

Canada's Overseas Trade is \$2,351,000,000

Sea-borne \$1,046,000,000
Land-borne \$1,305,000,000

More than half this land-borne trade is ultimately sea-borne—but in Foreign Ships.

Every pound of Canadian products shipped from a port outside Canadian territory retards our maritime growth, weakens our national prosperity and places control of a part of our sea-borne commerce in the hands of a competitive nation.

The Navy League of Canada.
