edy was witnessed by the mother harbor. As soon as the dredge gets ready after the long strips from Vancouver the actual work will commence at the south end of the present wharf where the fish houses stand.

The tug Esdud reached port on STRUCK WITH BALL Sunday afternoon but she arrived "light," for it was this tug that lost the large quantity of logs during the storm of last week. So far only a few of these valuable logs have been recovered.

> A number of men have already started work but the pay roll will increase very rapidly as soon as all preliminary arrangements are set. Further dredging outfits are expected in the very near future.
