

LOTS OF TIME SPENT NEAR BEER QUESTION

Council Deadlocks on Application of Knox Hotel, Ltd.—McGee Again Refused.

The city council last night again voted out the application of F. McGee for a beverage license for the premises formerly known as the Empress Cabaret. W. H. Johnson, solicitor, appeared for the applicant as did also the applicant in person, but they were unable to create any further impression on the board. After a long time had been taken by Mr. Johnson in explaining the situation and affidavits had been produced to the effect that H. E. Ross had nothing to do with the application, a vote was called for, Aldermen Perry and Murray voting for granting the application and Aldermen Rochester, McLennan and Kerr voting against it. Another application from the Knox Hotel, Limited, per Thor Johnson, manager, was then read and on this one the council came to a deadlock. Ald. Rochester moved that the license be not granted and Ald. Kerr moved that it be granted but there were seconders for neither motion. Finally on motion of Ald. McLennan, seconded by Ald. Murray, the matter was laid over for a week.

the fighting Gladiators of ancient Rome healed their wounds and sores with rare herbal oils and balms. These are said to have knitted the damaged tissues together in miraculous fashion.

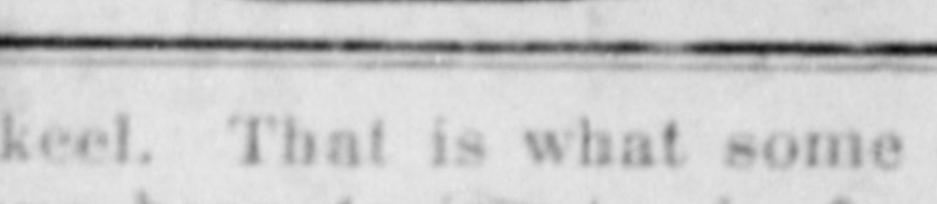

Though the highly prized secrets of those precious healers were lost with the fall of Rome itself, the introduction of the great herbal balm Zam-Buk, has furnished their true successor. It is so marvellously like them in action.

The soothing and healing touch of Zam-Buk is to-day known the world over. Wherever there is a Cut, Burn or Scald, a Festering or Poisoned Sore, a patch of Eczema, Salt Rheum, Pimples or Rash, Zam-Buk cures the trouble, once and for all. The same with Ulcers, Ringworm, and Piles.

Nothing else known to Science performs such marvellous healing, or dispels disease from the tissues so thoroughly as Zam-Buk does. This is due to its pure herbal character and origin. Its absolute freedom from the mineral salt and mineral found in present-day ointments is another valuable feature.

With production costs at high-water mark, the price of Zam-Buk remains at 50 cents. At the old price you still have the same high standard of cure and healing value. Increased world-wide demand allows this.

HEALTH FIGURES IN CITY SATISFACTORY

Nine Births, Two Deaths, One Infectious Disease and One Mental Case Reported.

According to the report of the medical health officer presented at the council meeting last night there were nine births and two deaths in the city last month. There was one infectious disease, measles, and one mental case. Milk was examined, one sample being up to standard and the other under. One carcass of meat had been found in bad order and had been destroyed.

The sanitary inspector's report showed that things were in general healthy condition about the city. There were 160 loads of garbage handled. During the fair time the department had been somewhat overworked, so extra help had been hired.

AGAINST PROHIBITION.

Editor Daily News.— I have read with interest your story of Dr. Grant's lecture and also your editorial on Resources' advocacy of government control. I have done my best to point out the trend of our prohibition laws, back of which you claim are the most respectable business men of the community.

As Marc Anthony says: "They are all honorable men." Before the fall of Phoenicia, I have no doubt the same cry went up. Nero as the leader of the respectable group burned Rome. The French Revolution, Garibaldi in Italy, Britain's Magna Charta, and Russian revolution were all forced by the respectable people of their times. Here in Canada, the respectable people fought for the old "family compact."

The prohibitionist seems to fail to take into account human nature. Every tribe in the world has manufactured some alcoholic drink since before time began. All efforts so far have failed to do anything except make it more desirable.

The prohibitionist who desires to rob me by force of law of the rights God has given all men, is talking treason.

Dr. Grant has the right to drink or not drink. He has no right to say that anyone shall drink or not drink. I have the right to attend church or stay away as I choose, but I have no right to force anyone else to attend or not.

Both Dr. Grant and myself have the right, if we feel so inclined, to express our views and even to try to influence by reason to do as we do, but we neither have the right to force anyone to do as we wish. The community has the same right, but the community has no more right to force un-

EXAMINATIONS FOR THE POSITION OF ASSISTANT FOREST RANGER.

Object.— These examinations are for the purpose of filling present vacancies and to enable candidates to qualify for future vacancies and increases in staff.

Assistant Forest Rangers.— Assistant Forest Rangers are employed during the fire season (May to September inclusive) of each year and this period is extended where possible by working on improvements such as trails, etc. Re-appointment is made each year as long as satisfactory service is given. Travelling expenses are also paid.

ELECTORS:

YOU are already heavily taxed and the whole Province is crying out for schools, hospitals and roads. Are you prepared to submit to heavier taxation to support an army of Const Guardsmen, Preventive Officers, detectives, and stool pigeons in a fruitless endeavour to enforce an Act which has not as yet been successfully enforced in any country in the world?

Do not be led astray by the emotional arguments of paid professional purists. The United States Federal Government has appropriated over \$14,000,000 in a futile effort to enforce Prohibition, irrespective of vast appropriations by individual States and heavy municipal expenditures, amounting to millions more. Buy any American paper and see for yourself whether their prohibitory law prohibits.

On the statement of the Premier made at Revelstoke on the 6th of October, 85 per cent of the responsibility of the enforcement of the present Prohibition Act rests upon the Municipalities.

IF YOU CALL THE PROHIBITION TUNE, DON'T COMPLAIN IF YOU ARE ASKED TO PAY THE PIPER.

necessary restrictions on one man than that one man has to force his desires on the community. Kaiser Bill tried it on the world. Might is not right and never will be, and when the respectable people of a community allow themselves to be led astray by the worship of false gods, they usually get it in the neck for force breeds force.
