TO DRIVE TUNNEL ON HUDSON BAY MOUNTAIN

Contract Let for Work and The
Money Deposited in Bank

A new contract has been award-
ed to Messrs. Green and Millar in
connection with the development
of the Cascade group on Hudson
Bay mountain, and the contrac-
tors are now making arrange-
ments to resume the operations
where they left off a few weeks
ago, says the Interior News. The
instructions were contained in a
telegram received by Mr. Millar
and at the same time money was
deposited in the Union Bank in
Smithers to cover the cost.

Messrs. Millar and Green re-
cently completed a contract for
fifty feet on the long Cascade
tunnel at the end of which it was
hoped to cut through the big dike
and strike the vein so strongly
exposed on the surface. In this
they did not meet with success,
although towards the end of their
work a vein was opened up which
may be distinct or the edge of
the main showing. The theory is
that there is a heavy dip and that
they will have to go some dis-
tance yet before hitting the ore.

The latest contract is for one
hundred feet, and should the ore
body be encountered within that
distance, the balance of their con-
tract is to consist of drifting on
the vein. The work will carry them
well on to the new year, and
should they be successful in their
mission, the owners of the prop-
erty are prepared to go ahead on
a larger scale.

IN THE LETTER BOX

FOR AND AGAINST

Editor, Daily News—The letter
from Ernest A. Hall in a recent
issue regarding alcohol and ven-
ereal disease is timely in view of
the vote shortly to be taken on
government control.

The necessity of the regulation
and supervision of the trade in
alcoholic liquors is well attested
in Mr. Hall's figures on the num-
ber of delinquent girls in British
Columbia, well over one hundred
of them, who recently informed a
friend of his that they first went
astray while intoxicated or under
the influence of liquor. How
indeed did these girls procure
liquor when we have a prohibition
act in force? Presumably from
blind piggers and such like who
are flourishing on the rampant
infraction of the law. These girls
would have been unable to pro-
cure liquor under regulation and
supervision of the government
such as is proposed in the act to
be voted on October 20.

I share with Mr. Hall the fear
at the increasing plague of ven-
ereal disease, the seeds of which
are often sown in blind pigs and
other vicious resorts which have
come in the train of the prohibi-
tion law. Let us get down to a
sane and rational system of dis-
pensing liquors and thus protect
our young people by having the
government control the traffic in
alcoholic beverages.
