Welcome to Leader Of Liberal Party.

Hon. W. L. Mackenzie King is here today and all the city, irrespective of party, will join in welcoming him and the other prominent Liberals who are with him.

Value of Port To the Dominion.

There is every possibility that in the near future Mr. King will be premier of Canada. He has the ability, the force of character and he is acquiring the confidence of the Canadian people.

Making Province Known in East.

It is to be hoped that some time this winter Premier Olyer will be able to go to Montreal to accept the invitation to address the Canadian Club there on British Columbia.

Canon Barnes on Science and Faith.

Inquiries have been made in regard to an article on evolution by Canon Barnes published in the News, in which reference was made to a recent sermon at Cardiff.

"After a period of natural hesitation and deplorable hostility Christian thinkers now quietly accept theories of the origin of the earth and of man due to modern scientific investigation and speculation. They therefore found it necessary to abandon the doctrine of the Fall and arguments deduced from it by theologians from St. Paul onward.

There was a time when matter, life, mind, the soul of man, were not; but now they were. Each had arisen as part of a vast scheme planned by God. The Christ Spirit within a man, "the quality of deity," as it had been called, separated him from the animals whence he had sprung, just as life separated them from the matter of which they were made.

DENTISTRY can not be properly carried out by office girls. You cannot trust the delicate tissues of the mouth to incompetent help. Injury and infection may result.

I work for you personally at my office. You meet me--you get the benefit of my years of experience.

I use the best material money can buy. My prices are the lowest considering the material used. No better equipment in Prince Rupert.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

At this time, a friend advised me to try 'Fruit-a-tives' and I did so. After taking two boxes of 'Fruit-a-tives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid--all of which I owe to 'Fruit-a-tives'.

15:56 p.m., 20.7 feet.

Low, 9:51 a.m., 6.7 feet.

22:36 p.m., 3.9 feet.

The time used is Pacific Standard, for the 120th Meridian west.

It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same.

The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps.

Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

BOARD OF TRADE BACKS UP COW BAY COMMITTEE

Endorse Recommendation of Filling in to Provide Sites for Warehouses--Capt. Freeman Dissents.

At the regular monthly meeting of the Board of Trade held last evening, the report of the Cow Bay committee was received and finally adopted, the only opposing member to the adoption being Capt. H. K. Freeman who, speaking at some length, gave the reasons for his opposition.

In voicing his disapproval at the filling in of Cow Bay, Captain Freeman last night stated that as a haven for smaller boats the bay would be much more valuable left open than it would be filled in for warehouse sites. If it were dredged out an 1,800 foot waterfront for small boats could be secured and with floats this could be increased to 3,600 feet.

Considerable discussion ensued and the point was taken that the provincial government could not dredge Cow Bay as it was not under its jurisdiction and the federal government would not be likely to do so because it is within a railway track. Its use as outlined by Captain Freeman was a prospect in the far future and the place would perhaps be tied up for a generation, where now there was a possibility of having it put into immediate use if the recommendations prepared by the committee were carried out.

TO REGULATE DRUG SALES

Doctors Asked by Dominion Government to Aid in Rounding up Addicts.

OTTAWA, Oct. 1.—By an order printed in a special issue of The Canada Gazette some very far-reaching regulations affecting the drug traffic in Canada go into force immediately. Every doctor and druggist within the Dominion is to be circularized, with a view to rounding up drug addicts, and measures are to be adopted which will make the carrying on of illicit drug traffic practically impossible.

That the government health officials are sincere in their effort to clean up the drug evil, and that they are having wonderful success, is shown by some figures given out today. Compared with the three months ending June 30 last year, the amount of cocaine imported into Canada for the same period this year has dropped from 2,373 ounces to 605 ounces. Cocaine has dwindled from \$12,384 worth to \$5,816 worth. Morphine and opium have both dropped away down in importation.

Evidence that certain porters and news agents on Canadian railways are implicated in the carrying of drugs across Canada has reached the federal health authorities here, and immediate action, it is stated, will be taken.

Follow the crowd to the Westholme Theatre tonight to hear Mackenzie King, leader of a majority of the Canadian people.
