Mackenzie King Opens His Western Tour at Victoria

As downward revision of Tariff particularly on Necessaries of Life and Instruments of Production

Reduction by Curbing Extravagance

believes in wider recognition of Labor with representation in shaping industrial policies

VICTORIA, Sept. 28.—Hon. W. L. Mackenzie King in his initial western tour here last night said a general election was necessary to restore to the people control over the Government. The leader of the opposition said he favored a downward revision of the tariff with substantial reductions on the necessities of the instruments of production. A reduction of taxation made and this would be possible by curbing extravagance. Mackenzie King said he believed in a wider recognition of representation in the shaping of policies and in consequence afterwards. This would have the effect of putting industrial strife.

Mr. King continued, "that if labor is as necessary as the successful running of our railways as capital or management, entitled to its place on the board of directors."

During the most open diplomacy in inter-imperial and inter-national relations, the speaker said the floor of Parliament and not the cabinet councils is the place for treaties to be made and agreed to.

PERRY FIRES BACK AT HOSPITAL BOARD FINANCE COMMITTEE

At the meeting of the City Council last night there was another shot fired by Alderman Perry in his difference of opinion with D. C. McRae and J. B. Roerig over hospital affairs. It followed the reading of a letter in which Messrs. McRae and Roerig apologized for slighting the Council in not having Alderman Perry attend meetings, but qualifying the apology with the statement that the alderman had not attended the meetings he might have. Reference was also made to his failure to attend meetings of the Public Utilities committee of the City Council in 1919.

Ald. Perry said he was glad an apology had been made, but he hoped the matter would have been allowed to drop there. They had made further statements, however, and the alderman said he would indeed be "a miserable little rube" if he did not reply. He denied that he had failed to attend any important meeting of the Utilities committee in 1919.

Alderman Perry then went to impute interested motives to Messrs. McRae and Roerig and threatened to give facts and figures to prove that he was right.

Game Warden J. W. McIntosh has received a notification that trapping will open for all animals except beaver on November 1 instead of December 1. An order-in-council has made this possible under the amendment to the Game Protection Act. The open season for beaver does not commence until 1924.

Soviet Russia is Asking for Peace with Roumania

Offers to return Stolen Money and Art Treasures to that country as Condition of Signing Treaty

WASHINGTON, Sept. 28.—Soviet Russia has announced her readiness to return to Roumania the Roumanian gold amounting to \$500,000,000 and the art treasures taken to Moscow if Roumania will sign a treaty of peace. This is the statement made here by Captain Stoica, former Roumanian Liaison officer, yesterday.

The anxiety of the Soviet government to sign up treaties with her neighbors now that she is getting the worst of the fighting, is rather significant. When she was advancing and winning battles, her leaders were arrogant as those of any military nation. It is the general opinion here that the Bolshevik danger, from the military point of view, is past.

ATHLETES MEET ON THURSDAY

Election of Officers and Planning of Winter Activities on That Evening.

With Thursday night's meeting of the Prince Rupert Athletic Association the winter season of indoor athletics can properly be said to commence. At this meeting officers will be elected and preliminary arrangements for the winter's work at the Agricultural Hall quarters will be gone into.

The Association has been inactive during the summer on account of the outside sports, but next week, the quarters will be turned back to the association by the fair board. There is a balance in the bank to the credit of the association and all bills have been paid in connection with the improvement of the rooms and the purchase of paraphernalia. The financial status of the body is therefore in the best of shape.

"We want the young fellows to get in now," said Col. McMordie this morning. "It is the beginning of the season and they will be given a chance to run things just as they like if they turn out on Thursday night and manifest an interest in the thing. Otherwise, as far as I am concerned our balance can lie in the bank and draw interest."

"The talk about the quarters being too far away is nonsense. They climbed the hill all summer for baseball and football and surely good athletes do not object to a climb anyway."

KNIGHTS OF PYTHIAS HAVE SOCIAL NIGHT

Addresses by John Bulger and J. C. Brady; Music and Refreshments

The Knights of Pythias had an enjoyable evening last night when lodge was declared open and friends were allowed to enter to join in the evening's entertainment, thus swelling the attendance to goodly numbers. Music was supplied by the Fanthorpe brothers and their father assisted by giving splendid solos.

There were also two addresses, the first by John Bulger on "Precious Stones" and the second by J. C. Brady on "Friendship." Both were interesting and well enjoyed.

Refreshments of a high order were served after the entertainment, the committee in charge being George Durbin, Cyril C. Westaway and Harry Blake.

Exciting Experience of Aviator Brown in Making Attempt to Reach Rupert

VICTORIA, Sept. 28.—Further particulars are now available in connection with the mishap to Lieut. W. H. Brown, when on his way to Prince Rupert to give exhibition flights at the fair. He left Alert Bay for Prince Rupert on Monday. His Partner, N. A. Goddard, had to return and Brown proceeded alone.

After flying an hour and a half the engine missed and the airman landed near Nalau Island and dusk came on before the repairs were made.

During the night a gale came up and washed the craft toward shore. The plane pounded to bits with the pilot still aboard.

Brown reached shore safely and after spending the day alone on the island decided to try to paddle out on a log to waylay a steamer before being overcome by hunger. This he did and was fortunate enough to be picked up by the cannery tender Hidden Inlet.

REHEARSAL FOR FIRST CONCERT

Musical Society Begins Practises With Number of New Members.

The opening rehearsal of the Prince Rupert Musical Society for the coming season was held last evening in the Presbyterian Church Hall. The program outlined for the first choral concert is perhaps the most varied which has yet been projected in the city. From the light and airy glees of Sir Henry Bishop, Sir Frederick Bridge's setting of Southey's poem "The Inebriate Rock," to some of the most popular oratorio choruses, the Choral Society's ambitions will mean concentrated effort for the next several weeks.

There are many new members this year and one of the particular features of the opening night was the strength of the tenor and bass. In order to balance them the society will have to greatly strengthen their numbers in soprano and contralto, particularly with the young voices.

The body of a man named Fraser, aged 45, was brought from Thurlston Harbor on the Prince John this morning and is now at the B. C. Undertaking Parlors awaiting interment.

YALE-CARIBOO BY-ELECTION NOVEMBER 22

Two Candidates Already in the Field and Possibility of Two Others.

OTTAWA, Sept. 28.—November 22 is fixed as the voting day for the by-election in Yale-Cariboo made vacant through the recent resignation from the House by Hon. Martin Burrell.

There will be several candidates in the field. Already J. A. McKelvie of Vernon has been chosen as the standard bearer for the Tories, disguised under the curious name of "National Liberal and Conservative Party of Canada."

Tom Richardson has written to John Logie of West Summerland accepting the nomination on behalf of the Labor party. He was formerly a member of the British House of Commons.

There is a possibility of a labor man and a Liberal being in the field.

PENTICTON, Sept. 28.—The United Farmers in convention here today have not yet decided to run a candidate in the Yale-Cariboo by-election.

COL. EDGETT AS UNITED FARMER

Chosen Candidate by Convention at Penticton This Morning.

PENTICTON, Sept. 28.—(Noon)—The United Farmers in convention here this morning chose Col. W. H. Edgett of Vernon to be their candidate in the Yale by-election.

This is the first political move on the part of organized farmers in this province.

The colonel was formerly a member of the Northwest Mounted Police and later a member of the expeditionary forces, in the veterinary department. He was born at Moncton.

The platform adopted includes exclusion of Orientals from land ownership and retention of the tariff.

COLONEL PECK BACK TO TOWN

Three Weeks in Wilderness of North Out of Communication With World.

Colonel C. W. Peck, M. P., V. C., returned to town last night on the Walrus from Telegraph Creek after a three-weeks' tour of his constituency during which time he visited Atlin, Carcross, Y. T., and other points. Although he was delayed a week longer than he had intended to stay, he stated this morning that he had been pleased with his trip and was especially optimistic as to the prospects of the Dease Lake country. He was unable to get in there, although he would have liked to, but the time did not allow. While north he gained much first hand knowledge in regard to it, for the Stikine River is the route of entering. Col. Peck is confident that with development a great and prosperous district will be opened up there.

Speaking of the proposed visit to the city by Dr. S. F. Tolmie, minister of agriculture, and Premier Meighen, Col. Peck said that one of his first actions after returning from the three weeks in the wilderness, during which time he was only twice in telegraphic communication with the outside world, was to get in touch with these ministers. He was confident that they would both be here but he wished the premier to come west over the Grand Trunk Pacific and visit Prince Rupert before going south to Vancouver and Victoria.

Col. Peck and Dr. Tolmie intend to spend a few days inspecting the Bulkley Valley.
