SMITHERS MAN DIES AT GENERAL HOSPITAL

Samuel McCawley was Native of Kentucky, a Miner by Profession.

The death occurred at the General Hospital this morning of Samuel McCawley of Smithers, B. C., at the age of 83 years, a miner by profession. He was a native of Kentucky and has a son, J. L. McCawley, at Smithers, who with Mrs. McCawley is in the city now and is arranging for the funeral of his father on Wednesday. The B. C. Undertakers are in charge.

Mr. McCawley was an old timer in the West and came to California 65 years ago and drifted up the coast to Walla Walla, Wm., where he met F. W. Hart. Both he and Mr. Hart have travelled over the same country since and met again in Prince Rupert, although they had not seen each other in many years. "Like the most of miners," says Mr. Hart, "he has been successful at times but has also had his share of bad luck."

Sonny Horgan NOW HAS A LOVELY SKIN

"FOR eight months my boy's face was literally covered with Eczema," writes Mrs. Horgan of 183, Manning Avenue, Toronto.

"It so pained and irritated him that he could not sleep. He was so badly disfigured that I felt ashamed to let him go out of the house. As nothing did him any good I took him to the Hospital. When the treatment there appeared to make the eczema worse I heard about Zam-Buk.

No More Eczema!

"So I got a supply of Zam-Buk, and applied it liberally and regularly. The pain disappeared and the irritation was wonderfully allayed. Soon healing began, and as I continued the Zam-Buk treatment the disease gradually disappeared until in time my boy's skin was perfectly clear, healthy and smooth."

Zam-Buk is equally good for Ulcers, Abscesses, Ringworm, Boils, Fissured Wounds, Piles, Burns, Cuts and Scalds. All dealers at 50c a box. \$4 for \$1.25.

THANKS TO Zam-Buk

1000 Eggs in Every Hen

New System of Poultry Keeping—Get Dollars a Dozen Eggs—Famous Poultryman

TELLS HOW

"The great trouble with the poultry business has always been that the laying life of a hen was too short," says Henry Trafford, International Poultry Expert and Breeder, for nearly sixteen years Editor of Poultry Success.

The average pullet lays 150 eggs. If kept the second year, she may lay 100 more. Then she goes to market. Yet, it has been scientifically established that every pullet is born or hatched with over one thousand minute egg germs in her system—and may lay them on a highly profitable basis over a period of four to six years' time if given proper care.

How to work to get 1,000 eggs from every hen; how to get pullets laying early; how to make the old hens lay 100 pullets; how to keep up heavy egg production all through cold winter months when eggs are highest; triple egg production; make slack-birds bustle; \$5.00 profit from every hen in six weeks; these and many other money making poultry secrets are contained in Mr. Trafford's "1,000 Egg Hen" system of poultry raising, one copy of which will be sent absolutely free to any reader of this paper who keeps six hens or more. Eggs should go to a dollar or more a dozen this winter. This means big profit to the poultry keeper who gets the eggs. Mr. Trafford tells how. If you keep chickens and want them to make money for you, cut out this ad and send it with your name and address to Henry Trafford, Suite 292-3, Type Bldg., Birmingham, N. Y., and a free copy of "THE 1,000 EGG HEN" will be sent by return mail.

TWO DANCES FOR THE PRESENT WEEK

Victory Dance Tonight and the Hospital Ball on Friday, Both Popular Events.

Two big dances are scheduled to come off this week. One of these is the victory dance of the baseball boys tonight, which promises to be well attended, and the other is the hospital ball on Friday night.

Big preparations have been made for both events. The hospital ball is an annual, and the proceeds go to the hospital funds. It is a society affair, usually the opening dress ball of the year. Many attend, however, without the formality of evening dress.

Ice-cream made with Eagle Brand has that rich flavor found in French creams. It has body—is creamy and delicious. It is also more economical than cream.

Eagle Brand is simply rich, pure milk and refined sugar—its distinctive flavor is the result of the Borden process which unites them.
