

## LLOYD GEORGE AND TYRANNY

Letter to Candidate at Ilford Gives Interesting Light on British Events

A letter recently written to a Unionist candidate at Ilford by Premier David Lloyd George gives an interesting side light on the conditions in Great Britain and the way in which these conditions are viewed by the greatest statesman of the day. The letter follows:

"Dear Mr. Wise—I rejoice to hear of your resolute fight at Ilford for the supremacy of Constitutional Government. The British democracy has nothing to gain and everything to lose by abandonment of constitutional methods by means of which, during the last twenty years, it has been freed from the material hardships and anxieties entailed by long hours, low wages, old age, ill-health and unemployment; has gained other numerous advantages and now controls the powerful lever of a very wide franchise whereby it can give effective expression to its aspirations in a land than which there is no freer under the sun.

### Lost in Night

"In no country does Labor enjoy conditions comparable to those that obtain in this country. If the extremists in the Labor party were to get their way the solid attainments of a generation would be lost in a night. My unflinching faith in the good sense and judgment of the British nation, however, gives me confidence that counsels of prudence and wisdom will prevail. Soviet Government in Russia has reduced that country to conditions that remind one of the Dark Ages. Property is confiscated and Labor is enslaved. The lot of workers is worse than ever before. Their houses are haunted by hunger and such freedom as they enjoyed under the old despotism is completely taken away by the new tyranny.

"This country must withstand all those forces which menace its existence. The electors of Ilford cannot afford to throw away their votes on side issues of more or less moment, but should concentrate on a great and overwhelming attack on forces of unreason and disorder by voting for the Government candidate and returning you as their member."

### Moderates Stamped

Mr. Bonar Law has also written wishing Mr. Wise success. He says that for the moment even the moderate leaders of the Labor party have been stamped by the extreme section and by the Council of Action, and in other ways are making a claim that control of the policy of the country should be in the hands of a section and not directed by the chosen representatives of the whole nation. No issue could be more direct or more vital than this, and he feels confident that the electors by returning Mr. Wise at the head of the poll will show clearly what their view on this controversy is.

The contract for kalsomining the General Hospital has been let to Bell & Grossett. A protest from Fred Seaden on his tender, the lowest, not being accepted was referred to the house committee by the Hospital Board last night.

## Colds & Common Sense

You have a cold, or your child has a cold; a cough; a tight feeling across the chest; a soreness in the breathing tubes.

In the past how have you treated such? You have bought some cough mixture, and swallowed this down into your stomach. Now, why? Your stomach was not ailing; and there is no direct connection between your chest (where the trouble is) and your stomach! Then why swallow into your stomach any mixture when the trouble is in your lungs and bronchial tubes?

It's a mistake; and Peps is the remedy provided to correct this un-commonsense treatment. Peps are little tablets, which contain highly beneficial Pine essences, combined with other medicinal extracts. These healing extracts are so prepared that as soon as you put a Peps into your mouth they are liberated in the form of healing vapors. You breathe these vapors down to the throat and lungs, and thus treat the organs that are inflamed, direct. In a way, it is like breathing from a vaporizer or bronchitis kettle, except that there is no apparatus needed, the little Peps providing everything needful for the treatment! The very small portion of Peps which you swallow has a slightly tonic effect upon the stomach and does you good, but the use of Peps is not for stomach troubles, but for lung, throat and bronchial troubles. Peps relieve these as no ordinary treatment can.

Children like Peps and they are best for the little ones because Peps contain no morphine, laudanum or other poison found in so many of the old cough mixtures.

Druggists and stores everywhere sell Peps 50c. box or from Peps Co., Toronto, for price. Remember the name—four letters only:—

## Ten Years Ago in Prince Rupert

October 15, 1910

Rapid progress is being made on the demolition of the G.T.P. Hotel Annex to allow for the continuing of Second Avenue grading operations by S. P. McMorde.

Over 150 dancers took the floor at the McIntyre Hall last night. The hall was supplied free by Brin Bros., music by Gray's orchestra and dishes and furnishings by F. W. Hart. Among the ladies responsible for the great success scored are Mrs. A. M. Manson, Mrs. Fred Stork and Mrs. C. H. Sawle.

Over \$100,000 is being offered for the capture of the dynamiters of the Los Angeles Times building.

An alleged scheme for the assassination of President William H. Taft has been reported at Millbury, Massachusetts. Miss Delia C. Torrey, aunt of the president, is the informant, a strange man having told her.

The bald pate of Mount Morse was this morning covered with snow, a sure sign that winter is coming soon. This is rather later than usual but not as late as in 1916.

As a means of warning in case of fire the Hospital Board has decided to install a set of handbells at various convenient places in the building.

## MACK SENNETT DOWN ON FARM

Amazing Manner in Which Farmyard Denizens Perform Parts Shown Tonight.

Tonight at the Westholme Mack Sennett's "Down on the Farm" is to be shown with all its freshness and novelty. Critics everywhere throughout the country have praised this production "to the skies," placing it in a class all its own, as a production that reaches the greatest heights that have ever been reached by a producer of comedy spectacles.

Every resource of the enormous Mack Sennett studios in California are involved in the results of this production; every means that was ever contrived in a studio to bring merriment to motion picture lovers has been brought into play and every incident that is brought about by the story which is laid on a real honest-to-goodness farm in the inimitable manner in which none other but a Sennett could do, brings forth results that are thrilling, comic, hilarious, farcical and furiously funny.

Astonishing in the extreme is the wonderful manner in which Mr. Sennett succeeded in training the birds and beasts of the farm to act the leading roles in this production. A dog, a cat, a cow, a flock of turkeys, ducks, geese, and chickens, all lend themselves to parts in the production in a way that has never before been accomplished. The work of these creatures of the farm is of such a calibre that every audience becomes amazed at the manner in which they perform.

## OIL WELLS NOT YET GIVING RESULTS IN PEACE RIVER COUNTRY

EDMONTON, Oct. 14.—There are all sorts of conflicting reports from the oil wells in the Peace River, but authorities agree that, while there have been oil strikes, there are no wells yet from which the flow is sufficiently large to make them profitable.

Authorities agree that there is an oil field there, but the doubt is as to who will find it and when. Boring operations will soon close for the winter.
