DAILY EDITION.

Private Peatt
And His Company.

Next week Prince Rupert is to have a Chautauqua. It is a Canadian institution run by a Canadian, Private Peatt. Naturally many of the artists are not Canadians, but they come with good records and an institution of this kind is worthy of support, as long as it has the quality.

Private Peatt has written a book and lectured a great deal during the war. His wife is even better than he, so they say. There is a good variety of instrumentalists, vocalists and entertainers, something that is always welcome at a place cut off as this is from the rest of the world.

Labor Shortage
Handicaps Operations.

The News has no wish to see a condition in which the man who sells his labor must peddle it around from one employer to another and run the risk of not getting a job in the end. We recognize the dignity of labor and the hopelessness of unemployment, especially when the unemployed person has dependents who must be provided for. Just now, however, the tables are reversed. There are many employers looking for men and there are not enough men to do much more than half the work offering.

If all accounts be true there are plenty of men in Vancouver, but that is a long way off and it costs a good deal to bring men from there. It seems a pity that some of the men cannot make their headquarters here instead of in Vancouver, for there are all sorts of industries within a short radius of the city. Industries are handicapped through not being able to get men, and there are plenty of men requiring employment if they could only connect.

Death of Pioneer
Of British Columbia.

Late comers to British Columbia will know little of the man whose death was reported in this paper yesterday, Hon. J. S. Helmcken. He was a unique character. He objected to anything which interfered with the liberty of the subject or encroached on the rights of the people. He took strong exception to laws dealing with behavior on Sunday and again and again in Victoria he took issue with the park commissioners over concessions given to individuals or clubs within the park limits.

In his day, Dr. Helmcken was one of the best known and most highly respected residents of the province and in Victoria was a familiar figure, until he became too infirm to go out. He was the man who negotiated the terms by which the province joined the Canadian federation and he naturally took great interest seeing how those terms worked out, and was an active participant in their benefits.

\$10 Ten Dollar Prize \$10

for
Letter on Prohibition

A good friend of the prohibition cause has made an offer of a prize of ten dollars for the best short letter arguing in favor of the continuation of prohibition and against government sale. He has asked the News to receive these letters and to publish such as may be thought worth while. This we have agreed to do.

There will be no rules in connection with this competition except those which usually go with newspaper correspondence. Letters must be brief, to the point and must be couched in parliamentary language. Personalities should be avoided.

Contestants should write legibly on one side of the paper only and the correct name and address of the writer must be given, although not necessarily for publication. If the letter should be a prize winner, the name of the winner will be published.

Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU

 "I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician."

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again."

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

The natural taste of Pacific Milk gives fresh fruits a delightful flavor. It seems to add a smoothness that brings out natural richness, especially if one eats it on sliced fruit for breakfast. Try it on bananas or peaches.
