the improvement of the road between the summit Apartments and the exhibition grounds. It was precipitated by a letter received from the secretary of the fall fair asking that the council take steps to safeguard against possible accidents at that time. The present narrow road was a menace.

Alderman Casey said the road had been a bone of contention for two years. On a former occasion the council did not see fit to conform to the wishes of the Exhibition Association. Now he thought they were in a worse predicament. He would like to hear the views of the other members of the council. If the improvement was essential they should see if they could get it going.

### Varied Views.

Alderman Dybbah thought the letter should go to the Board of Works for them to decide what was necessary.

Alderman Perry said a loop had been put in last year. If the present road was made safe, he thought that was all which was required.

The mayor suggested that the present road be fixed up this year and next year they could have it graded and do away with the planking.

Alderman Rochester thought a turn table farther down, near the Summit Apartments might fill the bill and not allow the cars to go up the narrow path except with goods for the fair.

### Permanent Grade.

Alderman Kerr fancied they might put a permanent grade alongside the planking and the cars could then go up one way and down the other. The present roadway was at the end of its life very nearly. Then next year they could complete the graded roadway.

Alderman McLennan suggested that a couple of turnouts be made in the narrow part.

The letter was eventually sent to the Board of Works for report.

## OBJECT TO BEARS

William Forest of Stewart Writes Taking Exception to Bruin's Depredations.

A letter received in Victoria from William Forest, dated Stewart, July 25, but written twenty-eight miles back in the hills, says: "We have had beautiful weather and many prospectors are in the hills. We are much troubled with bears around our camps. My neighbor, Hansen, had a visit while he was gone. On his return he found his tent in tatters and his grub all destroyed or eaten. A. Bryan had a visit also and the bears destroyed some of his grub. Even in Stewart a bear came into a woodshed and took chickens. Why that fool law preserving bears instead of paying a bounty for their scalps is what I cannot understand. Our 'old wives' in session imagine that wild animals are harmless and tame. Several hundred dollars' worth of damage has already been done in this neighborhood by these animals. The rivers have gone down the last few days and the snow has gone from the mountains in quick order. Grouse are scarce, the nesting season having been late. Goats are plentiful; I saw seven the last time I was on the Comet. I do not carry a gun, but like to see the wild creatures in their native element."

## BUS SERVICE TO HOT SPRINGS AT LAKESE

Visitors to Lakeside Hot Springs can get automobile service from Terrace by notifying C. A. Waite, the liveryman, Park Garage, Terrace, who has a new Ford car and truck for this business. Reasonable rates.

On motion of Alderman Rochester, the amusement tax bylaw was again laid over by the City Council, necessary data not being to hand in regard to it. Alderman Perry said when it did come up he would like to hear something in regard to the principles of the measure.
