VANDERBILT BUYS ISLAND FOR CASH

Announces in Portland That He Will Build Hunting Lodge on Vancouver Island.

PORTLAND, August 21.—Cornelius Vanderbilt, Jr., the millionaire reporter, purchased a pretty island in Sprout Lake near Alberni on Vancouver Island during his recent visit to British Columbia. Spot cash was paid in the transaction. Mr. and Mrs. Vanderbilt announce here their plan to build a hunting lodge there.

HON. C. C. BALLANTYNE TOLD OF PORT'S NEEDS

(Continued From Page One.)

in which it had not called upon the government. The work being done would inculcate the love of the sea and possibly some of the boys being trained would join the navy or the merchant marine. By arrangement with the government 40 boys per year would be selected from the Naval Brigade for apprenticeship in the navy. These boys would be trained for deck officership. Mr. Ballantyne stated that he was going to recommend tangible appreciation of the work of the League in the form of a grant.

The reorganization of the navy on an efficient basis was also dealt with. Several hundred officers and men who were inefficient had been let out and the Rainbow, Niobe and obsolete submarines were being scrapped.

New Canadian Navy.

To form the nucleus of a new Canadian navy the 1914 oilburning cruiser Aurora had been accepted from the old country as well as the destroyers Patria and Patricia, together with two modern submarines and other vessels. If Canada decided to defend her own shores she would thus have a good start in the protection of coasts, fisheries and merchant marine. With the exception of the four leading officers all the men of the Canadian navy are Canadians trained in the Canadian Naval College.

SELLING GAS FREELY

Shell Company Lifts All Restrictions at Seattle—Have Been on Some Time.

SEATTLE, Aug. 24.—The Shell Company has removed all restrictions on the sale of gasoline. The supply is considered sufficient to make unnecessary the rules which have governed the sale for some time.

PROVINCE EULOGIZES MINISTER OF FISHERIES

Mr. Ballantyne's visit to this Coast, twice postponed by his illness, is now awaited with interest, says the Vancouver Province. This interest centres in the minister of marine rather than the administrator of a great department (than as a politician. Mr. Ballantyne is a capable and successful man of business. During his short service in his present office he has paid little attention to politics and a great deal to the work of his department. He has shown some initiative in the creation of a government mercantile fleet. Mr. Ballantyne was a member of the Montreal Harbor Board during an important period of progress. He should understand what is needed here better than any of his predecessors in office.

ANOTHER BOAT IN FOR SALMON CARGO

The Alaska salmon packer Salmora arrived in port this morning with a number of cohorts that were bought at the Exchange. The crew is now waiting to get a load of humpbacks to take back with them but differences of opinion amongst those capable of supplying the fish made it difficult to let them get away early this morning. The Orient which was in port yesterday returned to Ketchikan and is expected back here soon for another load of humpbacks. The latter is a canner boat and can afford to pay higher prices than the Salmora, which is merely packing the fish to the cannery.

HIS LIFE RUINED BY DYSPEPSIA

Until He Tried "FRUIT-A-LIVES" The Wonderful Fruit Medicine

MR. FRANK HALL

Weywale, Ontario.

"For some two years, I was a sufferer from Chronic Constipation and Dyspepsia.

I tried every remedy I heard of without any success, until the wife of a local merchant recommended 'Fruit-a-lives'.

I procured a box of 'Fruit-a-lives' and began the treatment, and my condition commenced to improve immediately.

The Dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation.

I feel that I owe a great debt to 'Fruit-a-lives' for the benefit I derived from them."

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

Sport Briefs

The football game last evening between the Callies and the Trail was won by the former by the score of 2 to 1. The match itself was little else than a play here, play there, game with slight pep to either party. Abe Kinghorn got both goals for the Callies, whilst Johnson scored for the Trail when Martin and he closed on the ball. The match was a long postponed affair from the regular league schedule and the stakes were hardly high enough to encourage good football.

Garner made his appearance for the Callies last evening and showed up very creditably for his first game this season. He fitted in very well in the line defence work last evening which was a feature of the Scotsmen's tactics. The forward line fell down on many opportunities.

The game last evening commenced earlier than usual so that the light continued favorable until well on into the second half.

Already some of the football enthusiasts in the city are looking forward to the prospects for next year. Many of the lovers of the game have been dissatisfied since a number of the younger players have been sent to the sidelines in preference to the old stagers. In order to give a chance to the more enthusiastic young fellows who cannot obtain a position on the teams as they exist now it is very probable that steps will be taken in the game next season to organize more teams so that all the players can be used. A new rivalry will be created with a better playing spirit. Amongst some of the suggested teams have been the War Veterans, Presbyterians and Drydocks.

Last Sunday the Smithers baseball team recovered themselves somewhat and emerged victorious from a long drawn out struggle with the Telkwa nine. The final score stood 14 to 9.

Besides missing Johnny Cummings, in baseball this favorite player will be difficult to replace on the Trail Club football line-up. All during the season "Spud" has played a good steady game and at centre for the boys in red he kept the whole eleven working nicely around him. Not only was he almost unexcelled for nice passing on the forward line but he was also a very creditable goal-getter. When it came the time to head the ball his jumping ability generally gave him the advantage of the play.

Tupper at first base for the Butchers suffered a severe injury to one of his fingers on the right hand when catching a ball from Harry Astoria on Thursday evening. "Tup" did not complain at the time but when another was thrown to him and he dropped, the fellows thought it time to investigate. They found their first baseman's finger badly crushed.

One of the greatest baseball fans in the city is LaPorte, who holds a place on the "Finkers" line-up. Not only does he know all about the game accordingly but he plays a good game when he is on the field himself. Although batting cross-handed he generally hits in good style but the other evening he found it rather hard to collect any free ones with Harry Astoria in the box.

Ten Years Ago in Prince Rupert

August 21, 1910.

Over a thousand residents of Prince Rupert and district gathered in front of the Provincial Government buildings yesterday to hear the addresses of Sir Wilfrid Laurier and his distinguished associates.

Chief Engineer Kelliher, Mr. Lewis and Mr. Stewart, of Foley, Welch & Stewart, arrived on the steamer Operator yesterday afternoon, having just completed the overland route from Edmonton following the G. T. P. right-of-way.

Kelly, Carruthers Co., Ltd., Prince Rupert's largest mercantile concern, closes its doors for business tonight.

Mr. and Mrs. J. F. Brandt have returned to the city.
