Coal Bunkers Needed Here.

At the meeting of the Board of Trade Saturday the question of erecting coal bunkers here was mentioned to C. A. Hayes, vice-president in charge of traffic for the Canadian National Railways. It was urged that there would be a lot of business done here if there were facilities for handling the coal. The Granby business and that of the local cold storage company would be considerable, and if we were to do a shipping business from this port, there must be bunkers here so that the steamers could coal without difficulty. This would mean business for the railway.

There is at present a good deal of good coal coming here from the mines of the interior, and mines closer to the coast are likely to be developed soon. Only yesterday there was a United States survey boat coaling here. With the development of the northern part of British Columbia and southern Alaska, there will be greater demand than ever for coal at this port and the matter of bunkers will have to be considered in the very near future.

Libraries for Smaller Communities.

Prince George and Powell River are opening new libraries and yet Prince Rupert has not one. A despatch received at the week end told of branches of the Vancouver library being established at the points mentioned. Here at Prince Rupert we should not have a branch library, but should endeavor to have this made a centre for the surrounding points. Prince Rupert should lead in the development of the district, whether from an industrial or educational point of view. As soon as the fair is over will be a suitable time to get busy on the project. A town this size with no public library is a disgrace.

Speed Boat Contest Soon.

The News has already urged that efforts be made to secure the speed boat trophy for Prince Rupert this year. It is interesting to know that several boats are under construction and will be running in time to enter the race next week.

The Anyox people are good sports. They do not like coming here and getting no real competition. It is understood, however, that this year there will be a real race. At least three and perhaps four local boats may be in the running and the Wayward Girl will have to make her very best speed if she is to retain for Anyox the Campbell cup.

Box Lumber for Southern Cross.

Australia and New Zealand are shippers of dairy products. They are extensive producing countries, but they have no box lumber and must buy abroad. The lumber must be odorless and the local Sitka spruce fills the bill exactly. Just now, however, there is no means of getting the spruce to Australia without expensive reshipment charges. With the establishment of a line of steamers to Australia from this port, a trade in box lumber could be established which would be of benefit to Australia and would keep the local mills running. This is worth considering in the development of the Canadian National steamship services.

FINED FOR GAMBLING AT KETCHIKAN

KETCHIKAN, Sept. 11.—Seven men, three of them colored, were found guilty of gambling and fined by Magistrate Will H. Win-

ston. They were arrested Sunday night in a small shop on Mission Street. Harry Jones and John Baxter were fined \$50 each and Geo. Georges, J. L. West, Alf Phuku, Geo. Butler, Jos. Gilks, the last three being colored, were each fined \$20.

NERVES ALL GONE TO PIECES

"Fruit-a-tives" Conquered Nervous Prostration

R. R. No. 4, GILBERT PLAINS, MAN.
 "In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-tives".

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am now without "Fruit-a-tives" in the house". JAS. S. DELOATY.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

PRINCE RUPERT TIDES

Monday, September 11.

High, 1:32 a.m., 21.3 feet.

13:54 p.m., 21.7 feet.

Low, 7:47 a.m., 2.7 feet.

20:12 p.m., 2.6 feet.

Tuesday, September 12.

High, 2:14 a.m., 21.1 feet.

14:27 p.m., 21.6 feet.

Low, 8:24 a.m., 3.5 feet.

20:52 p.m., 2.7 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

PROVIDE CARGO FOR STEAMERS

Question of Operating Vessel from This Port Discussed by the Board of Trade.

The question of providing cargo for ships sailing out of this port was discussed at some length at the meeting of the Board of Trade on Saturday afternoon at which C. A. Hayes, vice-president of the Canadian National Railways, was present as well as a number of other traffic men now appointed under the scheme for co-ordination of the two railways.

Mr. Hayes showed much interest in the local situation and discussed it fully with the members of the Board. Lumber, it was shown, was the chief product of the district, and of this there was an output of approximately 300,000 feet a day here and on the islands, and a similar amount up the line of the G. T. P. within easy reach of this port.

Another local product that could be shipped was fish, especially canned fish. There was a demand for pink salmon in Australia, these being about ten per cent of the pack. There was also the Alaska pack which might be shipped the same way. There was a market in Australia for frozen fish—but experimental shipments could not be very large, whereas the refrigerator space was usually large enough to contain ten-car loads. A space for one car load would be enough at first.

In the course of discussion it was shown that extra refrigerator space was being provided in the vessels being built here. Representations had been made to Hon. C. C. Ballantyne in regard to the dividing of the 10,000 cubic feet of refrigerator space into smaller compartments, so that a local firm could fill, say, 1,000 feet of space with fish.

The whole question of cargo shipments from here was thoroughly thrashed out and will be considered by the railway men.

TRAIL CLUB WAS WINNER

Eliminated Callies for the Exhibition Cup Play-off—Score 2-1.

By defeating the Callies on Saturday afternoon in a closely-contested game which resulted in a 2-1 score, the Trail have won the privilege of contesting in the Exhibition Cup games which will be held during the fair week. Saturday's contest was a pretty game and was well played through out. The Callies scored their goal during the first half and it was not until the second half that the Trail registered at all, but then they made two while the Callies were unable to connect again. The two tallies for the Trail were both made by Clarke.

Wm. E. Willisoff refereed the game while "Doc" Clapperton and McGulloch were the linesmen.

The G. W. V. A. and the Sons of England will meet in the second elimination game next Saturday. The winner will meet the Trail Athletics in the big play-off.

Ten Years Ago in Prince Rupert

September 13, 1910

A settlement has been effected between the owners of the Diamond D., Bulky Valley, ranch whereby Charles Barrett becomes the sole owner. The retiring partner is E. Charleson.

The "Taylor Section," adjoining the G.T.P. near Hazelton, has been sold by J. C. K. Sealey and Walter Burns for \$32,000.

The grading and close cutting on Second Street is to be done by the city engineer. Alex. McLean is the successful tenderer for similar work on Fifth, Sixth, Seventh, Eighth and Fraser Sts. while John Vierick will build the plank roadways.

Meanskinish and Kitsumkalum post offices on the Skeena are to be changed to Cedarvale and Hemlock respectively.

The roofing of Peter Black's new hotel, the Central, has just been completed.
