HAZELTON

Bill Kerr was in town last week for a few days after a three weeks' semi-exploration trip in the Kispix Valley.

Miss Margaret Allen of Prince Rupert was visiting with friends in town during the early part of the week. She is now on the way to Edmonton for a brief vacation.

A band of gypsies came into town in the early part of last week. A number of the local worthies are very anxious to investigate their future mysteries.

Professor Smith and Rev. Cook of Toronto University are here as the guests of their former college chum Dr. Winch. On Sunday Prof. Smith delivered an address on the subject "We have nothing to fear." The theories which he advanced during the course of his talk have evoked considerable interesting discussion.

Last week Alfred R. Whiteman, a mining engineer of note from Cobalt, got outfitted for a trip into the surrounding district.

A number of ladies have been assisting Mrs. Winch in picking and canning fruit for the hospital. This year's crop is one of the largest on record.

Rev. Mrs. Young has been admitted to the hospital here.

DEEP SEA DIVER GETS PARALYSIS

Was Working on Princess Sophia when Taken Ill

Deep Sea Diver John Donovan is at the Dawes Hospital in this city suffering from paralysis of his lower limbs and impaired heart action caused by staying under water too long and being brought to the surface too quickly while working on the wreck of the Princess Sophia, says the Alaska Daily Empire of Juneau.

Donovan was engaged in fastening cables to the sunken vessel and was working at a depth of 150 feet. He was down for a considerable length of time and when he was hoisted up, it is said, was not brought up gradually enough. The sudden change of pressure affected him.

He was rushed to the city on the salvage tug Daniel Kern and taken to the Dawes Hospital where he is now under the care of Dr. L. P. Dawes. Dr. Dawes said today that although the man was in a serious condition he had great hopes that he would recover.

Two divers, of whom Donovan is one and Jack Clouse the other, have been working on the wreck of the Princess Sophia for several weeks placing the cables that will be used in raising the sunken vessel. Donovan has done considerable work in Alaskan waters and is known as a daring diver. Jack Clouse is a Port Townsend man who made quite a reputation in war days in France. He is continuing at work at the wreck.

FAIRBANKS HAS LARGE AERO FIELD FOR ALL AIR SCOUTS

FAIRBANKS, August 17.—At the meeting of the park board, which was held recently, the bids for clearing land at the park in preparation for the landing of the Alaska airplanes were opened and the contract awarded to Paul Rickert, the lowest bidder.

Three hundred feet of ground in the direction of the N. C. woodpile will be cleared and put in shape, and this will make the entire field 1,200 by 600 feet, which will fill the requirements for a landing place.

Captain Douglas, the army aviator who has charge of the preparation of landing places, will give his personal supervision to the finer details of the work. The space between the race track and the grand stand is now in good shape, and with the additional cleared space, the park should be as good an airplane field as there is in the territory.
