INTEREST IS KEEN IN NEW AIR MAP

Board's task will soon be finished, it is believed—Will Mark the Beginning of Aerial Service throughout Country

OTTAWA, August 21.—Occasional word of the enterprise of Americans in surveying an air route from New York to Alaska via the Canadian west to Edmonton and Prince Rupert and northwards through Dawson city, makes interest keener in the forthcoming Canadian route map which will soon be completed for the air board of Canada. While details are withheld for the time being the air board itself is composed of enthusiasts sure that the future of transportation in great part is in the air, and that it behooves Canada to bestir herself if she is to keep pace with progress in other countries.

Matter of Time

It is now certain that it is only a matter of time until passenger, mail and express services are being run between cities on a trans-continental route in the Dominion. It is being done already in Europe, and air journals to hand show that the tariffs published by airplane companies have been becoming progressively lower until now they are under the ordinary rate charged by land and sea transportation companies. For passengers who want the experience, or who are in a great hurry, these companies charge greatly enhanced rates. The mail service between London and Amsterdam, it is stated, is cheaper than by the regular routes for important letters, replies being received in 30 hours where formerly it took five or six days. Precious freight and important passengers are using the air route, and so far without encountering air bandits.

Air men who trained in Toronto say that the wing which remained in Toronto in the winter of 1917-18 did as much flying as those wings which went to Texas to complete their flying. By adding skids or runners some airmen even claim that landing is easier in winter than in summer.

Would Use Seaplanes

The vast expanse of water scattered over the eastern half of Canada in lakes, rivers and inland fresh water seas, makes it sure that during a great part of the year seaplanes will be used in this part of Canada. For exploration purposes, where landing places cannot be provided beforehand, the seaplanes will be invaluable. However, the trans-continental route will be the first air necessity, and it will make it necessary for municipalities and the councils thereof to rub their eyes and waken to the necessity of a new orientation.

Every 20 miles there must be a landing place, and if these points wish to be in the routes and places of call they will have to provide landing places.

Meanwhile the next move must be from the air board, and its map will be inspected with interest.

Public meeting at the Empress Theatre Wednesday night to be addressed by the Premier.

KITSUMKALUM SCHOOL.

NOTICE TO CONTRACTORS.

Sealed Tenders superscribed "Tender for Kitsumkalum School" will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Wednesday, the 25th day of August, 1929, for the erection and completion of a three-room addition to present school-house at Kitsumkalum in the Prince Rupert Electoral District, B.C.

Plans and specifications can be seen after the 4th day of August, 1929, at the office of:—

A. Mahony, Esq., Government Agent, Court House, Vancouver.
J. H. McMillin, Esq., Government Agent, Court House, Prince Rupert.
D. A. McKinnon, Esq., Secretary to School Board, Kitsumkalum, or the Department of Public Works, Victoria, B.C.

Lowest or any tender not necessarily accepted.

A. E. FOREMAN, Public Works Engineer, Victoria, B.C., August 2, 1929.

LAND ACT.

FORM OF NOTICE.

VANCOUVER LAND DISTRICT—DISTRICT OF COAST.
TAKE NOTICE that Pacific Mills, Limited, of Ocean Falls, B.C., occupation pulp and paper makers, intends to apply for permission to lease the following described lands:—

Commencing at a post planted at the S.W. corner of Lot 16, False River, Rivers Inlet, thence east 40 chains, thence south 40 chains, thence west to shore, thence north along shore to point at commencement, and containing 160 acres, more or less.

PACIFIC MILLS, LIMITED, By Mark Smaby, Agent, Date June 21st, 1929.

SOME STREETS IN BAD SHAPE

Certain Points on Fifth Avenue Need Repairs—Cow Bay Road is to be Stopped up.

SEEKING WIDENING OF APPROACH TO WHARVES

The condition of certain streets in and about the city came in for discussion at last night's council meeting. The subject was brought up by Ald. Wilson Murray who stated that the condition of Green Street in front of the hospital was not safe. The mayor said that he would see that it was attended to.

Ald. Dybbhavn said that certain points on Fifth Avenue were weakening as a result of the heavy loads of material for the new school passing over recently. Ald. Kerr said that the street foreman would be sent to investigate.

Stop Cow Bay.

The city is going to take active measures to stop traffic from the Cow Bay road. Ald. Rochester felt that the city had a certain moral responsibility even if it was not financial. Perhaps stopping the road would hasten improvements by those responsible.

The mayor is to take up with Superintendent A. Kilpatrick the question of the present approach to the Grand Trunk wharf from Second Avenue and Sixth Street. This is wholly inadequate and, in fact, two persons carrying suitcases cannot walk abreast on it. Alderman Rochester felt that it should at least be eight feet wide.

Mayor McClymont mentioned the dumping of coal on the streets. Steps are to be taken to stop persons leaving it out overnight for it is a great menace to cars. A bad accident was narrowly averted only recently when a car piled up on a big heap of coal.

Sport Briefs

Colts Won Game.

The Colts outclassed the Sawmill baseball team in a seven-inning baseball game last evening at the Aeropolis grounds. The match was a free and easy competition and at no stage did the sawmill appear dangerous to the Colts. Hagstad opened in the box for the lumber men and was replaced by Harry Astoria in the fifth but it was too late to stem the tide of the opposing aggression. The final box score was 11 to 5. Wallace Anderson umpired and Clementson attended to the base runners. The teams lined up as follows: Sawmill—Hagstad, pitcher; McKay, right field; Fowler, centre field; Sherman, left field; Abbott, catcher; Astoria, first base; Fotos, second base; Alice, short stop; Maxwell, third base. Colts—(in same order), Butler, Eddie Clapp, Eddie Smith, R. Smith, Hill, Roberts, Baby, Mitchell and Sherman.

Box and Colts Lead.

By winning last night's game, the Colts have placed themselves one full game ahead of the Red Sox in the league race and special interest will, therefore, be centred on the game between these two teams on Friday evening for it may prove the deciding match. If the Colts win they will carry away the season's honors without further dispute, while if the Red Sox win, the leadership will be tied up and a play-off will become necessary. With both teams extending themselves to the utmost on Friday night, the match will probably prove the most interesting of the season. The Sawmill and Beavers, of course, are now eliminated from the leadership in the intermediate league.

DAWSON MEN TRYING TO BUY Y.M. BUILDING

VANCOUVER, Aug. 24.—A syndicate of former Dawson men are negotiating the purchase of the big uncompleted Y. M. C. A. building here. It is not known what they intend to do with it if the purchase is completed.

ENGINEER KILLED

HARTFORD, Conn., August 24.—An engineer was scalped to death and nine people were injured when the New York-Springfield express train left the track near here.
