Recent Raids

Interesting Affairs.

The action by the authorities this week has been the most interesting topic of conversation on the streets since the occurrence. On the one hand it is said that the condition prevailing is the direct result of the Prohibition Act. People who want liquor badly enough will get it in spite of the Prohibition Act, and many want it chiefly in spite of the show their disregard for a law which is not popular with them. That is bad enough. It is much worse when drunkenness flaunts itself on the streets, and that is what most citizens object to. When the Prohibition Act did away with the bars, there were few objectors, except the barkeepers and those directly interested. It was hoped that drunkenness would be curtailed, and its evil effects abolished. But the police court records show scarce a week without several drunks being charged. These are the people who will cause a bone dry condition in this province, through making themselves objectionable to their neighbors. The one common regret heard expressed is that the action by the civic authorities was delayed so long. It would have been easier to nip the illicit traffic in the bud.

Looks Like

Effective Clean-up.

For many months local people have clamored for a clean-up in the alleged liquor traffic in this city and now it seems that a definite, decisive and damaging step has been taken in that direction. Besides the punishments that have been and will be inflicted as a result of the proof of the illicit trafficking the shock of such a wholesale round-up will have its moral effect and the fear of the law will probably have a controlling effect on the carrying on of the business. Almost every one recognized that it was going on almost openly here and all that was needed was proof. That was hard to get but now that it has been obtained the guilty parties are pointed at and the skirts of others are cleared. The action of the city in making the clean-up is commendable. Some may say that the means may not have been of the best but there are few suggestions made as to any better method.

Can Go

Further Still.

The activities along these lines should not cease now. The liquor traffic is not the only form of offence that has been prevailing in this city. Drug using and the prevalence of disorderly houses are points that could stand investigation and there is, no doubt, that a systematic campaign, either secret or open, along these lines would do much to make Prince Rupert a cleaner city. Indiscriminate statements are made by many as to the prevalence of vice here and it is time that some of these statements were proven or disproved. Prince Rupert is probably no worse than any other city of its size and surroundings but there is not the least doubt that it would bear a good deal of looking into.

Higher Education

Must be Provided.

University education is but in its infancy in the demands that are being made upon it. It is not to soothsay that the time is fast coming when almost every young man and woman will want to proceed to take a university degree or diploma. The corollary is that higher education will have to be made as free and as accessible as is elementary education today. The latter has been made so as the only answer to a popular command. Higher education will be equally insistently demanded before the generation now entering its adopted university will have worn its hood for the last time. The facilities of today will but meet the requirements of a few fleet years. Their expansion will be enforced unless the State, which has taken upon itself the responsibility of providing higher education in the province, acts with wise prevision and generous anticipation. — Winnipeg Telegram.

BECAME SO THIN
SHE WAS AFRAID"FRUIT-A-TIVES" Made Her Well,
Strong and Vigorous

MADAME ARTHUR BEAUCHER

805 Cartier St., Montreal.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

As last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

EVANGELINE AT
SHOW TONIGHTFox Film Corporation Scores
Screen Success in Picturization
of old Acadian Romance

"Evangeline," the vitally dramatic poem will be seen at the Westholme Theatre tonight and tomorrow night in the motion picture version made by the Fox Film Corporation. In making this picture an achievement deemed to be impossible has been accomplished. The production is rated a surpassingly beautiful version of the most sublime drama in the history of American literature.

Miss Miriam Cooper, a well known and charming leading lady of the screen, is seen in the title role and her impersonation of the unhappy heroine is said to be her greatest accomplishment. The picture adheres strictly to the original poem and it is said to be as big a screen triumph as the original was a successful poem.

BUSY SEASON FOR
BOATS AND TRAINSLarge Numbers of Orientals Going
South, While Indians are
Gathering in City.

The Prince Rupert pulled out for the south last night with one of the capacity passenger lists of the season. For many trips back all cabin accommodations have been booked right up but what is most noticeable at present is the large number of deck passengers. They comprise mostly Japs and Chinese who have been engaged during the salmon season at the various canneries and who are returning to the cities of Vancouver and Victoria for the winter. As soon as the vessel docked from Anyox last night there was a rush of these passengers to get aboard. The choice of quarters in the steerage is somewhat a matter of "first come, first served now" thus the rush to be first into the 'tween decks quarters where the deck passengers are carried.

The trains arriving bring these Orientals but besides these there are numbers of Indians coming in and their presence is getting more noticeable every day. Many of them will remain in and about the city until after the exhibition which is an event that all the Indians are gradually becoming interested in. Indeed about the fair dates many of the neighboring Indian villages are almost deserted.

Under the name of "Portland Canal" the 160 acres adjoining the original townsite of Stewart on the east, being part of the acreage owned by Donald Mann, Alvo von Alvensleben and E. P. Davis, K.C., and divided into lots 25 by 100 feet has been placed on the market by the townsite department of the Canadian Northern Railway.

City Engineer Davis will have the new 3,000 foot pipe from the lower creek to the G. T. P. pump-house completed by Monday.

The speech of the Kaiser in Berlin last night in which he declared that he was emperor by divine right and not by act of parliaments or assemblies of men, is bound to have a deep political effect.

Sir George and Lady Doughty of Grimshy, England, are registered at the Grand Trunk Inn.

Yesterday afternoon before Judge Young, Peter Bougles was fined \$50 or four months in default of payment for attempting to steal a case of whiskey during the course of the police seizures on Monday. The accused pleaded not guilty but officers Wisely and Adams gave such evidence for the prosecution that a conviction was sustained.
