Mrs. F. H. Dart

Likes Flavor

Mrs. Dart says they use Pacific Milk for everything but tea. She had tried canned milk "as a make-do" on several occasions, but she could never learn to like it, as she thought. Finally one day when they were out of milk she got a tin of Pacific.

The flavor was so natural and a cake turned out so well that she tried it again.

Now they use about 30 cans a month.

Shamrock IV, Sir Thomas Lipton's unsuccessful entry in the international yacht race will not be broken up. She will remain in New York to be used against Shamrock V, as a trial horse in 1922.

An Arab Adhadahine, sergeant in an Algerian colored company, who three months ago knew absolutely nothing about running the 400 metres quite regularly. The "Black Horse," as the French call him, running alone and unpaired, negotiated the 800 metres in 1.54 flat. He is entered for both of these races at Antwerp. The Arab runs with a free and easy motion and greatly resembles Tom Longboat.

It is very hard for the referee in any football game to be at all corners of the field at one time. Certainly if Sid Thompson had been near enough to hear the language used during the football match of Wednesday night, one player would have been put off. He had just received a bad bump from an opponent and anger took expression in violent swearing. It is hardly fair to use foul mouthed expressions just because the referee is not near at hand. It certainly does not improve the fans' opinion of the user. If a player's mind is built that way he might be able to retire by himself and get it off his chest without polluting the air in which other players are forced to move.

Craig Campbell, honorary president of the Dominion Football Association, in a recent visit to Toronto from Montreal took with him the Duke of Connaught soccer trophy. The trophy which is emblematic of the Canadian amateur championships was presented to Tom Guthrie, the present president.

George Shaw, the star left fielder of the Colts' baseball team, will be missed on the line-up for this evening. He is at present in the south enjoying his summer holidays. When a ball went out George's way it generally acted as if it was going into a well where it remained until required again by the pitcher. Besides, "Hunky" is a splendid clean-up man on the hitting and when he leans on the pill it generally means a good long safe drive. It is rumored that Eddie Clapp has transferred his allegiance from the Colts, so it will be interesting to see how Harvey Fraser fills out his line this evening.

SHOT FRIEND FOR A BEAR

Blow Away Top of Skull of Pal
When Out Hunting.

EDMONTON, August 12.—A verdict of accidental death was the result of the enquiry conducted at Mountain Park in regard to the demise of Obed C. Baillie, who was shot dead by his friend, Wm. W. Gregory, on August 3, when Gregory mistook Baillie for a bear.

Testimony brought out the information that the two men were the closest friends; they had served overseas together and at the time of the fatality both were out on a little hunting trip in quest of bear.

It was in the course of the bear hunting tour and at a late hour in the evening when the two separated, as hunters usually do. Gregory heard three shots fired and proceeding in the direction from which the reports came, he saw a black object moving stealthily in the bushes. He watched the object which seemed to jump and Gregory was sure it was a bear. He raised his rifle and fired once and the object began to run. He fired again and it fell to the ground.

Gregory immediately re-loaded his rifle and proceeded toward the dark object with the full expectation of finding a wounded bear. What he saw was the body of his pal Baillie with the top of his skull blown away and the man just breathing his last. "Speak to me! Speak to me!" was the frantic cry of Gregory as he raised the battered head of his friend. But Baillie died during the utterance.

PLENTY OF FISH IN NORTH FOR INDIANS

Shortage of Last Year Will Not be
Repeated this Season

JUNEAU, August 10.—"Fish, along the Yukon and its tributaries, will be both abundant and cheap this year, and the Indians will have a prosperous season," according to Dr. F. L. Forbes, superintendent of the Bureau of Education in the Upper Yukon District, who is in Juneau visiting his daughter, Miss Ethel Forbes.

"The catch, by the middle of July was as large as that of the whole season last year and the big run is expected in August and September," Dr. Forbes explained. "The shortage of fish last year was serious, not only because it left the Indians poor, but because it extended to the spawning grounds and the catch four years from now will thus be correspondingly small."

"The financial depression among the natives resulting from the poor fishing season last year was saved by the muskrat catch this spring. The merchants, who had carried the natives on credit for as much as \$30,000 during the winter, bought quantities of the skins. In Port Yukon, the natives sold 75,000 for \$1.50 and \$2.00.

"After Christmas, with the shortage of fish and an abundance of potatoes, it looked as though the Indians would be destitute for food. However, because of the deep snow, the moose and caribou were unable to range in the hills or run in the lower lands and killing moose was like going into a slaughter house to kill beef. If it had not been for the illicit slaughter of moose, the people, whites as well as natives, would have been short of proper food."

BASEBALL TONIGHT

The Colts and the Beavers meet on the Acropolis Hill grounds in a regular league match this evening. At the present time the former are in the lead but tonight will determine whether they are going to maintain that lead or fall back to a tie with the Red Sox. Many boosters of the game would like to see the Beavers win tonight, not only to bring honor upon themselves, but also to bring the "friskies" down a peg so that the final games to decide first place would be very interesting. The Sawmill are just hovering around to jump into the foreground again as they have still a postponed game to play with Joe Hatchford's nine. In this case the three-cornered issue would surely bring out some very peppery matches.
