OFFICIALS THINK PRICES MOVING DOWN

Shoes are Selling at Toronto at 25 per cent. Below Six Months Ago

OTTAWA, Sept. 30.—While not disposed to definitely commit themselves, officials of the Dominion government in touch with mafiers affecting the cost of living, are disposed to the opinion that the tendency from now on will be downwards. They point to the steady decrease in the past few months in wholesale sugar quotations, the prospect of a lower price level for such commodities as flour and milk, and the announcement that the peak of the cost of clothing has been reached as sure indications that the five per cent. decrease in the family budget, indicated in the September report of the department of labor on prices, is likely to be followed by further decreases. The prospect of a certain amount of unemployment during the winter months, which will lessen the ability of the public to buy, is also regarded as an important factor in the cost of living situation. While there is no disposition to believe that there is any possibility of getting back to pre-war prices for a long time to come a steady betterment of conditions for the purchasing public is confidently looked forward to.

TORONTO, Sept. 30.—A prominent wholesale jobber in this city is quoted as saying that boots are being sold generally in Toronto at prices at least 25 per cent. below those prevailing six or seven months ago. He attributes this to a concerted effort from the manufacturers down to move stocks at prices based on replacement figures and regardless of actual costs. "We are taking our medicine," said he, "in an endeavor to reduce prices to a point where they will make stable business."

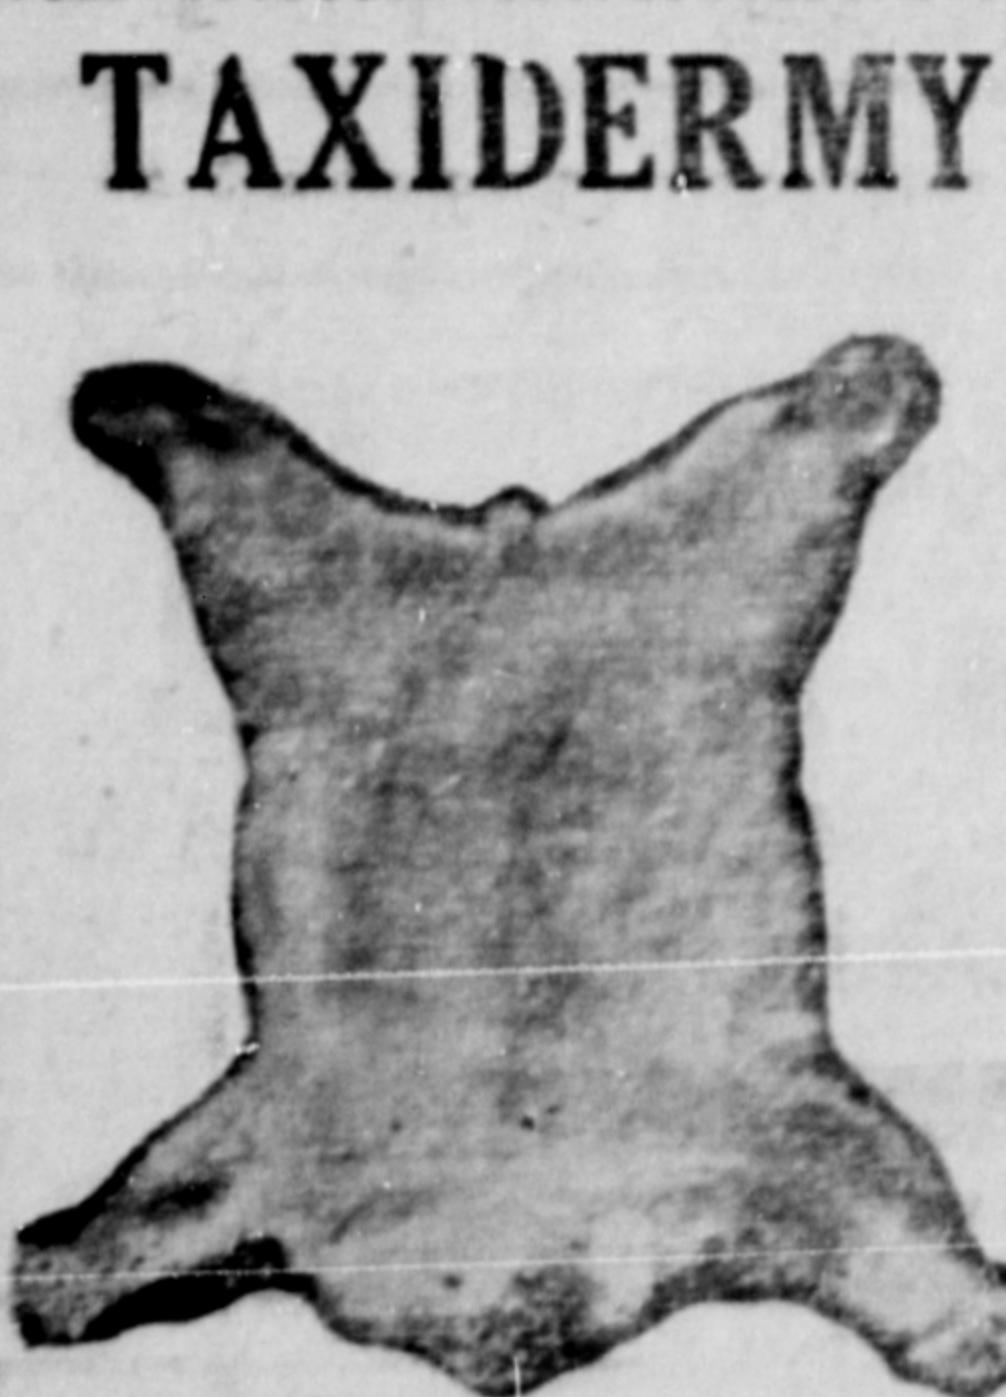

MINERAL ACT, 1896.

The Dandy No. 2 Fractional Mineral Certificate No. 26621-C, in Section 6 and 12 months. All easily cleared.

EMPLOYMENT NOW SCARCE

After Busy Season Camps Closing Up and Employment Bureau is Quieter.

The local labor market is beginning to slacken up and the requirements for men are beginning to decrease while the applications for employment are more. This is the report that was received from the Provincial Labor Bureau this morning and the reason given is that, with the setting in of the rainy winter season, camps are beginning to close at various points. Men are sticking to their jobs and there is not much shifting, so after a busy summer season things are beginning to slacken up at the local office. In spite of the general condition of quietness men are still being sent to Stewart, Anyox, Queen Charlotte Islands, Alice Arm, Hutton Mills, Swanson Bay and other points.

During the month of September there were 314 applications for jobs at the local bureau, with 295 placements. There were a total of 479 vacancies and 19 men sent out of the province. These figures show a failing off and the forecast is made that they will continue to drop during the winter.

HIS TRUNK CAME FLOATING TO HIM

SCHOOL INSPECTOR PATERSON DID NOT LOSE HIS BAGGAGE IN WRECK OF PRINCE RUPERT.

SCHOOL INSPECTOR Paterson arrived from the south last evening after an absence of three months during which time he has been doing departmental work at Victoria. On the way north he inspected the schools of the Bella Coola Valley, Ocean Falls and Swanson Bay. Tomorrow morning he will leave for Burns Lake and will inspect the schools along the line working westward. He will return here in about three weeks, when Mrs. Paterson will arrive from Victoria.

Mr. Paterson was in the wreck of the Prince Rupert and a queer thing happened when he had gone ashore after the beaching at Swanson Bay. He was standing alongside the wrecked vessel when his trunk came floating out of the hold right in front of him. By means of a rope he got it ashore and the contents including clothes and papers are now drying out at Swanson Bay.

ATHLETIC MEETING HAS BEEN POSTPONED

Men Most Interested in Association Did Not Appear, so no Business was Done.

The meeting of the Prince Rupert Athletic Association advertised for last night in the Board of Trade rooms did not materialize. Hardly any of the younger men interested in athletics turned out and the few older men present, including the officers for the past year, felt that they were not warranted in going ahead. The opinion was expressed that, as it was the young men who would use the institution, it was they who should manage it.

No official reports were given, but it was mentioned incidentally that all debts were paid and there was a bank balance to the good amounting to \$299.70. This will give the new management a good start. There is also a fair amount of equipment and the dressing-room, heating plant and showers are in good shape.

Another meeting will be called in the near future when it is hoped those directly interested will turn out and take charge.

MUNICIPAL TAX SALE FINISHED YESTERDAY

With the selling of 64 lots in Section 8 the 1920 municipal tax sale closed yesterday afternoon. Out of the total 147 lots at the entire sale 48 went to the city at the upset price. The highest price paid in Section 8 yesterday afternoon was by L. Astori for lot 8, block 25, \$50.15, while the lowest price was by E. C. Gibbons, \$12.65. A number of persons, including Mrs. Christina Johnson and M. M. Stephens, bought "little farms" of four or five lots in a group.
