AMALGAMATION OF FARMERS' INSTITUTES WITH U.F. OPPOSED

VICTORIA, Aug. 12.—An important meeting was held here today when five of the presidents of Farmers' Institutes from the southern end of Vancouver Island were present in addition to secretaries and members from the Salt Spring Island, Pender Island, Victoria district, Saanich and Metchoin Farmers' Institutes.

A report was given to the meeting by the advisory board member, Mr. Whitney Griffiths, covering the Kelowna convention, and after a very thorough discussion the following resolution was passed by the meeting:

"This meeting strongly disapproves of the proposed amalgamation of the Farmers' Institutes with the United Farmers, but will welcome their co-operation by their becoming members of the farmers' institutes, and that they will aid in all such other ways as will advance the interests of farmers generally."

CHACKAWANA HAS GUN ON PILOT HOUSE

Picture of Boat and Crew Published in Vancouver.

In the Vancouver Sunday Sun issue of August 8 there appears a picture of the R. C. M. P. patrol boat Chackawana with her crew and commander, mustered on the fore deck. The paper goes on to say that the Chackawana has given splendid service in patrol work, fisheries protection, running down smugglers and bootleggers on the northern coast. With headquarters at Prince Rupert, the Chackawana has covered over 7,000 miles in the last year on almost continual patrol work. Her territory extends from Alert Bay, on the south, to Stewart, and the Alaskan boundary on the north. In that vast extent of coast line she is practically the sole representative of law and order for months at a time. What the timely presence of the Chackawana and her "horse marines," as they are sometimes humorously called, has meant at critical moments at various points along the coast, will probably never be told in words or measured in dollars and cents.

Carries Machine Gun.

The Chackawana carries a very businesslike machine gun mounted on the top of her pilot house. A crew of five is carried in addition to the commander and, in this connection the R. C. M. P., through Lieut. Davidson, is doing useful work in training a number of the scarlet-coated riders of the plains in the mysteries of sea lore and nautical skill in addition to what some of them have acquired of the knowledge of life on the plains.

RED HOT TIME AT POUCE COUPE BETWEEN PREMIER AND BOWSER

Presumably with the object of relieving the monotony of a tour exclusively devoted to the examination of railway conditions, Premier Oliver has been able to devote a little time to engineering while in the Pouce Coupe section of the province, says the Victoria Times.

According to a wire received at the Parliament Buildings both the Leader of the Government and the Leader of the Opposition—who traveled together northwestward on the E. D. & B. C. train the other day—have appeared on the same platform for the special dedication of the northern central electorate.

Mr. Oliver's message indicates that he and his gladiatorial opponent went to the mat for three hours on Thursday evening in what the Premier describes as a "red hot" time, the tournament being one in which railways—and the Government's policy, presumably—predominated.

The message filed at Pouce Coupe, however, indicates definitely, in the Government Leader's opinion, that the sentiment of the interested spectators "overwhelmingly favored the Government." The last four are Mr. Oliver's own words.
