Cleveland Takes Opening Game of The World Series

PRINCE RUPERT, October 5.—The opening match of the world baseball pennant will take place today at Brooklyn and resulted in Cleveland against Brooklyn by a score of 3 to 1. The game was marred by the serious allegations made, the truth of which is not yet admitted in connection with baseball irregularities in the past. Public interest does not seem to have waned and large crowds gathered to witness the game. The Cleveland team seems to have concentrated on the batteries, Cleveland being Goveleskie and O'Neill, while for Brooklyn the hurlers are Marquard and Krueger.

He chased a goat into a gulch and then, looking up, he noticed something in the mountain side that looked like ore. Further investigation showed it to be an outcrop of galena. He traced the vein as far as possible and then returned to Stewart and told of his wonderful find, carrying some of the ore with him.
