MORE BUSINESS IN BEER LICENSES

J. B. Robertson Gets Transfer. F.
Dubord Gets License and F.
McGee Turned Down.

At the city council meeting last evening an application from J. B. Robertson for the transfer of his beverage license premises from the Savoy Bar to the Hub on Second Avenue was granted.

An application from F. McGee for a license for the premises in the Empress Block formerly occupied by the Chili Con Carne parlors was turned down on the ground that there was already an adequate supply of beer emporiums in that vicinity. Ald. Dykhava was the only member of the council in favor of granting this license and supported it on the grounds of fairness.

Ferdinand Dubord has been granted a license for the Windsor, which place he has bought out entirely. He considers changing the name of the place and running it along good lines in future. He is a hotel man of reputation and experience from Hazelton.

MACDONALD'S CUT "BRIER"

"Brier" Smoking Tobacco has become a Canadian institution. More men smoke "Brier" than any other tobacco in Canada. It leads in quality—and leads in value.

Now "Brier" comes in new form—Macdonald's Cut "Brier"—the same tobacco—prepared under the Macdonald standards established in 1858.

Still leading in value. Macdonald's Cut "Brier" gives more tobacco for the money in the 1-12 lb. package for 15c.—\$1.80 per pound.
