

# For Soft Blankets!

Keep your blankets soft, woolly and comfortable! Guard them carefully in the wash and they will repay you with a doubled life. The safest of all blanket baths is with the rich, creamy, cleansing LUX suds.

The best way to wash blankets.-Use two tablespoonsful of LUX to a gallon of water. Whisk into a thick lather in very hot water. Add cold water until suds are lukewarm. Work your blankets up and down in the suds and squeeze the suds repeatedly through the soiled spots. Do not rub.

Rinse the blankets in three lukewarm waters. Pass through a loose wringer or squeeze the water out. Do not twist. Dry in the shade
