DAILY EDITION. Saturday, Sept. 11, 1920.

Ballantyne Still Remembers.

Hon. C. G. Ballantyne still remembers Prince Rupert. More than that he is telling the people in the east about us. What better news could we have? The next important thing is to see ships sailing out of this port from the docks built by the Dominion Government.

There is no better place to be well known than in the seats of the mighty at Ottawa. If the ministers take an interest in this port we are like to get some attention from the Government. That is a good reason for welcoming the next important visitor, W. L. Mackenzie King, leader of the opposition. He is in close touch with all legislation and it is quite possible that within a couple of years he may be occupying the same chair that is now used by Premier Meighen.

Co-ordination Scheme Satisfactory.

It is very satisfactory to the people of Prince Rupert that under the co-ordination scheme of the railways, there have been no radical changes in the local staff. The vacancy caused by the resignation of H. McCall has been filled by the appointment of N. B. Walton of Edmonton, who is promoted to the position he now holds. Capt. Nicholson and G. A. McNicholl have been re-appointed to their old positions and it is generally understood there are not likely to be any other radical changes in the staff. Places are being found for everyone.

The next thing we shall all be looking for is a daily train service between this city and Edmonton. The developments along the line are going ahead so fast that it cannot be long before at least three additional trains must be put on. It will pay the railway to give the service. Already the trains are very long and on at least one occasion this summer a second section had to be added to carry all the people. With a more frequent service there would be more travel this way. It would especially convenience commercial men who find it difficult to get around quickly enough if they call at the small places.

Chautauqua Leaves Pleasant Memories.

There were several first rate artists in the Canadian Chautauqua which has just concluded its visit to this city. The concerts were not well attended, with the exception of the last, but those who did attend all spoke well of the artists. It is to be hoped that they will return next year and that the arrangements may be such that everyone will take advantage of the opportunity to hear them. Artists deserving of special mention were Elsie May Gordon, the impersonator; Alice Genevieve Smith, the harpist; and Count Szeda, violinist. It is seldom that Prince Rupert people get an opportunity of hearing such as these.

Organize for Any Old Thing.

The word "organize" is on our lips so often that we hardly realize what it means. Usually it signifies the gathering of a few people who are interested in some cause, the election of officers and an executive committee and then the carrying on of a propaganda by one or two of the officers and committeemen. That is organization in the ordinary sense.

In its proper sense it is the banding together of a group of people in a common cause, the officers representing and gathering their enthusiasm from the members and being in close touch with them, never acting without their authority but representing them all the time.

There is also an organization, which is not uncommon, which consists of a set of officers and committeemen, elected by themselves, but never doing anything except getting some notehard printed with their names on it. This kind of organization dies a natural death within a reasonable period.

The mortality among organizations is almost as great as the number of births. Were it not so there would soon be enough organizations in existence for every man, woman and child to be a president.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER

917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good.

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I think the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

Mlle ANTOINETTE BOUCHER.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson. The height is in feet and tenths of feet above the average level of lower low water.

VICTORIA, Sept. 11.—The death occurred here yesterday of Frank Woodman Adams at the age of 63. The late Mr. Adams was for many years interested in the sealing industry. Sport Briefs

Fair days will be a regular big time for all kinds of sports and it looks as if the Acropolis Hill grounds will be as busy as any other part of town at that time. There will be the games between Anyox and Prince Rupert at both baseball and football, there will be the exhibition cup football play-off and the usual races. Besides these the grounds will be kept working in the meantime with the various encounters between the natives at football and baseball, notable among which will be the games for the exhibition football trophy for northern B. C. now held by the Kitimaat team.

Gilbert Campbell, manager of the Sawmill baseball team, and his sawdust kids have taken a notion into their heads that they can stage a comeback at baseball and have invited the Red Sox up to the Acropolis Hill tomorrow to try conclusions again. Both teams have been strengthened somewhat and a hard tussle seems assured this time. The Red Sox themselves are not feeling at all faint and they are going up to maintain their reputation. The batteries will be McCullough and Matheson for the mill team and H. Astoria and Bob Frizzell for the Sox.

Hazeltón proved altogether too fast for the Smithers G. T. N. team in the first of the Gray Cup football matches at Smithers last Sunday and won by a 6-1 score. At no time were the Smitherses dangerous and good sportsmanship was certainly displayed by the boys from the Skeena. The Misses Waitie proved great boosters rooting in the grand stand.

The sports at the Telkwa Barbecue this year were largely instrumental in its success. In the morning a football game between Smithers and the G. T. P. proved a tie. After the barbecue beef had been served to hundreds at noon, Telkwa tied into Hazelton and beat that town by a score of 10 to 6 in one of the best played baseball games ever played in the interior. Several interesting horse races including the Bulkley Valley Derby were run off in the late afternoon. The dance at night was the usual big success, the Telkwa hall being filled to capacity. Four in the morning saw the last of the dancers away.

Ten Years Ago in Prince Rupert

September 11, 1910
 The Canadian Fish and Cold Storage Company has been formed with a capital of \$1,000,000 to establish in the fish industry here. Sir George Doughty and James Carruthers, of Montreal, are reported to be behind the scheme.

Sir Mackenzie Bowell, former premier of Canada, and J. S. Willison, editor of the Toronto News, are visiting here. They will also see Stewart.

Sealey is being boomed now and speculators predict it will be the big business centre of the Skeena and Bulkley River valleys.

T. L. Goodnough and George Leek have bought out the Albion Bottling Works from T. Z. Krizner.

GAS WORKERS REFUSE TO RETURN TO WORK
