Babine mining properties are to be prominently represented in the mineral exhibit at the Smithers Fair next Tuesday.

With the change in the management of the G.T.P. railroad Smithers loses the resident assistant superintendent. A Kilpatrick has been transferred to an unnamed point.

SPEAKER'S CHAIR TO BE READY SOON

LONDON, Sept. 11.—The Speaker's Chair, which is to be presented to the Canadian House of Commons by the members of the Empire Parliamentary Association in the House of Lords and Commons, is expected to be ready in time for the opening of the new House of Commons in Ottawa early next year. Hitherto, the Canadian speaker, like the English speaker in former times, removed his chair on the termination of his office. This chair will remain permanently, an abiding token of good will between both Parliaments. It will be constructed of oak in its natural state, to correspond with the woodwork of the new Canadian House of Commons which is of oak that has not been oiled, stained, varnished, or polished, but left in its natural condition. For the Royal Arms surmounting the chair timber taken from the roof of Westminster Hall will be used. The Royal Arms and Tudor Roses are worked on the canopy.

It was thought that it might be desirable to introduce the maple leaf also, but Lieut. Col. Amery, M.P., Under-Secretary for the Colonies, while in Ottawa recently attending the West Indies Conference, took the opportunity of consulting the speaker of the Canadian House of Commons on the matter, and he was assured that no alteration in the design of the chair was desired.

At a time when ties are drawn the closest, gifts have a deeper meaning. For centuries the jeweler's art has furnished the most cherished of gifts. They are particularly suitable and being small the transportation costs little. They carry value and meaning.
